★ ★ ★ NU Greek Week Is IFC Topic

Greek Week took up the majority of the IFC meeting Wednesday night, as plans were laid, suggestions made and cooperation was asked for.

Roger Anderson announced the schedule and the details that go with Greek Week and mentioned that every Greek's cooperation was needed to make it a success.

Vicky Cullen, of the Panhellenic Greek Week committee, said that all of the girls were enthusiastic and working hard.

Harold Goff, chairman of the Lincoln chapter of the Multiple Sclerosis Society spoke to the meeting and explained the organization of the drive which all of the Greeks will take part in during Greek Week.

There was also debate over the dress of the people taking part in the drive. A motion recommending the various fraternity sweatshirts was soundly defeated, as well as one stipulating the dress as coat and tie. The question is still undecided.

A motion was passed which cleared up an inconsistency in the constitution and by-laws.

"Let's Dance," the University Orchestral presentation, will be held at 8 p.m. tonight at the Howell Theater. The show will feature choreography by the members, which will include a wide range of dances from African Primitive to Modern Jazz. The above picture shows the third act of the show, "Carnival," which consists of ponies, a ringmaster, chorus, etc. Pictured from left to right: Joyce Burns, Sheryl Travis, Joan Rockwell, Julie Hille, Kathy Allen, Linda Reed and Linda Crocker.

As I See It

(Continued from page 2)
a college degree. They are, I think, looking in greater numbers for something personal and meaningful.

In order to hold interest for incoming students of a higher caliber, fraternities must continue to re-evaluate themselves, to make greater efforts to live up to their ideals. We must distinguish between aspects of fraternal life we have held in the past which possessed no genuine value, and those which do. We must not hesitate to discard childplay.

On the other hand, we will not find ourselves in the defensive position we now occupy if we will accept the responsibilities which accompany our position of privilege. We must serve ourselves, our families, our University, and our community by making a sincere effort to develop our talents and unselfishly aid causes greater than our own.

I submit that the unity we pride ourselves in as Greeks will be richer when we try harder to base it on mutual respect for diversified talents. I submit, too, that if we apply the idealism of our pledge manuals and rituals, we will indeed be the bastions of Democracy and the servants of our society as leaders of society, which it is our goal to be. Let's have a good Greek Week.

Baby chicks can't talk — we know that. But we wonder what this little chick would think if chicks could think? Probably he's bewildered... a great big world... great big problems... an orphan already... and hungry! Yet, there's deep meditation here. Man is often like that little baby chick; bewildered, confused, wondering... especially those on the threshold of a new life or venture. We don't know all the answers, of course, but we do know some! We do know how to reach our Creator (PRAYER), how He reaches us (BY HIS GRACE). We also know that the most serene place for such communion with the Creator is in church. Here you'll find many answers to many problems. It's worth a try, isn't it?

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
