Heart Films To Be Shown

Four heart surgery films will be shown Sunday at 2 p.m. in the Student Union small auditorium, according to Gene Baillie, vice-president of NuMed.

These films show rare heart operations, with explanations which are understandable and of interest to students as well as medical doctors.

Baillie warned, "If you have a weak stomach, don't attend. The films show operations on a blue baby, incision into an adult patient and the replacement of the ventricle in the heart of an 8 year old boy."

The titles are "Pulmonary Venous Drainage," showing the repair of the abnormal and pulmonary vein; "Fusion Aneurysm of Aortic Arch," "Myoma of Right Atrium" showing a tumor in the chamber of the heart and "Renal Arterial Hypertension" showing a condition of hardening of the arteries.

Straight talk from Lutheran Brotherhood about student insurance

WHEN TO BUY INSURANCE. During college is an ideal time. Even though right now your responsibilities may be few, those responsibilities often pile on fast after graduation. If you've started an insurance program now—in anticipation of those responsibilities—you'll be better able to meet them.

TYPES OF INSURANCE. There are three basic types of insurance policies: (1) term, which is temporary protection; (2) whole life, which is lifetime protection with savings features; (3) endowment, which is primarily savings with protection included until the endowment matures. Various combinations of these are offered by most insurance companies.

THE COST OF INSURANCE. Don't be fooled by "bargain" insurance. You get exactly the protection and savings features you pay for—no more. Yet the earlier you take out life insurance, the lower the premium.

WHICH INSURANCE PLAN? No single plan will fit the needs of

Yes, that's a wonderful story. Maybe he'll be president some day, or like the man in the story-book. Maybe his picture will one day be shown in an historic sketch—a flashback of the life of someone famous.

It could be you. It could be your own child, or someone you know. The young have dreams, the old have visions. But, from young dreams come realities.

The greatest reality is God. He is waiting... for you. He waits in your church. Relive the dreams of long ago this Sunday... in church we call those dreams, prayers! For prayer is often but a wish, and frequently a silent "thank you" sighed to God. You can face stern realities with stronger faith, if you have that faith renewed—often.
