

NU Gridders Prepare for Orangemen

Jennings Calls Game 'Big One' for Huskers; Orange Have 2-1 Mark

By Dave Wohlforth

"This is the big one—a true test," said Coach Bill Jennings when questioned Monday about the Nebraska-Syracuse football game Saturday.

"That one-point loss to Maryland will make Syracuse two touchdowns tougher," Jennings said in reference to Maryland's 22-21 upset victory over the Orangemen last week.

"We know Syracuse has one of the fine teams in the land and All-America halfback in Ernie Davis who earned this honor as a junior. We will have to improve offensively if we expect to keep our unbeaten record," Jennings reported.

The NU head mentor tabbed the Orange as "the biggest, strongest team in the country," and said he was impressed with Syracuse fullback Gary Fallon, as well as the highly touted Davis and quarterback Dave Sarette.

Coach Ben Schwartzwalder's Orange will be the heaviest team the Huskers have faced this year. The starting Syracuse team will average 212 pounds per man compared to 210 for Nebraska. The game will be the first in which NU has not had a heavy bulk advantage over the opponents.

The Syracuse front line averages 220 per man and the

backs 199. Nebraska's first unit against Kansas State averaged 212 pounds per man on the line and 196 among the backs.

Syracuse, a perennial Eastern power, has won two and lost one this year. The Orangemen downed Oregon State 19-8 and blasted West Virginia 29-14 before losing to Maryland.

Syracuse will be minus their captain and starting right halfback Dick Eastery, who suffered a broken bone in his left hand in the Maryland game.

Left halfback Davis is the big guy in the Syracuse attack. Coach Schwartzwalder has made this comment about his 210-pound senior back, "We don't think we go too far out on the limb when we say that Ernie is the best running back playing college football today."

Bolstering the Syracuse line will be interior linemen John Brown and Tom Spillett. Brown is a 230-pound tackle and Spillett is a 220-pound tackle, but both line up on the right side in Syracuse's unbalanced split-T attack.

The Syracuse team, accompanied by the cheerleaders and university officials, will arrive Friday at 11:40 a.m.

A sellout crowd is expected for the game, Nebraska's third home game of the season.

ERNE DAVIS

TOM SPILLETT

Frosh Stress Defense

By Bob Besom

Nebraska's young Huskers have showed "real good progress" working towards their initial fall battle with Iowa State Oct. 27, according to Coach Jack Braley.

The yearlings are anxious for their first competition, commented Braley.

He said the emphasis this week would be on a defense to cope with Iowa's single wing formation.

Three first-year backs were sidelined last week during a scrimmage with the varsity and another remains on the injury list after last week's practice sessions.

Tom Wolff, Gary Krohn and Jim Murphy are sitting out practices nursing minor injuries. And quarterback Willie Paschal is having trouble with a shoulder bruise. All are expected back in action sometime this week.

Coach Braley reported that Terry Rusthoven, an Omaha boy who was one of the top pilot prospects for the 1961 frosh, will have to give up University athletics because of a heart condition.

Seven Nebraska boys hold first-string positions under Coach Braley.

How the first unit stacks up:

First team — Don Goos, Mitchell, and John Lockwood, Beatrice, ends; John Strohmeyer, Lexington, and Tony Guillory, Beaumont, Tex., tackles; Duane Novak, Omaha, and Don McDermott, Harlan, Ia., guards; Carl Suplick, Crystal, Minn., center; Doug Tucker, Davenport, Ia., quarterback; Kent McCloughan, Broken Bow, and Dennis Kirby, David City, halfbacks; and Tom Wolff, Omaha, fullback.

Cornhuskers Polish Offense; 3 Linemen Listed as Doubtful

The Cornhuskers suited up Monday night and had some group contact work as they prepared for their upcoming intersectional battle with Syracuse.

Six injured Huskers were held out of the practice by Coach Bill Jennings and three may not be able to play Saturday. Dennis Stuewe, Al Fischer, Gene Ward, Rudy Johnson, Mick Tingelhoff and Bob Brown are all on the injured list and Fischer, Tingelhoff and Brown may be out Saturday.

Fischer will be out another week, according to Jennings. The 215-pound right tackle suffered a twisted knee in practice last week.

Linemen Tingelhoff and Brown, who were both important in Nebraska's 24-0 conquest of Kansas State Saturday, are on the doubtful list for Saturday. Tingelhoff has a twisted knee and Brown has both legs hurt, injuries suffered in the K-State game.

Halfback Stuewe, who did not play against the Wildcats after shining in Nebraska's 14-14 tie with Arizona, is still hobbled by a sprained ankle but should be ready to play Saturday, Jennings said.

Fullbacks Ward and Johnson, who both suffered charley horses, will be out a couple of days.

Jennings main problem this week will be to get the Husker offense clicking. Nebraska has had only one long offensive drive all year, that a 79-yard march in three long-gainer plays against K-State.

"Offensively we've got a lot of work to do. Our defense scored for us against Kansas State. We scored on a long run and three defensive scores," Jennings commented.

Reviewing the K-State game, Jennings stated, "Our defensive play was aggressive and effective. (Kansas State

was held to 105 yards rushing and completed one of five passes for 12 yards.)

"Our offense is still sputtering. We stop ourselves too many times by having passes intercepted or linemen down the field on our completed passes."

Jennings had special praise for linemen Bob Jones, Gary Toogood, Brown and Ed Mitchell for their performances against the Wildcats.

"Mitchell played well in his first start," he said and added that Brown played his best game, especially defensively.

Jennings reported that Ross' fine performance at Manhattan (scored three touchdowns and gained 10 yards) has earned him a starting berth and said that Warren Powers will also be ready to play right half, along with Ross, Stuewe and Bernie Clay.

Dick Callahan played "real fine" as the number two Husker left halfback, Jennings said.

NU Soccer Team Wins Opener 7-6

The Nebraska soccer team won its initial game of the fall season last weekend 7 to 6 over the Royal Air Force Detachment of Offutt Air Force Base.

The Huskers cashed in on an early three goal lead to start the season on the right foot.

Victor Smith and Dennis Kevill each racked up three goals and Miguel Gomes was credited with the other

Twenty-One Intramural Grid Teams Undefeated

By Mel Hester

With the first two weeks of intramural football over, the first of the complete league standings have been posted.

In the Fraternity 'A' leagues, Phi Kappa Psi, Theta Xi, Alpha Tau Omega, Phi Gamma Delta, Ag Men, Alpha Gamma Rho, Sigma Alpha Mu, Cornhusker, and Delta Sigma Phi hold the top spots in the leagues. Phi Kappa Psi, Theta Xi, Delta Sigma Phi have all posted perfect records with two wins and no losses.

Leading in the 'B' Leagues are Phi Kappa Psi, Beta Theta Pi, Alpha Tau Omega, and Delta Tau Delta. All four teams have won two and lost none.

Five teams reign over Burr-Selleck Resident Hall Houses. These five are Goodding, Gus I, Smith, Canfield and Gus II. Each league leader has a 1-win 0-loss record.

Goodding and Smith are tied for top honors in League 7-A and Canfield and Gus are tied in League 9-A.

With only five teams participating in the Independent League, Play Boys, with a 2 win 0 loss record, are leading the Independents.

Monroe Out For Season

Husker assistant football coach and head scout Dick Monroe, who suffered a slipped disc in his back, is in Lincoln General Hospital, according to head Coach Bill Jennings.

Jennings said that assistant coach Cletus Fischer would scout for the Huskers the rest of the year as Monroe is not expected to return to full duty immediately.

Gale Weidner. Weidner's magic arm, alone, defeated Kansas Saturday afternoon.

Colorado, however, will be distracted from Conference play next weekend when they put their 2-0 record on the line against Miami — the team which snapped Navy's back Friday night, 17-6.

Kansas must try for win No. 1 against Iowa State at Ames while Oklahoma State is at Missouri and the Sooners travel to Austin for the an-

Surprises should soon go out of style in the Big 8 conference, which has already shouldered more than its share of upsets during the past weekends.

Nebraska, Oklahoma State and Iowa State dismayed experts in the latest games. And Missouri, high-rated nationally, got a black eye mustering nearly a 14-14 tie with California.

The Huskers sent previously unbeaten and impressive K-State to complete ruins 24-0 at the Wildcat stomping grounds.

Oklahoma State ran wild for win number one over Tulsa. The Oklahomans shot the tally to 26-0 before the final gun.

And Oklahoma U. waited too long to get hot against Iowa State, which used a big first quarter to slip past the Sooners, 21-15.

Big 8 coaches may well be looking for bomb shelters for protection from Colorado's

CONTROL SYSTEMS:
ORDERS FROM A COMPUTER
NOW CONTROL
GIANT OIL REFINERY UNIT

Every 24 hours, the world's largest distillation unit separates crude oil into ten different categories, which end up as six million gallons of finished products.

This involves continual monitoring of 250 instruments, followed by precise balancing of controls. To operate at peak efficiency, control directions are changed many times daily to compensate for a multitude of variables.

The IBM computer that took over this job now reads the instruments, makes the calculations, and issues the orders for the control changes. It is guided in its work by over 75,000 instructions stored in its electronic memory.

Just a few years ago electronic control of such a complex industrial process would have been impossible. But such is the progress in computer systems that in the sixties it will become commonplace.

This dramatic progress means exciting and important jobs at IBM for the college graduate, whether in research, development, manufacturing, or programming.

If you want to find out about opportunities in any one of these areas, you are invited to talk with the IBM representative. He will be interviewing on your campus this year. Your placement office can make an appointment. All qualified applicants will receive consideration for employment without regard to race, creed, color or national origin. Write, outlining your background and interests, to: Mgr. of Technical Employment, Dept. 898, IBM Corporation, 590 Madison Avenue, N.Y. 22, N.Y.

You naturally have a better chance to grow with a growth company. **IBM** IBM will interview Oct. 17, Oct. 18.
