

Tinan, Callahan Selected At 'Komic Kapers' Review

A crowd of approximately 3,500 saw Dick Callahan and Cindy Tinan crowned Prince Kosmet and Nebraska Sweetheart of 1963 at the Kosmet Klub Fa Revue.

Callahan is a Sigma Chi senior majoring in Personnel Management. He plays on the Orange Bowl bound football team, as well as being vice-president of the N Club and public relations chairman for Sigma Chi.

Cindy Tinan is a Kappa Kappa Gamma senior. Her majors are secondary education and English. She is chair-

man of the AWS workers committee, and Tassels Homecoming chairman.

Beta Theta Pi was awarded the first place trophy for the best skit of the evening. The title of the skit was "Heavenly Harmony" which showed how the Martians solved the Earth's old problem of different nations existing on the same planet. The solution was unique; the Martians simply were two people in one. Doug Gaeth, Chairman of the Fall Show, said that the idea was novel, and the lighting effects were very good.

Second place trophy went to Kappa Sigma. Their skit, "It Just Isn't Done" featured the invasion of the University by some California surfers. After a three part song on the conservatism of the campus, the surfers persuade the Nebraskans to become surfers. In the skit was an original song called "Everybody's Surfing Now."

The Four Eps of Sigma Phi Epsilon won the Travelers Act Contest with three songs and a take-off on rock and roll songs and singers.

Panhellenic Seeks Socks

Junior Panhellenic will sponsor a sock collection in the next two weeks to contribute to the community emergency shop. The Shop furnishes clothes to needy people.

They are always short of socks so Junior Panhellenic will collect these, according to Jean Probasco, Panhellenic pledge chairman.

This project will be completed December 16. The girl collecting the most socks will be crowned Sock Queen.

Bee Baxter, Alpha Chi Omega, was elected president of Junior Panhellenic. Other officers are Diane Johnson, Alpha Xi Delta, vice president; Jeanne Stickler, Kappa Kappa Gamma, secretary.

In the Panhellenic meeting Monday, Helen Snyder, dean of women, said that down slips were still in the process of being distributed because of the increased number. There will be 6000 downs distributed this semester.

The scholarship committee is starting a file on the various women's honoraries and the requirements for each. The file will be placed in the Panhellenic office upon completion.

Registration Due Dec. 20

Second semester schedules and worksheets are now available at 208 Administration or 207 Ag Hall. All undergraduates should immediately make appointments to see advisers. Pre-registration must be completed by Dec. 20.

Instructions for all details of registration, fee payment, drops and adds are on pages 3-5 of the schedule.

group known as "the Bees."

This was followed by a 1984 presentation of the "Cosmo-Astronauts," done by the Beta Theta Pi fraternity. It showed Russians and Americans in contention, and followed them as they traveled to Mars and were there taught the secret of the Brotherhood of Man by the Martians who joined two men together in a union of perfect harmony. The skit presented a point well-taken in our troubled times and was awarded the first place prize in skit competition.

The final act was a barbershop quartet called the Clippers, who ended the program on a note of beautiful barbershop harmony.

The concluding moments of this, the fall show of Kosmet Klub, witnessed the presentation of 1963 royalty which culminated in the

crowning of Dick Callahan as Prince Kosmet and Cindy Tinan as Nebraska Sweetheart.

Throughout the show the audience was pleased by the collegiate humor of the extremely capable Master of Ceremonies, Jerry DeFrance, who did an excellent job of keeping the crowd entertained.

Although it grew a bit long and the acts dragged somewhat at times, the 1963 Komic Kapers was as a whole very well executed, and all those who participated in its presentation should be commended for a job well done.

Architect Says Students 'Must Prepare'

Dr. Harry Weaver, assistant dean of Arts and Sciences in charge of placement, and L. A. Enersen, a Lincoln architect, spoke at Career Conference held Monday Night. Enersen spoke on the latest advancements in architecture. He said that now is the time students should prepare themselves for their careers.

Bill Harding, public relations chairman said that his is the third conference of a series and urged that the conferences continue.
