

Delts, Seaton II Are Indoor Track Champs

Delts Continue Surge On All-University Title

Delta Tau Delta rolled up a convincing 70.5 points to take their second All-Fraternity major sports title this year and the intramural indoor track championship. The Delts took the All-University football crown in the fall.

Seaton II is the All-Independent champion by eclipsing second place Bessey, 80-24.

Farm House edged out Phi Delta Theta for second place (53-48) in the fraternity race. Beta Theta Pi and Phi Kappa Psi finished third and fourth with 42.5 and 30 points respectively.

Gus Shaw scored all of Bessey's 24 points for their second place finish and top individual honors. Avery was close behind Bessey with 23 points for third with Hitchcock and Capital I running four, five with 19 and 18 apiece. Canfield finished sixth with seven.

Only One First For Delts

The Delts took only one first and one tie for first but added enough lower place finishes to take the crown. Wally Weeks, Delt distance freshman, took the mile in 5:08.4 and another frosh, Tom Wolf, tied for pole vault tops with a 10' 7" effort. Wolf tied with

Bob Samuleson of the Beta team.

Shaw had a double win in the Independent 60 yd. high and 60 yd. dash with times of 8.5 in the hurdles and a 7.0 in the dash. Larry Flock, Alpha Gamma Rho, was the high scorer in the Fraternity race with 15 points. Flock took one first, a :7.6 timing in the 60 yd. low hurdles.

Only two new records were established during the evening one in the fraternity competition and one in the dorm action. Warren Christian, Hitchcock harrier, posted a 4:43.1 time in the mile run to establish a new record while the Beta's Jack Cramer hit 6'2" in the high jump for the new record.

Levy, Strand Double Winners

Jim Levy and Dick Strand were the two double winners in the fraternity division. Levy, running for Sigma Alpha Mu, took firsts in the broad jump with a 21'8½" effort and the 60 yd. dash with a :6.5's clocking. Strand won the one lapper and the 440 yd. dash with times of 28.4 in the one lap and 54.1 in the quarter. Strand also anchored the winning Phi Delt mile relay team which posted a 3:58.2.

Strand and Levy tied for second in the individual fraternity honors with 14 apiece. Levy scored all of the SAM's points for their seventh place showing.

Other Winners

Other event winners and their times include: Fraternity — Shotput; Jim Beltzer, Kappa Sigma, 55' 4"; 60 yd. high hurdles, Gene Hammond, Beta Theta Pi, :8.2;

Independent — Pole Vault; Larry Shineman, Independent, 11' 3"; Shotput; Rich Czap, Avery, 53' 6"; Broad jump; Freeman White, Avery, 21' 1½"; High jump John Adams, Seaton II, 5' 6"; One lap, Bob Lord, Seaton II, :30.8; 880 yd. dash Lillis Tucker, Hitchcock, 2:03.3; 60 yd. lows Ted Vaccar, Avery, :7.5; 440 yd. dash, Dave Cook, Canfield, :52.2.

Albers Chosen Star of Week Jr. Gymnast Earns 5 Firsts

By TOM MCGINNIS
Nebraskan Staff Writer
Husker gymnast Dennis Albers has been given the Star of the Week Award for his outstanding performance

against Colorado State University last weekend.

Albers took first place in floor exercise, trampoline, parallel bars, tumbling, and still ring events. He placed

fifth in the side horse. He was responsible for nearly half of Nebraska's 80 points.

A junior this year, Albers is leading the team in points earned. As a sophomore Albers was high scoring man for the season.

Albers is a graduate of Hastings High School, where he was a three year letterman in track and gymnastics. When he started gymnastics as a high school sophomore, Albers worked out only on the trampoline. Then, according to Albers, his coach forced him to work on all the events.

He predicts that next year the team will be the strongest yet as they are losing only one senior. Albers added that next year for the first time there will be a Big 8 Championship in gymnastics and that Nebraska will certainly be after the championship.

Coach Jake Geier said that Albers as well as the team is not yet at his peak this season. He said that team members still have work to do in getting down their routines.

Coach Geier added that Denny is "right on schedule on reaching peak condition." He added that Albers has earned nearly 90 points in only two meets this season.

"Being a junior this year, Denny has lots of gymnastics ahead of him. He is a tremendous worker and is really moving fast," said Coach Geier. "I'm really glad to see him receive this award."

STAR OF THE WEEK—Dennis Albers took five firsts in the meet with Colorado State University last week.

From the Stick

By RICK AKIN

This is the last time this semester that the Stick whips off a few "words of wisdom."

I probably picked the best semester to take this endeavor. The football team had a great season which always makes things a little more fun. And the basketball team, off to a good start at the first is now on the downward trail.

But then again the Husker cagers have had their roughest competition in the conference during this first semester.

Colorado and Kansas State, probably the top two teams (even though K-State doesn't look like it is going to swamp anybody), are by the wayside in the first round and with Kansas coming up Saturday, things don't look any better.

The Jayhawks ought to be fighting mad after dropping one to Missouri, a non-power, especially after the Jayhawks won the Christmas tournament crown.

The Huskers don't meet Colorado again until March 4, at which time Jerry Bush's throng of sophomores, like Earl Wright, Larry Bornschlegl and Joel Kortus, may have a little more maple maturity than shown in these first 13 contests.

The track team is the one that will go to the top. Husker track fans will be able to see some of the finest indoor competitors in the nation at the Stadium indoor track.

With Fleming, Wilkie, Knaub, Stevens and many others leading the way the thinclads will probably outdo the gridders for honors, of which there were many.

It is still pretty hard to predict the outcome of swimming, wrestling and gymnastics, although all three are off to reasonably good starts.
