

Five Arrivals Swell Size Of NU Peace Corps Team

Five additional Peace Corps representatives arrived in Lincoln last night to further implement the new, enlarged recruiting program now underway at the University.

They are: Dr. Joseph Gallagher, director of the Medical Division; Dr. David Dichter, in charge of Afghanistan and Pakistan Affairs; Mr. Elmer Skold, Division of Volunteer Support; Mr. Sam Stiles, Division of Management; and Harriett Parsons, Division of Agriculture.

Peace Corps team members will appear this week before numerous class sessions, Clubs, fraternities and sororities, and other organizations to speak on the opportunities for Peace Corps service.

An advance three-member team has already set up headquarters for the Corps' program in the South Lobby of the Union (at the "R" Street entrance).

Headquarters will be open 9 a.m. to 4 p.m., and in the evenings after 7:15 p.m. On Saturday the headquarters will be open 9 a.m. to noon.

Gallagher

During these times students may take the Peace Corps test, see movies or have informal talks. The one-hour test is a shortened version of the original four-hour exam. Applicants taking the test while the team is here will be notified within two weeks as to whether they may enter this summer. Those applicants with a knowledge of either French or Spanish should take an additional language test which lasts one hour. The test is non-competitive.

Chief of University Relations for the Peace Corps is Dr. Rogers Finch, a member of the advance team.

Before joining the Peace Corps, Finch earned an international reputation for his engineering research accomplishments and administrative efforts both in the U.S. and abroad.

After taking a B.S. in mechanical engineering at Massachusetts Institute of Technology, Finch received a commission in the Army Quartermaster Corps. By the end of World War II, he was chief of a textile research group at the Jeffersonville, Ind., Quartermaster Depot where he directed the development of a fireproof finish for tent fabrics and a tropical finish impervious to mildew. Discharged a Major, he returned to M.I.T. to obtain advanced degrees (M.S. and Ph.D.) in textile technology while serving at the same time as a member of the faculty.

Dr. Finch, an assistant professor, was named director of the Slater Memorial Textile Research Laboratory at M.I.T. where he supervised the development of a new high-impact suspension-line system for parachutes, an item demanded by the new age of jet airplanes.

In 1951 a trip to Japan started him in the "international business." He spent two months in Tokyo as an adviser to the Ministry of Education and to Japanese universities on problems of engineering education and the engineering profession in the United States.

The following year, he was sent to Burma for two months to develop a relationship between M.I.T. and the University of Rangoon, and on his return home, he was placed in charge of the Rangoon project at his own university.

In 1953, Finch returned to Burma for a stay of 17 months — first as deputy director and then director of the Foreign Aid Mission there.

It was a time in which Burma, for international political reasons, became the only foreign nation ever to end a U.S. foreign aid program, and Finch

Finch

charged with closing up shop, watched with satisfaction as the Burmese government took over and continued most of the components of the American aid program. It was an orderly transition assisted by Finch's personal friendship with Burma's former Premier U Nu and the present Secretary General of the United Nations, U Thant.

After a side trip to Java as an adviser to the Indonesian Education Minister on school training and university engineering education, Finch returned to the U.S. as assistant director of the Research Division of Rensselaer Polytechnic Institute. He became associate dean of the school of science and then research director at Rensselaer — as well as consultant on science and engineering education in Latin America for the Ford Foundation. While he was performing these tasks he was contacted by Seargent Shriver of the Peace Corps.

Robert Bryan, assistant to the Chief of Public Information for the Peace Corps, also a member of the advance team, has been working for that organization since March 13, 1961.

When the Executive Order was signed on March 1 initiating the Peace Corps, he was with the U.S. Information Agency, and was borrowed by the Peace Corps on a loan basis in its need to expand rapidly as a new agency. An official permanent transfer was made in September, 1961.

Bryan has served with the U.S. Information Agency — and its predecessor organization under the Department of State — since July, 1949. His most recent assignment was as information specialist with the Office of Private Cooperation which dealt largely with the People-to-People Program.

Before that he worked two years with the U.S. Information Service in Havana, Cuba (1956-568), then returned to Washington, D.C. with the executive secretariat of USIA and with the Voice of America as a liaison officer.

He is a 1949 graduate of the Foreign Service School of Georgetown University, Washington, D.C. Bryan served three years with the U.S. Army (1943-46), including about one year of duty in Okinawa. Previous to that he studied a little over a year at the University of Chicago.

Bryan received a two-year "honor entrance" scholarship to the University of Chicago upon graduation from Grass Valley High School, Grass Valley, California, where he had studied for two years. Before this Bryan lived with his parents in Manila, Philippines.

The third member of the advance team is Barb Laney, Staff Assistant for the Office of Public Affairs.

Chatfield Featured At Grange

Graduation from a large high school is no guarantee of success in college, although these students do seem to have some scholastic advantage over their college classmates from small schools, according to Lee Chatfield, director of the University's junior division and counseling service.

He spoke Saturday night to the Policy Conference of the Nebraska Grange held at the Lincoln Telephone auditorium. Chatfield said a 1962 Nebraska study showed pupils in larger high schools "demonstrated higher achievement in mathematics than pupils in smaller schools" and that a survey of achievement in Regents examinations confirmed the finding.

Academic achievement, he said, seems to depend heavily on three factors:

- The talent and effort of the student.
- The ability of the school to provide competent teachers and adequate facilities.
- The competitive atmosphere in which the student performs.

Dr. Stanton Chief Speaker At Art Gallery Dedication

Dr. Frank Stanton was the chief speaker Friday at the dedication of the new Sheldon Memorial Art Gallery. Stanton joined CBS in 1935 and was appointed Director of Research in 1938. In 1942 he was elected Vice President and General Executive of Columbia Broadcastings System, Inc., and in 1946 was elected President.

Stanton was born on March 20, 1908, in Muskegon, Mich. He graduated from Ohio Wesleyan University in 1930. In 1931 he joined the staff of the Department of Psychology at Ohio State University and received his doctorate there in 1935.

Stanton is a fellow of the American Psychological Association. He is a trustee and the former chairman of the Center for Advanced Study in the Behavioral Sciences (Stanford, Cal.), the Rockefeller Foundation, a director of Stanford Research Institute, chairman of the board of The Rand Corporation (Santa Monica, Cal.), and a member of The Business Council.

He is also a director of the Lincoln Chief for the Per-

forming Arts and chairman of its Art Committee.

Among recent honors Dr. Stanton has received are the Distinguished Service Award (1959) of the Radio-Television News Directors Association, the Honor Award for Distinguished Service in Journalism from the University of Missouri School of Journalism (1958), and the Trustees' Award of the National Academy of Television Arts and Sciences (1959).

In 1960 Dr. Stanton was named a fellow of Sigma Delta Chi, professional journalism society, and received the George Foster Peabody Public Service Award from the University of Georgia.

In the Spring of 1961, in recognition of Dr. Stanton's sustained effort to bring about the "Great Debates," he was again awarded the Peabody Award.

In a congratulatory telegram President Kennedy commended "His role in making it possible for last year's TV debates to take place" and noted that this was a "significant advance in American politics."

In March of 1962, Dr. Stanton received the Gold Medal of the International Radio and Television Society, "In recognition of his immeasurable contribution to the advancement of radio and television, his insistence on the highest concepts of journalistic freedom for the broadcast media, his abiding trust in the American people and the democratic process . . ."

From 1937 to 1940 he was Associate Director of the Office of Radio Research, Princeton University, and during World War II was consultant to the Office War Information and to the Secretary of War.

Dr. Stanton is the editor, with Dr. Paul Lazarsfeld, of "Radio Research, 1941", "Radio Research, 1942-43" and "Communications Research, 1948-49." He was the co-developer of the Lazarsfeld-Stanton Program Analyzer and was the first to develop and use an automatic recording device placed in home radio sets to record listening behavior.

COLLEGE STUDENTS SUMMER JOBS

June to September

Nation wide corporation needs alert well groomed college students for promotional work in new division:

\$84.50 per week

\$1,000 scholarship award to outstanding applicant. Work locally or transportation furnished to resort area, Lake of the Ozarks, Grand Lake, Colo. etc. Excellent pay and opportunity to enjoy swimming, fishing. Qualified students can continue employment on parttime basis after school resumes in the fall.

Apply to Mr. Campell, Wednesday May 22 7 p.m., Hotel Cornhusker

Nebraskan Applauds

Newly-elected officers of the Nebraska chapter of Phi Mu Alpha Sinfonia, national music fraternity, are: Don Thomson, president; Gary Winkelbauer, vice-president; Steve Halter, secretary; Michael Veak, treasurer; Don Remmers, alumni secretary; Jim Wickless, publicity and historian; Rod Gibb, chorale director; Frank Richardson, pledge trainer; and Dennis Schneider, faculty advisor.

lations; Steve Wilson, Librarian.

New officers of Alpha Kappa Psi Professional Business Fraternity are: John Hasselquist, President; Jim Jochim, Vice-President; Eldo Bohmont, Secretary; Gary Oye, Treasurer; Bill Busler, Master-of-Rituals.

New members are: Sam Baird, Joe Howard, Jr., Mike Jeffrey, Eugene Lentz, Gifford Leu, Jerry Lindvall, Bill Mowbray, Jr., John Mullins, Richard Packwood, James Rambo, Larry Roos, Dennis Siefford, and Mike Velte.

New officers of Unicorns are: Jean Tilman, President; Stan Foster, Vice President; Marbro Rush, Secretary; Shari Colton, Treasurer.

SCHEDULE OF FINAL EXAMINATIONS

Second Semester 1962-63

TUESDAY, MAY 28

9-12 a.m. Classes meeting at 1:00 p.m., 5 or 4 days, or MWF, or any one of these days.

2-5 p.m. Classes meeting at 1:00 p.m., TTh, or either one of these two days. All sections of Business Organization 3, 4.

WEDNESDAY, MAY 29

9-12 a.m. Classes meeting at 10:00 a.m., 5 or 4 days, MWF, or any one or two of these days.

2-5 p.m. Classes meeting at 10:00 a.m., TThS, or any one or two of these days.

THURSDAY, MAY 31

9-12 a.m. Classes meeting at 4:00 p.m., TTh, or either one of these two days. All sections of English 1, 2, 4.

2-5 p.m. Classes meeting at 4:00 p.m., 5 or 4 days, or MWF, or any one or two of these days. All sections of English 1, 2.

7-10 p.m. All sections of Zoology 1, Biology 1, 2.

FRIDAY, JUNE 1

9-12 a.m. Classes meeting at 11:00 a.m., 5 or 4 days, MWF, or any one or two of these days. All sections of Speech 9, 11.

MONDAY, JUNE 3

9-12 a.m. Classes meeting at 8:00 a.m., 5 or 4 days, or MWF, or any one or two of these days.

2-5 p.m. Classes meeting at 8:00 a.m., TThS, or any one or two of these days. All sections of Business Organizations 21.

7-10 p.m. All sections of Education 61, 62.

TUESDAY, JUNE 4

9-12 a.m. Classes meeting at 2:00 p.m., 5 or 4 days, MWF, or any one or two of these days.

2-5 p.m. Classes meeting at 2:00 p.m., TTh, or either of these two days. All sections of Economics 11.

All sections of French 1, 2, 4.

All sections of Spanish 32, 34.

All sections of Home Economics 41, 42.

WEDNESDAY, JUNE 5

9-12 a.m. Classes meeting at 3:00 p.m., 5 or 4 days, or MWF, or any one or two of these days. All sections of Economics 11, 12.

All sections of Education 30, 31.

2-5 p.m. Classes meeting at 3:00 p.m., TTh, or either one of these two days.

Classes meeting at 5:00 p.m., TTh, or either one of these two days.

12 p.m. All sections of Math 32, 42.

1-4 p.m. All sections of Math 35, 36, 115, 116.

THURSDAY, JUNE 6

9-12 a.m. Classes meeting at 9:00 a.m., 5 or 4 days, or MWF, or any one or two of these days.

2-5 p.m. Classes meeting at 9:00 a.m., TThS, or any one or two of these days.

Note: In the event of conflict, regularly scheduled classes take precedence over unit examinations.

1. Classes meeting on the half hour shall be examined on the hour which has been held. For example, classes which meet from 14:30 to 15:00 o'clock on Tuesdays and Thursdays shall be examined at the time set for classes which meet at 15:00 o'clock Tuesdays and Thursdays.
