Loans Available
 Student loans under the National Defense Education Act can amount to \$1,000 per year. Interest at 3 per cent begins one year after the student leaves the University; no interest is charged while the student is in school.

Finalists for the 1964 Ideal Nebraska Coed and Outstanding Collegiate Man competition were announced yesterday.

Winners will be selected from these fourteen junior men and women students and announced at the annual performance of Coed Follies on February 28.

The finalists, selected on the basis of scholarship, poise, personality, activities and leadership are:

—Susan Ayres, has a 6.3 grade average and is a speech major. She is also a member of Alpha Phi sorority, serves on the Student Council, AWS Junior Board and Orchestral Executive Board.

—Karen Benting has a 7.2 grade average and is an English major. She is a Regents scholar, the president of Builders, a member of Student Council, a Panhellenic delegate, and a member of Pi Beta Phi sorority.

—Nancy Holmquist has a 7.3 grade average and is majoring in English. A Regents scholar, she is vice-president of Builders, and is on the executive council of her sorority, Delta Gamma.

—Barbara Ann Pandzik, an art and English major, has a 7.9 grade average. She is a Regents scholar, scholarship chairman of her sorority, Gamma Phi Beta, and a member of Alpha Lambda Delta honorary society.

—Jean Probasco, is a political science major and a Regents scholar with a 8.2 grade average. She is a vice president of Builders, a member of Student Council, as well as Alpha Xi Delta sorority.

—Joanne Skinner is a Regents scholar, is majoring in home economics and holds a 7.5 grade average. She is a council member of the National College Home Economics Association and a member of Alpha Chi Omega.

—JoAnn Strateman, has an 8.6 grade average and is majoring in German and French. A National Merit Scholar, she is a member of Delta Phi Alpha honorary and Kappa Alpha Theta sororities. Finalists for the Outstanding

Collegiate Man title are:

—Thomas G. Schwenke, has a 6.0 average and is a pre-law major. He is the president of Kappa Sigma fraternity, the president of Region 11 Association of College Unions, and has been named an outstanding Union worker.

—Michael L. Barton is a Regents scholar with a 6.9 grade average and is a sociology major. He is a member of Student Council, the Governor's Council of Youth, and Phi Kappa Psi fraternity.

—John H. Lonnquist Jr. is an English major and a Regents scholar with a 7.4 grade average. He is on the Interfraternity Council President of All-University Fund committee, and is a member of Beta Theta Pi fraternity.

—Tom Kort is an IFC and Regents scholarship winner with a 7.8 grade average, and is majoring in pre-law. He is on the Student Council Executive Board, and is a member of Beta Sigma Psi fraternity.

—Gary Fick is a Regents scholar with a 8.6 grade average and has been awarded a National Science Foundation research grant as an undergraduate. He is an agronomy major and a member of Burr Hall.

—Glenn Korff holds a 17.2 grade average as a pre-medical student. He is a member of Kosmet Klub, president of his fraternity, Sigma Phi Epsilon, and a delegate to the Big-3 Student Council Convention.

—John E. Lydick has a 6.3 grade average as an engineering major. He is a Regents scholar, a member of Student Council, and scholarship chairman of Delta Tau Delta.

NU Debators Win Trophy At Tourney

Ten members of the intercollegiate debate squad, under the direction of Dr. Donald Olson and Dr. John Petelle, participated last week in the Twentieth Annual Speech and Debate Tournament at Wisconsin State College in Eau Claire, Wisc.

Of the five categories of individual speech events, Bill Harding placed first in after-dinner speaking, bringing home a trophy for the Nebraska team.

In senior division debate, the Nebraska teams of Bud Kimball-Donn Rojas and Lynn Griffin-Bill Harding each had two wins and three losses.

In junior division debate, the Nebraska teams had the following records. Bill Wood and Byron Lee, four wins and one loss; Terry Schaff and Roger Doerr, three wins and two losses; Susie Segrist and Kathy Shatuck, one win and four losses.

Nebraska was one of 35 schools from eight states who participated in the tournament.

Douglas Has 10:30 Forum

Senator Paul Douglas of Illinois will participate in a news forum this morning at 10:30 in the Nebraska Union ballroom.

Douglas will be accompanied by three Washington correspondents for the forum sponsored by the Union talks and topics committee. The correspondents include: Neal Stanford, CHRISTIAN SCIENCE MONITOR; Lucian Warren, BUFFALO COURIER-EXPRESS and John Metcalfe, syndicated news columnist.

McConnell Paper Discusses USSR

C. R. McConnell, Professor of Economics, will present a paper, "Whither Soviet Growth?", Thursday, at 7:30 in 235 Student Union.

The paper will examine past and present Soviet economic growth and development and will emphasize factors that are likely to be important in the future performance of that economy.

Interested faculty, graduate and other advanced students are welcome. Coffee and group discussion will follow presentation of the paper.

EXCITING THINGS HAPPEN AT FORD MOTOR COMPANY!

Good news for aficionados of medium-cubed V-8's who prefer to remain shiftless!

Four-on-the-floor is fine but not everyone's cup of tea. If you're an automatic devotee, we think you'll be cheered by what Ford Motor Company transmission engineers have designed in the way of exciting goodies to go with our new hotter V-8 mills in the medium-displacement class. It's a spanking new 3-speed automatic drive that adds more muscle without extra muscle in Comet, Fairlane and Ford models for '64. Among its many virtues: less avoidpous... fewer parts... smoother take-offs... up to 35% more go in Low... extra braking in downhill work... whisper-quiet in Neutral... quarterback-style passing performance!

The men at Ford who design such intricacies as transmissions are not just walking slide rules or talking computers. They're men who get excited about cars and the fun of driving them. They enjoy meeting challenges like "Design a new automatic drive with 4-speed stick-shift performance built right in." Frankly, they are among the most avid car buffs around and it shows in their work!

More proof of the exciting things that happen at Ford Motor Company to bring brighter ideas and better-built cars to the American Road.
