WEEK IN REVIEW

CAMPUS

COLLEGE QUIZ BOWL will be one of the main goals of the 1963-64 Student Council and the Nebraska Union. Campus living units may choose candidates to participate in the question competition. From these participants, four representatives will be chosen to attend the Big Eight Quiz Bowl.

STUDENT GRID FANS exceeded expectations in buying tickets for the Cornhusker games. This record rush forced greater reliance on the "lottery system" of allocating student seats. When stadium seats are exhausted, students who remain unserved may accept either bleacher seats in a special reserved area for a lower price or claim a full refund on any ticket money they have paid out.

UNIVERSITY ALUMNI ENTHUSIASM has resulted in the sale of 5,200 tickets to Nebraskans who plan to attend the Cornhusker-Gopher football game at the University of Minnesota this week. A chartered plane, sponsored by the Nebraska Alumni Association, will take over 40 passengers to Minneapolis for the Saturday event.

RALLY PARADE TRADITION is absent from the University this year by the action of the Corn Cobs and Tassels because of the scuffling which accompanied this parade in the past.

CITY

AN OHIO INMATE CLAIMS A BRIBE of \$25,000 was offered for signing a statement that he killed Mrs. Nancy Parker so her husband, Darrell, who is serving a life sentence for the crime, could be freed. Wesley Peery, serving a term for robbery at the Ohio Penitentiary, said in his deposition taken May 20 that he did not kill Mrs. Parker, did not know who did and all he knew about the case was what he had read or been told. The deposition was read on the opening day of the hearing on a petition by Parker's attorneys saying that by means of new evidence not available at the time of Parker's trial in the spring of 1956, they would show that "Darrell Parker didn't kill Nancy because she was killed by Peery."

HUMAN RELATIONS COUNCIL in Lincoln will hold an organizational meeting next week. Mayor Dean Petersen appointed seven Lincoln residents to work with minority groups and on racial problems in the city.

STATE

CHIEF SPOTTED BACK returned with fellow members of the European "Sell Nebraska" tour after being one of the main attractions of the state residents on their trip. He said that Europeans thought he was downright tame and that they no longer fear Indians. Before he headed back to the reservation, he added that "Those people know there's a Nebraska now."

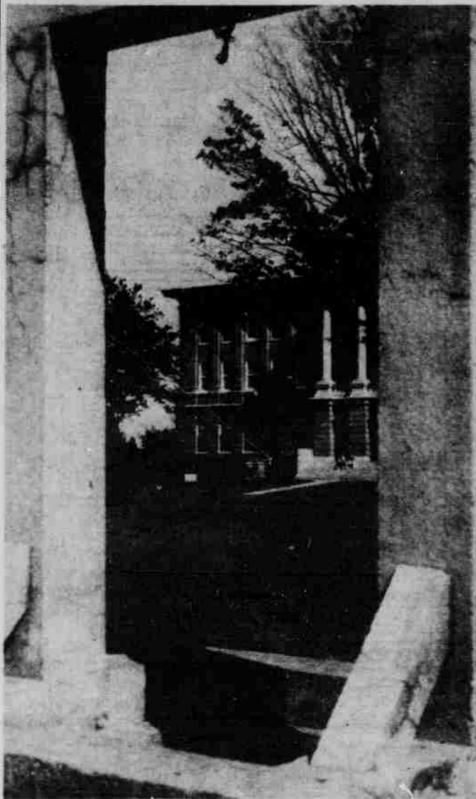

FORMER NEBRASKA GOVERNOR Val Peterson has agreed to consider the possibility of entering the 1964 Republican gubernatorial primary race. Prior to this time, Peterson had declined to consider the possibility of returning to political campaigns.

NATION

HOUSE APPROVES MEASURE for the biggest tax cut bill in history—the President's proposal for an \$11 billion slash with almost every American taxpayer receiving some benefit from it. If it passes the tough fight facing it in the Senate, the measure could allow for \$100-\$200 more take home pay every year for the majority of tax paying families.

Rally Will Greet Returning Huskers
Corncobs and Tassels will sponsor a pep rally at the Lincoln City airport Saturday night.

The cheerleaders and pep band will be on hand to greet the football team, win or lose, when it returns from the Minnesota game. The plane will arrive shortly after 9 p.m. and the rally is scheduled for that time.

NO ROOM INSIDE—With Ag college enrollment up, two freshmen students bask in the sun on the steps of the Plant Industry building. An increase of 80 this Fall brings Ag campus undergraduate enrollment to a new high of 1,136.

Ag College's Registrations Hit 1,136; All Time High

The enrollment of the College of Agriculture has hit a new high, 1,136, an increase of 80 undergraduate students. The total is expected to increase further as the deadline for late registrations is not until Oct. 4.

According to Dr. Franklin Eldridge, Director of Resident Instruction for Ag college, this is an 8.1 percent increase over last year, when Ag college had a total undergraduate enrollment of 1,056.

Last year's graduate student enrollment on Ag campus totaled 183, and with 11 days before the graduate student registration deadline, Dr. Eldridge estimates at least 200 students will be working for advanced degrees this year.

Considering both graduate and undergraduate enrollments, this makes a total Ag enrollment of 1,336, Dr. Eldridge said, compared with a 1953-54 total of 949, only 90 of

NU Students Win Two \$500 Grants

Western Electric Fund scholarships, \$500 each, have been awarded to two University of Nebraska electrical engineering students, Gary S. Kearney and Stephen P. Davis.

The scholarships for use at the University this year were presented by James S. Herbert, works manager and Western Electric scholarship representative, and K. M. Foster, Western Electric college recruitment representative, both of Omaha.

Kearney, a third-year student, is the son of Mr. and Mrs. L. M. Kearney of Sumner. Scholastically he ranks 9th in a class of 289 and has a 7.8 grade average.

Davis, a second-year student, is the son of Mr. and Mrs. Stephen A. (Bill) Davis of Syracuse. He ranks 5th in his class of 470 and has an 8.3 average.

Weekend Weather

The weekend weather for the Lincoln area will be fair and mild according to the Weather Bureau. Temperatures will range in the 70's.

Similarly, the weather outlook for the Minneapolis area is fair. The Minnesota-Nebraska football game is expected to be played in temperatures ranging from 70-75.

Young Demos To Tell Of 'Stone Age Policies'

By Frank Partsch
Junior Staff Writer

The Young Democrats plan a varied program this year to help keep the campus acquainted on political issues, according to Murray Shaeffer, president of the YDs.

On the campus they plan to inform the student body about President Kennedy's programs, policies, and progress. The Civil Rights bill, the

Peace Corps, and the youth opportunities bill are areas in which the YDs are especially interested. "We also would like to tell the students about the stone age policies of our present representative," said Shaeffer.

The YDs plan a man-on-the-street survey in Lincoln as a sampling of the city's political opinions and to provide transportation to the polls during elections.

The Young Democrats will

meet every second Thursday with the first meeting the week after the Freshman Activities Mart.

"Our primary purpose," said Shaeffer, "is not to indoctrinate the student into the Democratic party, but to help him obtain the necessary knowledge of politics so that he can become a conscientious voter when he graduates."

Shaeffer commented that he thought the Daily Nebraskan contrast between the Young Democrats and the Young

Republicans last year was not based on political issues but rather was a feud between the presidents of the organizations. The policy of the YDs this year will be based on issues rather than personalities, he added.

Several prominent persons will address the Young Democrat meetings this year. Governor Frank Morrison will speak later this year and Mrs. Morrison will present films and a talk on her trip to Europe. Richard Raush, Washington, D.C., national president of the Young Democrats, will also speak at one meeting.

The YDs have contacts in Washington that will inform them when Congressmen and Senators will be traveling in this area and as many as possible will be asked to visit the University. If the person is likely to be of interest to the entire campus, Shaeffer said, the YDs will try to arrange a student convocation. The Young Democrats also plan to send a representative to the National Young Democrats Convention in Las Vegas, Nevada, this December.

KK Adds Incentive For Show

As a new incentive, Kosmet Klub has announced that it will give \$100 to every house appearing in the fall show.

In addition to the usual cash prizes, every fraternity selected to compete in the 52nd annual Kosmet Klub Fall Revue will be provided with the initial \$100 in order to finance costumes, settings and other expenses incurred by their skit.

Tom Knoll, publicity committee member, said that the cash bonus should increase the number of houses participating in tryouts. He remarked that in the past, many houses have been reluctant to try out for the show because of the financial burden created by the skit production. Knoll added that the \$100 incentive should improve the quality of the show by adding a little more color.

The theme for this year's KK show, November 23, will be "Comic Kapers." Knoll commented that this theme provides a wider topic range than themes of previous years in that "almost anything humorous would be acceptable."

Each house wishing to participate in tryouts for the fall production must select a skitmaster. A skitmaster meeting will be held Tuesday evening at 7:00 in 334 Student Union. Students interested in becoming KK workers should also attend this meeting. Tryouts are scheduled for November 6-7, and will be discussed at this meeting.

Tea Will Welcome Freshmen Women

The annual Dean's Tea for women students at the University will be held today at 3:30 p.m. in the Pan American Room of the Nebraska Union. This traditional tea is designed to welcome new women students on behalf of the Dean of Women.

In the receiving line will be Helen A. Snyder, associate dean of student affairs; Mrs. Clifford Hardin, Madeline Girard, Panhellenic director; Mrs. Margaret Wenke, resident director of Women's Residence Halls; Mary Frances Holman, resident director of Pound Hall and Edith Jean

Cooper, assistant to the dean.

Representatives of more than 40 women's organizations will assist during the tea, which is being sponsored by the Panhellenic Association. Introducing guests to the receiving line will be Susan Walburn, president of Panhellenic and Jean Probasco, vice president of Panhellenic.

Pouring will be Maureen Frolik, president of Mortar Board; Sally Larson, president of Associated Women Students; Carol Lee Klein, president of Independent Women Students and Shirley Voss, president of Alpha Lambda Delta.

Originated by former Dean of Women Amanda Heppner, the traditional tea was intended to honor new students and to introduce them to their dean. It was held annually in Ellen Smith Hall, which once stood at the corner of 14th and R streets. The halls of the old mansion were banked with flowers and greenery provided by the University greenhouse. Tea tables were set up in both the court and sitting room. As many as 900 to 1,000 women signed the guest list during some of these years.

Faculty wives and women faculty members were originally hostesses for the tea. Since the days of Ellen Smith Hall both the Residence Halls for Women and the Nebraska Union have been the settings for this event.

Y's Frosh Group To Leave Today

This afternoon 70 freshmen men and women will leave for the YWCA Freshman Camp being held this weekend at Camp Kitaki, near South Bend.

The camp is being held to give the group the opportunity to formulate their thoughts and ideas concerning their roles in the University and in later life.

University's NDEA Loans Total One Million Dollars

The University has now loaned more than a million dollars to students under the National Defense Education Loan Act since March, 1959.

Eldon Teton, University director of student scholarships and financial aids, said the total passed the million mark with the issuance of \$141,567.50 in NDEA loans to 539 students for first-semester use this fall.

The NDEA loans, he said, are in addition to approximately \$79,000 worth of student loans made this fall through other University student financial aid programs, including those issued through the United Student Aid Fund, Inc., \$25,000; the University Foundation and University programs, \$39,062.95; and loan programs of University colleges, \$15,000.

Since the inauguration NDEA program four years ago, 1,984 University students have borrowed \$1,014,227.50 from it, Teton said. The delinquency on repayment is running less than one percent.

Funds for the NDEA loans are provided by a one-tenth contribution from University student aid funds and nine-tenths from the U.S. Office of Education.

Because of nationwide demand for NDEA loans, Teton said, the University's share of capital funds from the U.S. Office of Education dropped from \$250,000 to \$232,882 for the current school year.

New NDEA loans for this

Countesses To Hold Drill Tryouts

CADENCE COUNTESSSES — The University's women's drill team, will hold try-outs for new members Oct. 8. Any sophomore or junior with a 5.0 cumulative average may try-out. Those applying must be present at a practice Tuesday at 7 p.m. in the Military and Naval Science Building. They must also attend one of the other two practices held Wednesday and Thursday evenings. Cadence Countesses will appear at basketball half-times, at the Military Ball intermission and at exhibitions in high schools in Lincoln and this vicinity. They

hope to attend the Cherry Blossom Festival in Washington, D.C., and the Mardi Gras, if adequate funds can be raised. They will compete in the Pershing Rifle National Drill Meet in Champagne, Ill., and the regional meet in Madison, Wis. Last year they placed third in the regional meet. Practices for the Countesses are held on Tuesday evenings. President of the organization is Nelsie Larsen. Cap't. Charles C. Gorlinski is faculty advisor.
