

Wildcats Visit Stadium Against Undeclared NU; Huskers Make Changes

It hasn't been since 1933 that the Huskers have won their first five games in the season, and Nebraska has a good chance of doing so against Kansas State this Saturday in Memorial Stadium.

The Wildcats come to Lincoln without a win, and haven't, as yet, scored a point.

Changes in the lineups have been the order of the day for the Huskers.

John Kirby and Al Fischer have moved up to the No. 1 unit after their fine showing in last week's game against North Carolina State.

Kirby, Fischer Move Up

Kirby, a junior from David City, is running at the left guard position and Fischer, 215-pound senior, is at right tackle on the starting unit.

Lyle Sittler, who has been hampered by injuries all fall, has moved to the alternate unit at center.

Moving onto the alternate unit at left tackle is Larry Kramer from Austin, Minn.

Chance Given

"We want to strengthen the positions and want to give

some of these fellows a chance," said Coach Bob Devaney concerning the switch-

In the injury department the wounded are fairly well healed with the possible exception of Bill Thornton and Gary Toogood.

John Vujevich and Bill Rogers, a soph guard from Chicago, missed practice yesterday due to sprained ankles.

Work on Defense

Yesterday the Huskers worked on the defense they will use against the Wildcats.

George Kelly, who scouted Kansas State, said: "If our lads thought they got hit last week, wait until those Wildcats come here Saturday."

Kelly tabbed Willis Crenshaw of K-State as the "hardest running fullback we have faced," and tumbled halfback Joe Searles as "a fast back and a good pass receiver."

There are plenty of reserved stadium seats remaining for the Kansas State-Nebraska game Saturday, according to Ticket Manager Jim Pittenger.

NU Aces Are High

Nebraska continued as the Big Eight's No. 1 ground gainer this week by combining the most surprising aerial attack in the conference with a powerful ground game.

The passing of quarterback Dennis Claridge, accounted for 184 yards in the Husker's close call with North Carolina State.

Nebraska has now amassed 923 yards on the ground and 616 in the air for a total of 1,539. Kansas remained in the runner-up spot with 1,218 and Missouri moved up to third with 1,152.

Claridge has completed 32 of 55 for 453 yards to retain his hold in passing. Colorado's Frank Cesarek and Larry Ethridge form the second and third positions, respectively.

In pass receiving Husker Jim Huge forged to the top spot by receiving 12 catches for 219 yards.

Kansas Meets Oklahoma In Top Conference Clash

By BOB KRALL
Sports Staff Writer

On Saturday, for the first time this year, all Big Eight teams will be involved in the family feud to pick a conference champion.

The game which will have the most bearing this weekend is Oklahoma's meeting with Kansas at Lawrence. This could be one of the most evenly contested games of the season, not only conference-wise but nationwide.

An Oklahoma win might make the Sooners favorites to win their first championship since the Big Seven became the Big Eight.

The Sooners play both of the other serious contenders, Nebraska and Missouri, late in the season at Norman, when the Sooner sophomores should have learned their lessons.

Kansas 3-1

Kansas has won three and lost one, while Oklahoma is one and two. However, the Sooners have played better opposition—beating Syracuse, 7-3, but losing to Notre Dame, 13-7, and to Texas, 9-6.

The Sooners and the Jayhawks are strikingly similar in several respects. Both teams have solid defenses with excellent punters. Kansas has held their oppos-

ition to 790 yards in four games, while the Oklahomans have given up 747 yards in three games. Oklahoma has Joe Don Looney with a 43 yard punting average and Kansas has Tony Leiker who has a 40.4 yard average.

Sayers Leads League

Both teams use the aerial sparingly, but both have an outstanding rusher. Kansas features Gale Sayers, who leads the conference in rushing with 403 yards and a 6.1 average. The Sooners counter with Texan Looney, who is 7th in the conference in rushing after only three games with a 5.8 average and 208 net yards.

In a game of conference unbeatens, Oklahoma State meets Missouri at Columbia. The Cowboys had fun last week against Colorado with their newly discovered offense and the Colorado defense is only in numbers.

In Lincoln, the Cornhuskers will be trying for their fifth win and, at the same time, trying to prevent, for the fifth time this season, the Kansas State Wildcats from scoring.

Colorado vs. I-State

In the fourth game, Colorado will be in Ames to play Iowa State. If the Cyclones should lose, it would be the first time a Cyclone team has lost four in a row since Coach Clay Stapleton came to Iowa State.

ON CAMPUS—1129 R ST. HE 5-2502

SPACE, MISSILE & JET PROJECTS AT DOUGLAS

have created outstanding career opportunities for **SCIENTISTS and ENGINEERS**

B.S. degrees or better

Assignments include the following areas:

- Servo-Mechanisms**—relating to all types of control problems
- Electronic Systems**—relating to all types of guidance, detection, control and communications
- Propulsion**—relating to fluid-mechanics, thermodynamics, dynamics, internal aerodynamics
- Environmental**—relating to air conditioning, pressurization and oxygen systems
- Human Factors**—analysis of environment affecting pilot and space crews, design of cockpit consoles, instrument panels and pilot equipment
- Heat Transfer**—relating to missile and space vehicle structures
- Structures**—relating to cyclic loads, temperature effects, and the investigation of new materials, methods, products, etc.
- Aerodynamics**—relating to wind tunnel, research, stability and control
- Solid State Physics**—relating to metal surfaces and fatigue
- Space vehicle and weapon system studies**—of all types, involving a vast range of scientific and engineering skills
