Ice Cream? Dorms Gulp 125 Gallons

By BOB RAY
 Ag News Editor

University dormitory residents consume one hundred thousand pounds of dairy products each month according to Kay Nilson of the Dairy Industry milk lab.

"During vacations when a lot of students have gone home," said Nilson, "we make cheddar by the hundred weight."

Cottage cheese is made in three hundred pound batches each weekend, he added.

The three thousand dorm residents eat about 125 gallons of bulk ice cream a week—and that's only vanilla and chocolate. The milk lab also makes other flavors, said Nilson, but not in wholesale lots.

"We usually don't make a lot of special flavors such as Orange Velvet unless we get an order for it," he noted.

The University makes only small amounts of its two dozen special flavors and these are sold through the retail store on the south side of the Dairy Industry building. "Our retail business amounts to only two percent of our volume," commented Nilson.

The milk lab's sole function is not providing the campus with dairy products, however. The department has a three year grant from the American Dairy Association for study of water-soluble vitamins in cheese.

"Not much work has been done with the water-solubles," stated Nilson, "because they are so hard to assay." "They occur in very small amounts—in order to get a trace of B12, I have to dissolve 40 grams of cheese in 400 milliliters of water."

NU Coed Wins Stereo as Prize For Ticket Sales

Rosella Lang, junior from Ord, is the winner of a stereo set given by the Lincoln Community Concert Association to the person selling the most Community Concert memberships on the campus.

Miss Lang sold 140 memberships.

Sales competition ended Wednesday. The concert membership drive terminates today with tickets on sale in the Union Program office.

Runners-up in the sales competition were: Nancy Sorenson, who receives a transistor radio; and Jean Lundgren, recipient of ten to fifteen dollars worth of records of her choice.

Lincoln's 1962-63 concert series will feature the Rapsodia Romina, the Romanian entry at the Seattle World's Fair; Eileen Farrell, world-famous Metropolitan opera soprano; Jose Greco, well-known Spanish dancer; the Robert de Cormier singers, formerly associated with calypso-recording artist Harry Belafonte; and the Cincinnati Symphony Orchestra.

RECEIVES \$1,000 — Robert L. Scheffler (left), senior in mechanical engineering from Madison, receives a \$1,000 Goodyear Foundation scholarship from D. R. Remigio (center), while Cancellor C. M. Hardin looks on. The University is one of several colleges selected by the Goodyear Foundation to participate in its aid-to-education program.

"Where Campus Friends Meet"

NEXT TO NEBR. BOOKSTORE

Larry is a fullback. You ought to see him finding those holes in the line... driving off tackle... slashing through the secondary. Oh, Larry has scored a dozen touchdowns!

But he can't kick an extra-point! The cross-bar is too high, the goal posts are too far away.

Just give Larry a year or two—with lots of practice. Then we'll win those close ones... 7-6... 14-13... 21-20!

Never worry about failure when its cause is being overcome. Don't lower the goal... keep trying. Grow stronger. You'll reach it!

That's one of the lessons of life that Larry has learned on Sundays when he goes to church with his family... one of many lessons that help us achieve our best every day of the week.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
