

## NU Intramural Program Offers Variety; Nineteen Sports Scheduled for This Year

By Mel Hester

Take heed, intramural participants! Fri., Sept. 22 at 5 p.m. marks the last chance for entries to sign up for horseshoes, fall tennis, golf or free throw shooting.

Whether you're a rough football player or have a dead eye with horseshoes there's a place for you in Nebraska's intramural sports program. In all activities, there will be separate leagues, tournaments or contests for fraternities, resident halls and independents.

Winners of each division will meet for the "All-University Championships. In all events, a championship trophy will be awarded to the victorious fraternity, resident hall or independent group.

Sportsmanship trophy ratings, intramural honor roll ratings and Sigma Delta Psi test events are also among

the achievements which may be achieved throughout the year.

Badminton, basketball ("A," "B," "C"), water basketball (deep & shallow), deck tennis, free throws, golf (fall and spring), handball, horseshoes (fall and spring), touch football ("A," "B"), softball, track and field (fall and spring), volley ball, gymnastics and wrestling are all offered in NU's intramural program, directed by Ed Higginbotham.

### Fall Intramurals

Competition for horseshoes will be in singles, with a single elimination tourney. Each organization may enter six men and each match will be the best two out of three games. Any University man may enter unless specifically ineligible.

Golf also gets in the spotlight. If you're not a Varsity golfer "N" letterman intra-

mural golf is available to you.

All matches will be played at Pioneer Golf Course and each player will pay his own green fee and provide his own golf equipment. The All-University Champions of 1960 were Phi Kappa Psi.

Got a tennis racket and a pair of Keds? If so, you're eligible for intramural tennis. Only singles will be played during the fall but doubles will start in the spring season. You may win trophies if you win either the individual championship or team trophy.

Basketball anyone? Though it's a little early for team play you can practice up a little on free throw shooting. If you're interested you can obtain a score card and a ball from the equipment room in the Physical Education Bldg., or at Ag College Gym. Elimination play will begin at 7 p.m., Tues., October 10th.

NEW NU CHEERLEADERS—Cheering the Huskers on this year will be (top, left to right) Leah Smith, Mitchell, S.D.; Karen Pfisterer, Omaha; Jeanne

Thorough, Lincoln; Jerry Harvey, Lincoln; Ed Lyman, Omaha; Louie Burkel, Beatrice; Gary McClanahan, Scottsbluff and Doug Buschow, Norfolk.

### Physicals Tonight

Physical examinations for all men interested in participating in inter-collegiate sports for this school year will be given tonight at 7 p.m. at the Student Health Center, according to Paul Schneider, head trainer.

### Cobb's Status Unknown

Archie Cobb's draft status is still unknown, according to Coach Bill Jennings, but he plans to use the 26-year old punting specialist in Saturday's game. Cobb has been trying to obtain a deferment, from being drafted into service Oct. 1.

## Sport Shots

By Bullet

Nebraska's football fortunes, 1961 edition, begin tomorrow and all signs point toward a successful beginning.

Nebraska should down North Dakota with the Husker depth being the big factor. NU, with its two-deep lineup combining veterans and talented sophomores, should open the '61 season with a victory.

Let's call it NEBRASKA 30, NORTH DAKOTA 7.

### Big Eight Games

This is the first big collegiate football weekend. All but two of the Big Eight teams, Colorado and Oklahoma, are in action. Last week this corner hit on 11 of 13 picks but things look tougher this week.

IOWA STATE 14, OKLAHOMA STATE 7—Iowa State after escaping with a 21-0 win over Drake last week, gets the edge on the basis of one game played, a home field and key injuries which have hurt the Cowboys this fall.

MISSOURI 24, WASHINGTON STATE 14—Missouri Coach Dan Devine seems to have found the hallbacks to replace graduation losses and Missouri should overpower the Cougar air attack.

KANSAS 27, TEXAS CHRISTIAN 12—Jayhawks, with the top backfield in the Big Eight, should win by two TDs at least.

INDIANA 21, KANSAS STATE 0—Battle of cellar teams of Big Ten and Big Eight should go to Hoosiers.

### Other Games

Here's a stab at some other Saturday clashes—UCLA 30 Air Force 13, ARIZONA 28 Colorado State 0, ARMY 26 Richmond 12, BAYLOR 19 Wake Forest 6, CINCINNATI 14 Boston College 13, TEXAS 23 California 7, FLORIDA 13 Clemson 3, ALABAMA 24 Georgia 8, MIAMI (FLA.) 17 Kentucky 14, ARKANSAS 13 Mississippi 12, OREGON 27 Idaho 7.

SYRACUSE 16 Oregon State 13, PENN STATE 30 Navy 6, LSU 14 Rice 8, MARYLAND 22 SMU 7, DUKE 19 South Carolina 6, STANFORD 22 West Virginia 13, 14 Texas A&M 12, VANDERBILT 22 West Virginia 13, WISCONSIN 21 Utah State 6, NORTH CAROLINA STATE 29 Wyoming 19.

## Extra Point Club Drive in Full Swing

### Ten Percent Cut Given to Sellers

By Bob Besom

The annual Extra Point Club drive is in full swing today on the Nebraska campus.

Several of the University Greek organizations are pushing the dollar-a-button campaign which in the past year played a major role in keeping the 1961 athletic grant-in-aid program in the black.

Dick Russell, Vice President of the fund-raising club, said a high fidelity recorder and social-program contribution offered by the organization is prompting staff selling competition among the sororities and fraternities.

He added that other interested organizations and houses are invited to enter the race which will continue until the September 30 grid-iron clash with Arizona.

A ten-per-cent cut of the net sales by each organization

Nebraskan Sports

will be contributed to its social fund.

The Extra Point Club, cohort of its older and richer brother, the Touchdown Club, has collected over \$24,000 during its last four campaigns. Twenty-five thousand is the goal for the 1961-62 programs.

This is the fifth year for the Extra Point Club at Nebraska. The funds are primarily devoted to football but are also used in part to expand the other nine intercollegiate sport programs.

The Club was organized in 1956 when it was found that many Husker fans wanted to help the grant-in-aid efforts.

CONTROL SYSTEMS:  
ORDERS FROM A COMPUTER  
NOW CONTROL  
GIANT OIL REFINERY UNIT

Every 24 hours, the world's largest distillation unit separates crude oil into ten different categories which end up as six million gallons of finished products.

This involves continual monitoring of 250 instruments, followed by precise balancing of controls. To operate at peak efficiency, control directions are changed many times daily to compensate for a multitude of variables.

The IBM computer that took over this job now reads the instruments, makes the calculations, and issues the orders for the control changes. It is guided in its work by over 75,000 instructions stored in its electronic memory.

Just a few years ago electronic control of such a complex industrial process would have been impossible. But such is

the progress in computer systems that in the sixties it will become commonplace.

This dramatic progress means exciting and important jobs at IBM for the college graduate, whether in research, development, manufacturing, or programming.

If you want to find out about opportunities in any one of these areas, you are invited to talk with the IBM representative. He will be interviewing on your campus this year. Your placement office can make an appointment. All qualified applicants will receive consideration for employment without regard to race, creed, color or national origin. Write, outlining your background and interests, to: Mgr. of Technical Employment, Dept. 898, IBM Corporation, 590 Madison Avenue, N. Y. 22, N. Y.

You naturally have a better chance to grow with a growth company.

IBM

IBM will interview Oct. 17, Oct. 18.
