

# Romance Raid Sweeps Across Campus

## H from H...

By WENDY ROGERS  
Tiny, pink-faced and angelic, the impish cherub of all lovers makes his annual romance raid on demure University coeds and strong stalwart NU cassanovas . . .  
For some centuries now, Cupid has paid an annual visit to lovers in every corner of the globe. His special day, in early spring, has been the occasion of a lovers' festival since before Chaucer wrote in his Parlement of Poules, "For this was on Seynt Valentines day when every foul cometh ther to ches his mate."  
Since the end of the 19th century, Cupid and his love aided the timid in their love-making.

For the extremely tremulous, an anonymous valentine may be the first big step . . .  
**Carillon Tower**  
Meanwhile, back to our roly-poly red-faced romanticist — "Hmmm, Carillon Tower's in sight, shouldn't be too long now."  
"Strategy's gone pretty well so far — I really scored high on the big step — 9 engagements this week — it was pretty hard work, though, had to hop those big brave bullmoose cowards on the head first, then give them the heart shaft. A lot of work, but worth it I guess."  
"Let's see now, scored pretty well on the pinnings

too! Used eight special red heart-shaped arrows. What? Oooo yes! That guy named Bullet — took two arrows. Boy he fell hard!  
"What was it that tall blonde girl kept shout-whispering through the panel? 'Psst . . . hey . . . when do I come out?'  
"Well, the Pillars are in sight. Since this is such a special time, traffic there ought to be pretty heavy. Yup!  
"O . . . h, he kissed her, wasn't that sweet? Whoops, she kissed him back. Look at him run, the coward! Have to fix that.  
"Pffft!  
"Ha — look at him now,

there goes a lavalere.  
"Think I'll zip over to the girls' dorm. It's nearly closing hours, the bewitching hours — er — minutes. Wow! Those freshmen! Glad I started early this year.  
**Sororities**  
"Now for the sorority houses. I doubled the Valen-

time order this year, so that should help. Don't want any tearful Tessies tonight."  
After several final checks on Lincoln girls, our empty-quivered ageless love i m p s slips quietly into the soft darkness of time.  
But don't worry, cassanovas, he'll be back again next year.

## Fog Does Not Obstruct Romances
