## STUPID COUNCIL MEETS, SUPPORTS CHIPLIN MOVE

FRAT RATS OGGLER LASCIVIOUSLY AT FLESH FLICK

**HO HO HO WHAT A RUSH FILM!**—In a private, secret and extremely clandestine meeting, the InterFrat Club (IFC) previewed the 1963 Rush Film, "Wow", catcalled president Bill Barfly, "was it high above the Pi Phi Garter." Barfly also added special thanks to PanHole for their assistance in the production of the extravaganza. PanHole prexy Mac Cooney declined to comment.

### IFC's Barfly Cites 'Confidential' Article

Again, the InterFrat Club (IFC) went into special closed session so that they could discuss their mutual egotisms. IFC President, Bill Barfly King of the Hop, made a special issue of the article in Confidential involving various fraternity men and an unregistered party in Piff Hardin's office the night before the budget committee made its tour of University facilities. "Confidential" magazine," stated Barfly, "had used pictures and words to slice a deep cut into the fraternity world."

The Phi Kappa Pianobreakers representative suggested that the men on campus withdraw their subscriptions to the magazine. It was indicated, however, that this would cause a tremendous economic crisis and result in a National depression since most of the money spent by fraternity men was on this sort of literature.

Tom Beerster, IFC secretary, stated that there was considerable opposition to the IFC slate and that some individuals had banded together in the form of the Fraternity Housemother's Association (FHA). He indicated that they, along with the University Party for the Gross Prostitution of Purpose, (UPGPP) would undoubtedly raise havoc with IFC programs. The Phi Gamma Gimie

house rep stated that there was no real threat from the UPGPP, but that the real problem rests with the FHA in their opposition to the FMA.

He further stated that Effie BarnBody, leader of the FHA, had advocated that housemothers rebel against their employers, the chapter treasurers and the IFC by refusing to buy from those given contracts.

The Housemother's indicated that they were the Queens of the Hop and deserving of the right to rule. Barfly immediately took issue stating that they could not be Queen of the Hop since he was already King.

Continuing, the Phi Gamma Gimie rep stated that there was no purpose for the fraternities to oppose the FHA since their authority was derived from some hidden god called The House That Hardin Built.

The Delta Tau Garbage-mouth rep secured the floor and advocated the abolition of the House of un-Fraternity Housemothers Association and that a new organization of mass opposition to their rule be formed immediately. The motion carried.

The Sigma Alpha Mother fraternity representative then advocated that open war be declared on Ron Rogowski's railroaded UPGPP. He stated that any thinking man would.

He added that few of the UPGPP had and that they could be compared with the SCBC (Someone Could of But Couldn't) and that they must be abolished.

The motion was defeated, however, because everyone agreed with the rest of the campus, that the organization was pre-destined to derail itself.

It was added by Pete Winterhausener (IFC Treasurer) that all should be wary of any group which is run by a few with mass promises which look nice but are not the views of the majority of their party of which there is none officially yet however.

At this point in the meeting, Meek Week hondo, Aspirant Shortquist who came to the meeting out of his mind, again, suggested that the Greek houses fraternize like the Phi Gamma Gimies and the Alpha Toes Omungas did last Saturday, and that they later tramp through the campus and paint PIX! signs, since Dr. Raus wouldn't do anything anyway.

This, being a good idea, was defeated.

It was then moved that Dr. Raus be censured for not being firm on the PIX! issue. This motion, being a good one, too, was also defeated. There being further business, the meeting was adjourned to Duffy's for a round on the board.

### MB's Support Revision Of Poison-Itching Day

By WITHERKNIFE

At a Joint meeting of the Mortabourgeoisie or Maternity Boards and THE Society the decision was arrived at by a vote of 12-12 that the Poison Itching Day Ceremonies should be revised—it was decided that since neither THE Society (because of drink) nor the Maternity Boards (for obvious reasons) could stand in the sun for 24½ hours, the Poison Itching-Scratching Pat on the Back Ceremonies should be shortened.

It was decided that Sleazy Joint should play the carillon from 1 a.m. to 4:30 p.m.—keeping him effectively out of the action and from tackling such persons as Ray Charles, Louis Untermyer or Dave Wohlfart.

The Maternity Broads brought up as a Plum of order that tackling and tapping was extremely outdated and not DONE anymore—something like IFC Help, I mean Help Week.

The two organizations took two steps forward, three backward and three skips and a hop—in this process

Nancy Mouth stepped on John Nylon's foot and he said Gee! John! and ran off in the direction of the head.

Anyway it would all end up as a complete, revised standard edition of the New Revised Syllabus on Top Rat Frats and Sor Lords. At this point Joseph Ecumenical Lundchuk exclaimed that tradition and Mary Jane Mulvaney MUST be preserved.

So all trotted down to the Grill and proceeded to pickle themselves.

To throw all those writers of the Racing Guessing form in confusion, the MB's decided to tap and masquerade MEN (as more in line with their profession) and THE Society to tackle GIRLS (as being more of an ignominious and pleasurable pleasure)

This being resolved, the first meeting of THE Society and the second of the Maternity Broads (for obvious reasons) being adjourned the two groups resolved to blind themselves and pick those who they ran into as future members of the group (giving up any other process of selection as being entirely unfair and prejudiced!)

### Pinnings— Purple Chick Brings Rings Despite Slush

And there came to pass the Giant Purple Easter Chicken hopping down the Funny Trail, slush mush, Ugggggg!!

**PINNINGS**  
D. J. Dudson, RAM to Theta Xi-stye Sweatheart of the Year, yet to be named.

Linda Jensen, Flacky Flacky Gamma to Ray Simmons, Conservative Club.

Kent Hildreth, Theta Xi-Stye to the Cornhusker Beauty Queen.

Janie Tenhulzen, Kappa Alpha Phi Delt Shaker to Inter-Frat Club.

Helen Schmirer, Cornshucker to John Bischoff, Theta Xi-Stye.

John Morris, Alpha Toes Omungus to Patty Knapp, Flacky Flacky Gamma.

Mother Hen, Stigma Kappa to Chicken Little, Theta Cry.

Don Butt and Lally Sarson, pinned to tree while out walking last night.

**ENGAGEMENTS**  
Aspirant Shortquist to John Nylon, has been.

Four houses are engaged in a beer blast right now!

Big Man On Campus, Pi Xi to AWS Point Breaker, Red Dot.

Adam Brokinridge, The House Hardin Built to Hot Lips Mame.

**MISMATCHES**  
Vicki Cullen, Gamma Phi Blah to Don Ferguson, Phi Gamma Gimie.

Nancy Miller, Alpha Climb Omega to John Nylon, Phi Delta Theta-shaker.

Weudy Rogers, Chi Owl to Neale Copple, Journalism School.

**Liabilities Exceed AUFarce Assets**

Genie Throw, President of All University Force, announced today that the organization is bankrupt. "Our liabilities exceed our assets," said Miss Throw.

The deficit was caused, when several of the University's students joined the Charity Donators Union, and collected more money from the AUF board members than the board members had collected from the students during the previous fall drive.

Vice-president in charge of solicitations, Carla Tortoad, was not available for comment, but a note found on her desk read, "They can't do this to me."

AUF's publicity chairman, Windy, stated that next year AUF will sponsor a TURN-ABOUT, at which time, "it is hoped that everything will be turned about."

Stupid Council met again yesterday. The Council unanimously passed a motion to table two of the five proposed motions and overwhelmingly voted to postpone indefinitely the other three motions. Kook Chiplin moved that the meeting adjourn.

### Table Resolution On Abolishing NU

Sieve Christemouth, representative of Mute Court, rose to a roar of boos from THE Society, Mortabourgeoisie, and higher echelons, and cheers from radical fans, and proposed the following resolution:

**WHEREAS:** a senator friend of the University points out that there is not room for the coed and male bods in classrooms.

**WHEREAS:** an ex-senator friend of the University informs the city, state and world that the University is thoroughly infiltrated with communistic influences.

**WHEREAS:** city police are playing fun and games with University students who stand up for their civilian rights and detaining them.

**WHEREAS:** all beer-drinking University students (plus those who prefer the more sophisticated refreshment)

will soon be celebrating spring weather in the city jail with \$250 fines.

**HEREBY** be it resolved, the Stupid Council go on record as heartily endorsing the abolishment of the University.

Kook Chiplin immediately moved to table the motion.

Dick Wheel seconded the motion.

With nodding encouragement from the aforementioned power seats of omniscient power, Dennies Christie, Tom Cotouk and Dave Smiff immediately spoke in favor of the motion to table the resolution to abolish the University.

Upon voting, Dave Schlitz immediately called for a division of the house, and Council then unanimously passed the motion to table the motion to abolish the University.

### 3-Headed Monster May Make It Yet

Yearbook staff members decided unanimously to issue the 1963 CORNSHUCKER, according to editor, Synthia Half-twist.

Previous plans called for issuing the book in installments next fall or publication in paperback form.

Due to administrative entanglements, production was impeded.

Secret Student Council meetings and interruptions by PURPLEPRINT ex-editor Upchuck Wall slowed book activities. But dedication and desire (to and for activities points, respectively) by the following sparked the book's success: ME's Rosie Danthal, who resigned as junior assistant cartoonist for the PINK SHAFT; Mary Joe MacConney, ex-PanHole Prexy by rotation, who organized disheveled troops into a cohesive mob after a brief stay at Lexington, Ky.; Jayne Tinwoodsmann, though rejected by AWS, struggled to find a competent ghost writer among eligible IFC bachelors.

Despite attacks from the three-headed monster, outer office staff members continued to write copy after finding a Thorndike-Barnhardt high school dictionary.

Attacks diminished after Croppy editor Helen Schmeared, formerly of Troy, got lost in the Louve Library stacks and Merry Witherknife eloped with IFC bossman John Nylon, taking all pictures of the Mortabourgeoisie — THE Society teaparty with her.

Further complications ensued when R. Nail Cripple advised and consented to advise and consent to...

Poop Board demanded an investigation when Elegiac Bachelors and Booty Queens were all selected from staff members. They selected Dr. Brill as book adviser after R. Nail Cripple disappeared mysteriously and was found floating face down in the basement head in Burnett.

Poop Board members Mo Haystack Frolic and Orny Gearson kept Synthia under control from office maniacs Tommie Fidgett and Count Hildbreath who, when finally subdued, had fouled up the yearbook index by playing scatter with the index cards.

Among special features in the long-awaited yearbook are: a section devoted to sophomore and junior candidates for THE Society and Mortabourgeoisie and their various plans for achieving their goals; inclusion of the Pi Xi's in the fraternity section; dedication of the yearbook to athletic personal improving team records by resigning; including pinning and engagement announcements of staff members; a fold-out, four-color, picture of a senior staff member sacked out on the office couch, clad only in a newspaper bikini.

Initiating a new contest, the book worms allowed one Elegiac Bachelor or one Booty Queen candidate to each house with more than half its members on social probation, with an additional candidate for each known Pi Xi or red dot in membership. The senior staff made its only executive decision when it ruled TNE's out of the contest.

### Raus Uncovers NU Hero, Huskie Husker Is A TNE

Dean G. Robert Raus today made public a fact which the campus has speculated for some time—Huskie the Husker is a TNE.

The investigation has been underway for some time, as the charges began sometime during the regular football season. The study finally reached its climax yesterday when yellow paint was found on his coveralls.

Dean Raus said that this particular case called for a suspension from the University, and also a ruling which

will prohibit the Husker from taking part in any campus activities. Many circles believed that Huskie would be the logical successor to Don Butt as President of Stupid Council.

Huskie was majoring in Home Economics, and his particular interest was in clothes design.

The NFO has been asked for comment, but they have declined. However, in a phone conversation, it said that they have already given the Husker the boot.

### Jr. InterFrat Club Chases Pigeons

Great Scott, president of Jr. InterFrat Club (IFC), said today that the Jr. IFC next year should do an even better job with their work project.

Scott announced that the work project for next year will be either painting the grass green around the Capitol, or maintaining a constant vigil to keep the huge flocks of pigeons out of Lincoln.

He said that this immeasurable amount of service could only result in better fraternity relations.

WE'RE PULLING FOR YOU, PUSHER

"WELL MAW, I wonder if our ju nior pusher will make innocents?"

### Comrad Mao-Tse Is June Speaker

It was revealed today from the office of Chancellor Piff Hardin, that Mao-Tse-Tung has accepted the University's invitation to speak at the June commencement.

Mao-Tse, a well-known world figure, is the author of such momentous books as, "While Capitalism Sleeps," "Guerrilla Warfare for the Beginner," and "Comrade Goose Rhymes."

In his acceptance letter, Mao stated that China isn't having a famine. "All you have to do, is look at my full, wrinkle free face," he said. Commenting on this statement, however, sophomore physics student, Jeremiah Clodfoot, said that "pressure is always perpendicular to the surface of the container."
