

STAR OF THE WEEK—Swimmer Keefe Lodwig has earned this week's award for his efforts in last week's meet against Oklahoma and Kansas State. He is shown here during one of the afternoon workouts.

# Keefe Lodwig Star of Week Breaks Records

By TERRY ANDERSON Sports Editor

Sophomore swimmer Keefe Lodwig earns this week's Star of the Week plaudits for his efforts in last week's dual meet against the University of Oklahoma and Kansas State.

In that meet Keefe tied his own record in the 100-yard freestyle event and was the anchor man in the 400-yard medley relay team which set a new pool and varsity record in 3:51.9.

In the 100-yard freestyle event Lodwig swam against All American John Bernard from Oklahoma and beat him swimming the distance in :51.0 seconds. In his other race of the day Keefe swam the 200-yard freestyle against another All-American and national record holder in the form of Chuck Schutte also from Oklahoma. In this event he placed second for a grand total of nine points in the Husker total of 37 points.

Records and recognition are nothing new to Keefe. He has been swimming and winning events since he first started the sport when he swam the 20-yard backstroke event and won when he was nine years old.

### Nationally Rated

As a 14-year old swimmer Lodwig was nationally rated in the 40-yard freestyle event. As a high school swimmer, he won the distance freestyle events in record breaking time and he continued his efforts here at Nebraska by practically rewriting the freshmen record books breaking nearly every freestyle event.

Then last summer at the AAU outdoor swimming meet he teamed with fellow Huskers Bill Henry and Bill Steele,

along with Omahan Ken Glasser to set a new national record in the 400-yard medley relay for juniors beating a team from Columbus, Ohio.

Cal Bentz, Husker swim coach says that Lodwig is one of the most promising swimmers to come out of Nebraska high schools and if he continues to develop Bentz feels that Lodwig may well become one of Nebraska's top swimmers.

Keefe's own ambition this year is to break :50.0 seconds in the 100-yard freestyle at the conference meet. Lodwig says, "This probably won't win the conference title, but if I can get that time I'll be happy; then next year I can go for the conference title."

### Set Freshman Record

Lodwig stands a good chance of doing just that. Already he says that he is far ahead of his conditioning goal of last year when he swam the 100-yard free in :50.8 and he feels he can get under the 50-second mark.

Lodwig, in new events this year — the 200-yard freestyle and the 500-yard freestyle — has also set varsity records. He has swam the 200-yarder in 1:54.0 seconds and the 500-yard freestyle in 5:30.0.

In order to concentrate on the sprints as a Husker swimmer, Lodwig has been working on a weight lifting program which has added 20 pounds to his body. This gives him more strength and endurance in the sprints.

After graduation Keefe hopes to continue in swimming as a director of a swimming program that has been set up in various parts of the country and such as is found at the Omaha Athletic Club.

# Here's Sports

By TERRY ANDERSON Sports Editor

The Nebraska track squad is off and running again this year or so it would seem. The Huskers have walked away from their opponents thus far and it looks as if their first real test will come this weekend when they meet the Colorado Buffaloes.

In their first outing against Wyoming and South Dakota, Nebraska trounced 95-35-21 and then again last weekend against Big Eight rival Oklahoma State they used their depth to win 91-31.

The big question in many Husker fans' minds this week is what effect Ron Moore's dismissal will have on the squad's ability to capture the Big Eight indoor and outdoor titles.

Most followers of the cinder sport saw the headlines across the state making the announcement that Moore had not only been dropped from the sport, but had lost his grant-in-aid. The announcement stated that Moore was dropped for disciplinary reasons.

### Sevigne Decides

It seems that Frank Sevigne, track coach, thought quite a bit about this decision as it may well cost the squad the indoor and outdoor meets based on the assumption that Moore would have done as well as he did last year, capturing the high hurdle events both indoor and outdoor and placing second in the low hurdle event in both races. For this decision Sevigne must be commended for he knew the circumstances and what would best help the team in the long run.

Anyway back to the squad as a whole. Sevigne still seems to feel that the squad can do well in the indoor tourney at Kansas City next month if the boys really want to work hard enough to win the meet. He feels that the squad has the desire after barely being squeezed out by Kansas last year.

Nebraska's best chances of scoring still seem to lie in the hurdle events if Fred Wilke and Bob Hohn come through. Wilke is defending champion in the indoor lows and Hohn was state high school champ in the stick races. Hohn had back trouble his first two years here but has come out of it now.

### Knaub Turns Hurdler

Hohn just recently reported for the sport and as yet is not in top condition. Another hope in the hurdle department is Ray Knaub, sprinter turned hurdler. Knaub has placed second to Wilke both times in the lows and if the three of them continue to improve they may take up the slack produced by Moore's vacancy.

Back again this year are Sevigne's distance aces, Ray Stevens and Mike Fleming. In the South Dakota-Wyoming meet Fleming ran the 1000-yard run in 2:16, just 3-tenths of a second off the stadium record. Stevens handled the mile in the same meet in 4:26.5. He owns a low of 4:11 in the mile outdoors.

Sophomore Kent McCloughan has been doing a good job in the sprints thus far this year running right behind Knaub in the 60-yard dash. Then in the meet against Oklahoma State, McCloughan set a new mark of :06.3 in the 60-yard dash.

The weakest field for Huskers in both depth and front runners lie in the field events. Best of the field events for the Huskers is the broad jump where Victor Books shines. Last weekend Books was just 4 inches off the stadium record when he jumped 24'-1/2". In the other field events—the shot put, the high jump, and the pole vault—Nebraska lacks depth and this could hurt come conference time. With the exception of Brooks, Sevigne will have to count heavily on the running events to pull the team through the meet.

### Fast Sprinters

The best race should be in the 60-yard dash which will match Huskers Ray Knaub and Kent McCloughan against Buffs Dick Burns and Jim Miller. Another good race will pit Jim Miller against Fred Wilke in the 60-yard low hurdles. Miller has churned :6.8 while Wilke thus far has gone :07.0.

Colorado's best bet will be in the field events. They have three men who are near the 14-foot mark and one, Roger Olander, has cleared 14.6. In the high jump they have a sophomore this year who went 6-10 in the frosh meet last year. This is Leander Durley and his best this year is 6-8.

In the 440-event, the Buffs have two men who have both gone faster times than has NU runner George O'Boyle whose best time is 52.7. Dick Burns has gone the distance in :49.5 and teammate Murray Ruffell has done it in :51.2.

Husker Mike Fleming has the best times in both the 880 and mile as well as the best mark in the 1000-yard run. Coach Frank Sevigne's track squad recently received another honor. They were invited to compete in the U.S. National Track and Field Federation Indoor Invitational at Milwaukee, Wis. on March 9.

### Squad to Milwaukee

Sevigne intends to take along two relay teams, the two mile relay and the mile relay. He will also take along a miler, a sprinter, and a hurdler to the meet.

Nebraska track is again in the spotlight and here's hoping they can produce at Kansas City in March and later on in the Big Eight outdoor fracas.

# KSU Wrestlers Down Huskers

Kansas State wrestlers continued their supremacy over Nebraska by downing the Huskers 30 to 12 at Manhattan Tuesday night.

Three Kansans managed falls on their way to victory in the individual matches. Joe Seay, the odds-on favorite in his division for the Big Eight Title, pinned Husker Larry Le Bruska; Dick DeMoss pinned Chuck Clatterback; and Denton Smith added the last Wildcat pin by downing Bruce O'Callaghan.

Nebraska's undefeated Mike Nissen continued his successful rivalry with the 'Cats' Dave Unrah, beating the 123 pounder, 5-4. Steve Walenz gained the Cornhuskers six points for a forfeit and later big Bob Zartner edged Jack Grove to round out Nebraska scoring.

Nissen will carry his unblemished dual record into his last home dual against South Dakota State 7:30 tonight at the Coliseum. The senior will attempt to complete a perfect collegiate dual record, thus improving his chances for Big Eight supremacy in early March at the conference tournament.

Coach Bob Mancuso comments, "If Mike can take the Big Eight crown, he should gain the NCAA championship in the 123 pound class this year. That is how tough the Big Eight competition is."

The Jackrabbits will offer a stiff opponent for the Husker stalwart in Dee Brainard. Brainard also has an undefeated dual record this season.

After their final home appearance tonight, the Cornhuskers will have four duals before the Big Eight Championships at Norman, Oklahoma, March 8-9.

# Husker Swimmers On Road To Face Wyoming, CU Buffs

This morning the Husker swimming squad left on a western road trip to Wyoming and Colorado. They will stay over night at Greeley, traveling to Cheyenne Friday and back down to Boulder for a meet with Colorado on Saturday.

On Friday they will meet the Wyoming cowboys in a dual meet. Last year the Husker team was beaten here in a double dual with Wyoming and Kansas University.

Thus far this season the Husker squad is sporting its best dual mark in many years with a 4-2 record. And the teams they have lost to are national powerhouses in swimming circles. They lost early in the year to Indiana 76-29 and to perennial Big Eight Champ Oklahoma 57-38.

They have won over Denver University, Iowa University, Kansas and Kansas State. Nebraska will take record breakers along on the trip in the form of freestyle ace Keefe Lodwig, backstroke Bill Henry, and two record breaking relay teams.

### Wisocki is Top Sprinter

Wyoming has a tough team and is currently riding atop the Skyline Conference as last year's champ. Their top swimmer is Wisocki who has gone :23.4 in the 50-yard freestyle and they have a free relay team which has gone the 400-yard distance in 3:29. To oppose them, the Huskers can throw sprinter Jeff Amster, who holds a record in the 50-yard free of :23.2, and the

free relay team has gone 3:28.8.

Saturday at Colorado Nebraska will face competition from the Buffs and from Texas Tech. Phil Simpkins who has gone :49.8 in the 100-yard Tech and should give sprinter Keefe Lodwig competition.

The Husker squad is preparing for the Big Eight Meet which will be held at the Lincoln High pool the first weekend in March. The squad, in preparation, has rewritten the record book and each meet they improve.

This weekend will tell Carl Bentz, Husker coach, a lot about the team's improvement as they head down the home stretch to the conference tilt. He feels that the squad has improved steadily throughout the season and expects to do much better than the fourth place showing at Ames, Iowa, last March.
