NEBRASKAN Sports

CU Dominates All-Big Eight Cage Squad

By TERRY ANDERSON
Sports Editor

Ken Charlton, Colorado ace, heads this year's list of Daily Nebraskan selections of the All-Big Eight team. He is followed by teammate Jim Davis who plays center for the mythical squad. Vince Brewer of Iowa State is the other repeat from last year's Nebraskan Big Eight team.

Junior transfer Willie Murrell won first team laurels for Kansas State; the other position is taken by senior guard Nolen Ellison of Kansas.

The squad has good height averaging 6-5. The only squad member under 6-3 is guard Nolen Ellison of Kansas. Charlton and Murrell are 6-6 and Brewer is 6-3; center Jim Davis is 6-8.

Sophomore Larry Hawks from Oklahoma State dominates the second team roster. He was red-shirted last year due to scholastic difficulties but came back strong this year and averaged an 18 point per game clip this season.

Juniors Ray Bob Carey of Missouri and Daryl Petsch of Nebraska along with seniors Eddie Evans of Oklahoma and Gary Marriott of Kansas State round out the second team.

Nebraska placed three players on the mythical squad in senior Ivan Grupe and Charlie Jones settled on third team while teammate Daryl Petsch was named to the second string.

KEN CHARLTON was a unanimous choice for the squad and is a repeat performer from last year's team. Charlton led the conference in points with a 19.5 average; he

was clipping along at a 21.2 average in the earlier part of the season but slipped during the latter half due to knee injuries.

Charlton, a senior, was also named to the UPI All-Big Eight and received honorable mention in All-America polls.

JIM DAVIS, Buffalo center, is a junior majoring in physical education. As a sophomore starter last year Davis averaged 11 points a game and was one of the team leaders in both rebounding and play making.

Vince Brewer is a repeat performer from last year's squad. His play and shooting led the Iowa State Cyclones to a fourth place finish in the conference and an upset victory over Colorado at Ames. Brewer averaged 15 points a game and grabbed over 100 rebounds.

Willie Murrell lived up to advance junior college All-American ratings as he came into conference play this season for the K-State Wildcats. The 6-6 forward came from Eastern Oklahoma A&M, and this season in the Big Eight Murrell was second in the Big Eight in scoring with a 19 point average.

Nolen Ellison of Kansas rounds out the quintet. Although Ellison came from a seventh place team, he led the team in all-around play and sparked the squad to an upset Big Eight pre-tourney championship. Ellison, a senior guard, averaged 14.5 points a game.

The team is aggressive and fast. The squad has good potential rebounders in Davis and Murrell and the outside scoring punch of Charlton and the inside work of Murrell highlighted the team's overall ability.

Track Squad Praised For Big Eight Win

Nebraska's indoor track team and Coach Frank Sevigne were formally lauded by the Unicameral for winning the Big Eight Indoor Track and Field Championships.

The resolution, introduced by Senator Marvin Stromer of Lincoln, noted a resurgence of Cornhusker athletic power. The Big Eight title won by the track team was the first for Nebraska in 12 years.

Nebraska's legislators unanimously passed the resolution 35-0. A copy of the measure will be sent to Sevigne and all the members of the track team.

Petsch Leads Cagers In Final Point Tally

Daryl Petsch lead the 1963 Cornhusker scoring attack. The 6-5 guard from Marysville, Kansas averaged 14.8 points a game for 25 games and totaled 369 points.

Petsch hit 148 field goals for a .440 percentage and 73 free throws out of a total of 115 for a .635 percentage.

Thus far Petsch has scored 600 points in two years at Nebraska. Petsch seems destined to move into the elite group of all-time top scoring Huskers. He is currently number 13; Don Smidt, in the

number 12 spot has a lifetime total of 634 points.

Herschell Turner leads the three-year basket barrage with 1056 points.

Charlie Jones, junior guard from Washington, D.C., was the club's leading rebounder this year with 204 and was second in scoring with 291.

Neil Nannen finished the season with 111 points with 63 of them coming in the final five games. Jerry Spears, 6-6 transfer student scored 34 points in four games and was sidelined most of the second semester with a shoulder in-

I CERTAINLY DO ADMIRE YOU, DONALD, IN YOUR NEW "WINDMASTER" JACKET BY ZERO KING!

THE CAPTAIN'S WALK
UNIVERSITY OF NEBRASKA—LINCOLN

1127 "R" Street

The hilariously heart-warming story of little Eddie who had to choose a bride for his father and oh! how carefully he checked them all!

And with good reason, Constance, the "Windmaster" has much to admire. Deep pivot sleeves for easy action. Handsome RAF button tab collar. Windproofing and water-repellency. The wrinkle-resistance and washability of 65% Dacron polyester and 35% cotton. Plus the wholly admirable price tag of just 12.95.

LIEUTENANT BOB AKAM, U.S. IN AVIATION ADMINISTRATION

"If I had it to do over again, would I take Army R.O.T.C.?"

Look at it this way. I like the idea of doing challenging work. That's why I volunteered for Special Forces. So you can see why I felt pretty good when the Army assigned me to Europe! Here I really feel I'm doing something for the cause of my country in these important times. How many jobs can you think of that start you off with this kind of responsibility? My wife's here, too, and she loves it. We get a chance to travel. We meet the people, learn new languages, customs. And there's a pretty active social life on post, too. But above all, I'm an officer with a job to do and with responsibilities to shoulder. I like it that way, and I have a hunch that my leadership training and experience will help me out whatever I do. Take it from me, if you're already half-way towards your commission, see it through. It's a good deal. I know."

TARGET OF OPPORTUNITIES | LING TEMCO VOUGHT

Opportunity for professional advancement, on-the-job orientation and engineering challenge... you'll find this and more with Ling-Temco-Vought. From the first you'll work with experienced technical personnel in an engineering climate that encourages imagination and spontaneity. And because LTV is one of the nation's most active participants in almost every phase of the challenging aerospace, communications and military electronics fields, you can determine the type of promising position which will contribute most to your professional growth. Get first-hand information on LTV's projects and products by picking up our brochure at your Placement Office. Then contact our College Relations representative. Ask about the company's extensive resources, education assistance and liberal company benefits. Ask, too, about Dallas—a modern city noted for its warm, sunny climate. Then review LTV's ground-floor growth opportunities for graduates holding degrees in Aeronautical, Mechanical, Industrial, Electrical and Civil Engineering or Math, Physics and Metallurgy. For further information, visit your Placement Office or write College Relations Office, Ling-Temco-Vought, Inc., P. O. Box 5907, Dallas 22, Texas. An equal opportunity employer.
