

Alpha Phi Wins WAA Rifle Meet

Alpha Phi won the 1963 WAA rifle championships with a score of 724 points. Delta Delta Delta and Terrace Hall tied for second with 701.

The teams were composed of four girls and the team score was compiled from a combination of the coed's scores.

The coeds fired at three targets, the top two targets accounted for the individual scores.

The University rifle team announced that, due to a change in University policy, coeds are now eligible for membership on the team. Other Big Eight teams have already adopted such a policy.

The top five individuals:
 Nancy Eager, Alpha Phi 92-93-93-186
 Lynn McCown, Alpha Phi 90-92-92-184
 Cathy Keir, Delta Delta
 Delta 90-88-92-182
 Mickey McCartney, Delta 88-86-94-182
 Delta Delta
 Becky Stehl, Terrace Hall 79-93-88-182

Burr-Selleck Softball King Kiesselback

Delts Take Forfeit From Cornhusker

Kiesselbach won the 1963 intramural softball championship in the Burr-Selleck league by defeating Bessey, 8-0.

Delta Tau Delta, the fraternity champion, took a default win over Cornhusker, independent champion in other semi-final softball action.

Cornhusker had beaten Delta Tau Delta, 8-3, in tournament action but it was later discovered that Cornhusker was playing with an ineligible player and had to forfeit their win to delta Tau Delta.

All intramural softball action winds up today and tomorrow with the All-University championships being decided on Thursday.

Big Eight Inaugurates Gymnastics

At the annual Big Eight conference business meeting held in conjunction with the Big Eight track and field meet at Manhattan, it was decided to add gymnastics to the Big Eight curriculum, bringing the grand total of competitive sports in the Big Eight to 11.

The gymnastics championships will be inaugurated next March 13-14 at Ames, Iowa.

Nebraska was awarded the unofficial gymnastics championship for the 1962-63 season on the basis of dual meets. The Huskers are consistently one of the top teams in the Midwest. They are coached by Jake Geier.

In other business action, it was determined that next year's outdoor track and field championships, along with the tennis and golf championships, would be held at Stillwater, Okla.

The conference pre-season Big Eight basketball tournament was set for December 26-28 at Kansas City. Nebraska will meet Kansas State in the opening pairings with Oklahoma going against Missouri, Colorado taking on Kansas, and Oklahoma State playing Iowa State.

The Big Eight wrestling championships will be March 6-7 in Stillwater and the swimming championships will be at Ames, March 5-6-7.

Official approval was also given to the inter-conference letter of intent which involves the Big Eight, Big Ten, Missouri Valley, Atlantic Coast, Southeastern and Southwestern conferences along with four other schools — Penn State, Syracuse, Pittsburgh and West Virginia.

The letter of intent applies to all sports with the starting date being May 20 for signing. Under the plan any athlete who signs a letter of intent with one school involved in the pact, then attends another school in the program, would lose one year of eligibility.

Final Nominations To Varsity Athletes For 'Best' Awards

Three more Husker athletes have been added to the nominations of the "Outstanding Varsity Athlete" award. These citations close nominations for the annual award and the list now stops at six.

Ivan Grupe, Ray 'Skip' Stevens, and Vern Bauers are the final nominees for the award. Previous nominations have been Dennis Claridge for football, Mike Nissen for wrestling and Jim Huge, also for football.

Grupe was cited as having been the mainstay of the Husker cage team in a losing season and the winner of the Walter E. Dobbins memorial award, selected by opposing Big Eight coaches.

The letter stated, "Although the season record was not good, Ivan's drive, determination and hustle contributed greatly to team spirit and gained him the respect and admiration of his teammates."

"In addition to devoting much of his time to athletics, Ivan also found time to participate in many campus activities. He is a member of N-Club, past treasurer Young Republicans, Cornhusker Protegee Program, 1962 Prince Kosmet, and an Eligible Bachelor in addition to serving as President of Sigma Phi Epsilon."

Vern Bauers, a senior in the College of Business, has

also been nominated for the Husker award. Although participating in one of the "minor sports", the letter stated, Vern has done much to further Husker athletics.

In part, the letter cited, "Even though Vern participated on a limited basis in swimming during his high school years, he came on in his senior year in college to become a Big Eight champion, garnering four gold medals in his senior year to pace the Huskers to a second place finish."

"Vern has been a stalwart on the swimming team and, through his spirit and drive, has been one of the constant leaders of the squad his entire three years. Last year he was defeated in both the 100-yard and 200-yard breaststroke by Bill Burdock of Kansas, but he came back this year to dethrone the champ and swim on two winning Husker relay teams besides."

Ray 'Skip' Stevens is the sixth and final athlete to be cited for the "Outstanding Athlete" of the year.

"Ray has been a consistent performer for the Varsity track team for three years beginning with cross-country in the fall and working on through indoor and outdoor track. We don't recall a single meet during his collegiate career in which he didn't place in at least one event."

The letter concluded, "Ray Stevens has brought a lot of credit to track at the University and he will go down as one of our great runners. Although Ray has excelled in a sport frequently overshadowed by the more glamorous sports of football and basketball, we are proud to nominate this man who has excelled as a University Athlete for three years crowning his varsity career with the Big Eight Mile Championship."

N-Club Dinner Initiation

N-Club will hold its formal initiation and business meeting Thursday night at the Lincoln Hotel at 6:20 p.m. There will be a banquet following by the business meeting.

ALWAYS A SOLUTION..

Just as this little man solved his problem with a periscope, you can solve your protection problem with foresight.

Everyone has different life insurance needs resulting from his own specific situation. To enable you to see security in the future I will be happy to discuss an appropriate program in person or send CML's free booklet, "How Much and What Kind?"
