YR's Rally Is Planned

The Young Republican (YR) clubs of the University, Lancaster County and Wesleyan will jointly sponsor a rally and parade May 7 at 7 p.m. originating at the north door of the Union.

YR's will rally behind signs of the candidates of their choice for president, governor and lieutenant governor.

President Bill Harding described the two-fold purpose of the rally as "to impress upon the voter that there is a primary May 12, and to give the Republican candidates for national and state offices a chance to present their views and themselves to the public."

The parade will start from the front of the Union, pass in front of Selleck Quadrangle, down 16th street in front of the fraternities and sororities and then proceed to O Street and back to the Union.

The candidates or their representatives will give a five minute talk and then be open for questions, according to Doug Paine, YR campaign co-chairman. National candidates signs will be furnished.

lution in knowledge and skills. The good life is not possible for either whites or Negroes in our epoch without sustained schooling of the highest order. If there is a single, heart problem and necessity for America now, it is education. Proper schooling for nineteen million Negroes is not merely their right, it is the nation's urgent necessity.

If we fail in this we shall have on our hands, without the slightest doubt, an immense body of unemployed, Negro and white. Those who now worry about crime, about the size and cost of government, of welfare and policing agencies, have seen nothing compared to what is coming unless we now make education for all our prime order of business.

Museum Has Largest

Morrill Hall, containing 2.5 million museum specimens, displays the world's largest dog, camel and elephant. The elephant and camel were both found in Nebraska's rich Agate Fossil Beds in the western part of the state.

THE TROUBLE WITH SPORTS SHIRTS IS WHEN YOU WEAR AN ORDINARY TIE WITH ONE YOU LOOK LIKE A GANGSTER

HOWEVER there are times that are a little too dressy for an unadorned throat (as when you're wearing a blazer), and for these the Ascot is finding increasing favor. Women apparently find them madly attractive, and men like their go-to-hell feel once they get around to wearing them. The trick seems to be in tying them; actually, there is nothing to it. All you do is slip the Ascot around your neck, inside the collar, and loop one end over the other below your adam's apple; and loop it twice so it won't slip down your chest after awhile. * It just so happens that, foreseeing this demand, we have gone into the Ascot game. You will find a nice selection at your Eagle Ascot store, which is the same store where you buy Eagle Shirts. * Not to change the subject, but this magnificent short-sleeve sports shirt at about \$9.00 which we have portrayed here is an exclusive Eagle pattern in two-ply cotton oxford, and comes in blue, green, or burgundy stripes alternating with skinnier black ones on an Eagle's Cream ground. * We also have a magnificent matching check; let's see if we can describe it: it's something as though we ran transverse stripes in the same colors across this pattern. No, that's a terrible description, you'd better go take a look for yourself. If you don't know where that would be, drop a line to Miss Afferbach and she'll write right back with the news.
