

Three Repeat on All-University Team

Mythical IM Squad Led by Two Delts

By AL SPORE
Sports Staff Writer

Three men, Joe McWilliams, Tom Johnson and Charlie Arazumi, all off last year's All-University intramural football selections succeeded in cracking this year's Daily Nebraskan squad.

The team, chosen by intramural managers of various organizations, has representatives from all factions of IM play; dorm, independent and fraternity teams.

Delta Tau Delta, All-University champion, was the only team to place two men on the squad with repeated McWilliams at quarterback and Tom Nystrom at guard.

Two players, Johnson and Larry Lytle were also Nebraska All-University basketball selections last spring.

Tom Johnson
Johnson, 6-2, 185 pound Sigma Phi Epsilon end, is one of the three repeaters off last year's selections. The Sig Ep senior was of considerable value throughout the season and a major consideration in putting his team in second place in the ratings.

Johnson has also received recognition in basketball and tennis. The Valley graduate was honorable mention in basketball his senior year of high school and State Double champion in tennis. Johnson has lettered two years at Nebraska in tennis.

Roger Bruning
Roger Bruning was a stand-out guard on Bessey's All-Burr-Selleck champion team and monopolized most of the dorm voting for his position. Bruning, who stands 6-0 and weighs 165 hails from Bruning High School, Bruning, Neb. The Bessey ace is a senior majoring in German.

Dave McDonald
Dave McDonald, 6-2, 200 pound blocking back, was a stand-out on Phi Kappa Psi's well-balanced League 1-A championship team which lost in overtime to Delta Tau Delta in tournament play.

McDonald is a Grand Is-

land product and holds a remarkable athletic record at Grand Island High. Dave is currently under contract with the New York Yankee baseball organization.

The rugged athlete gained All-State and honorable mention All-American laurels in high school plus Conference recognition in basketball and track.

Larry Lytle
Lytle is the All-Independent champion's Dental College, contribution to the squad. The 6-1, 175 pound end hails from Chadron High where he earned Class C All-State basketball honors.

The Dent school junior was also a member of last year's All-University basketball selections.

Joe McWilliams
McWilliams was a near unanimous choice for the quarterback position on the dream intramural team.

McWilliams piloted the Deltas to the All-University championship and was a member of last year's All-University selections.

The 5-10, 175 pound senior in economics was three-sport letterman at Pius X High School. McWilliams earned team All-State Class A basketball recognition.

This is McWilliams' second time on the IM football team and he was selected to the All-Fraternity basketball team last year.

Charlie Arizumi
This year's selection marks number five for Charlie Arizumi who competed for the Beta Theta Pi team this year.

The outstanding back stands 5-8 and weighs 195 pounds. Charlie hails from Honolulu, Ha., and is a member of the Punahou Academy. He is a junior in dentistry.

Tom Nystrom
Nystrom is the second Delt selection. The 5-6, 160 pound guard was a member of last year's Nebraska gymnastics squad and lettered in three sports at Lincoln High.

The psychology major specialized on defense for the Deltas and pulled several tournament games out of the fire for the IM champs.

Marvin Specht
Marvin Specht is the second Burr-Selleck selection playing for Selleck house this year.

The 6-2, 175 center received a unanimous vote from the dorm managers. Specht is 6-2, 175 pounds and hails from Scottsbluff High. He is a senior majoring in mechanical engineering.

Delta Tau Delta Grabs Top Spot in IM Ranks

Final Ratings

1. Delta Tau Delta
2. Sigma Phi Epsilon
3. Dental College
4. Phi Kappa Psi
5. Bessey
6. Air Force ROTC
7. Delta Sigma Pi
8. Beta Theta Pi
9. Ag Men
10. Kisselbach

Delta Tau Delta, All-University intramural football champion is the number one team in this year's Daily Nebraskan ratings.

The Deltas, who placed two men on the All-University squad, swept the all-class tournament defeating Sigma Phi Epsilon, Phi Kappa Psi, Delta Sigma Pi, Bessey and Dental College to win the crown.

Sigma Phi Epsilon, competing in league 2-A with the Deltas, snared the number two spot.

Dental College, All-Independent champions, snared the number three spot followed by Phi Kappa Psi, league 1-A

champs who lost to the Deltas in an overtime in tournament play.

Bessey, the All-Burr-Selleck champions, rounds out the top five teams.

All top five squads placed at least one man on the All-University selections.

Air Force ROTC, independent runners-up, who was victim to the Dents in tournament play are in sixth place while Delta Sigma Pi, professional business administration who went into the semifinals of the tournament before meeting the Deltas, is the number seven team.

Beta Theta Pi, league 1-A runner-up, is eighth followed by Ag Men and Kisselbach ninth and tenth teams to give the top ten intramural football squads.

SUPER SMOOTH SHAVE

New "wetter-than-water" action melts beard's toughness—in seconds. Remarkable new "wetter-than-water" action gives Old Spice Super Smooth Shave its scientific approximation to the feather-touch feel and the efficiency of barber shop shaves. Melts your beard's toughness like hot towels and massage—in seconds.

Shaves that are so comfortable you barely feel the blade. A unique combination of anti-irritation agents makes Super Smooth Shave stay moist and firm. No re-lathering, no dry spots. Richer and creamier... gives you the most satisfying shave... fastest, cleanest—and most comfortable. Regular or mentholated, 1.00.

Who, me?
I've had three
interviews
already!

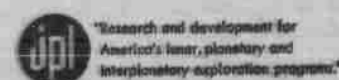

But your fourth interview might be the most important. Especially if it's with the man from JPL. That's right, Jet Propulsion Laboratory.

Calech operates JPL for NASA. Gives the place a campus atmosphere. 3500 people there. Eleven hundred of them are scientists and engineers. The rest are technicians, secretaries, librarians -- all kinds of people to back up these scientists and engineers.

JPL's job? Space exploration. Designing the spacecraft and instrumentation that'll explore the moon and planets. They want to find out what the moon is made of and

if there's life on other planets. And they will. They're a dedicated bunch. And they like their work. After all, what could be more fascinating and more challenging than the work they do?

Take a half hour or so to talk to the man from JPL. Make an appointment now. It could be the most important 30 minutes in your life.
