

Gusts Buffet Spring Games

Mud, Water, Dirt Add To Discomfort

Splash — Brrr. These two sounds best describe the fun, the mood, and the weather for the annual Spring Day, 1964.

Friday afternoon's events, held at Ag Campus, were harassed by high winds and cold weather. Blowing dirt added to the inconveniences of the weather.

The splashes came from the tug-of-war events and the log pillow fight. Muddy water and cold winds caused the brrs to be uttered by drenched participants.

Muddy tennis and grubbies were the order of the day as coeds flopped into the tug-of-war mud hole, and barefooted fellas slipped from their high perch on a log into another muddy hole.

By the time finals on the log pillow fight came around, the log was so thoroughly saturated with water and mud, that it was practically impossible to even stand straight, let alone fight.

Another highlight of the afternoon as the event in which squealing coeds undaintly dug around in a pile of hay looking for a needle. No one was stuck, however, since the "needle" was a big red tooth pick.

The bicycle steeple chase put a real test of endurance to the fellas, as they raced around the track, across the

damp grass on the center of the track, and under ropes stretched between two trees. One student was helped off the track after his bicycle overturned in the midst of three of four other accidents.

Spring Day awards were presented to the winning houses Saturday at Ivy Day. First place in over-all women's events went to Sigma Kappa, second to Alpha Xi Delta, and third was a tie between Love Memorial Hall and Kappa Kappa Gamma.

First place in the over-all men's events went to Sigma Chi, second to Ag Men, and third was a tie between Alpha Gamma Rho and Sigma Phi Epsilon.

In the women's games, Sigma Kappa won first place in the tug-of-war, Alpha Xi Delta came in second, and Love Hall was third.

In the jump rope event, first went to Love Memorial Hall, second to Alpha Xi Delta, and third to Kappa Delta.

The roller skating relay was won by Cindy Tinan, Judy Pierce, Patty Knapp, and Judy Luhe for Kappa Kappa Gamma, while second went to Fedde Hall, and third to Sigma Kappa.

Alpha Chi Omega was first in the obstacle race, while Sigma Kappa came in second and Chi Omega was third.

Mary Green won the needle in the haystack event for Sigma Kappa, Roberta Layton came in second for Zeta Tau Alpha, and Ruth Thomassen won third for Love Hall.

In the men's games, the tug-of-war was won by Farm House, while second went to Sigma Chi, and third to Alpha Gamma Rho.

Denny Albers won the log pillow fight for Sigma Chi, Ed Anderson won second for Alpha Gamma Rho, and Sigma Alpha Epsilon came in third.

The log throw was by Bob Caster of Sigma Alpha Epsilon, second went to Steve Olson of Sigma Chi, and third to Larry Tomlinson of Kappa Sigma.

First place in the bicycle steeple chase went to Ag Men, second to Beta Theta Pi, and third to Phi Gamma Delta.

In the push ball event, first went to Sigma Phi Epsilon, second to Sigma Chi, and third to Ag Men.

Top Students, Houses Get Recognition

Linda Larson, Maureen Frolik and Gary Radil were honored as the top scholars in the senior class at the University's Ivy Day festivities.

Miss Larson and Miss Frolik were cited for the Senior Women's Scholarship cup, usually awarded to the top woman, because their averages were so close. Miss Larson has a seven-semester average of 8.649 and Miss Frolik has an average of 8.640.

Miss Larson is majoring in psychology in the College of Arts and Sciences. Miss Frolik is majoring in French and English in Teachers College and the College of Arts and Sciences.

Radil has an 8.542 grade average.

The Mortar Board Scholarship-Activities Trophy was presented to Chi Omega sorority. Delta Gamma was second, Kappa Alpha Theta, third Pi Beta Phi, fourth and Gamma Phi Beta, fifth.

The Innocents Scholarship-Activities trophy was won by Farm House with Beta Theta Pi, second, Alpha Gamma Rho placed third.

Winner of the American Association of University Women's award, presented to the senior woman on the basis of scholarship and professional interest was Diane Armour.

The E. F. Schram Award, presented by the Interfraternity Council to the fraternity whose overall scholarship has improved the most during the year, went to Phi Gamma Delta. The fraternity's grade average went from 5.002 to 5.389.

The C. B. Schultz Community Service award, presented in honor of Dr. C. B. Schultz, curator of the University Museum, to the fraternity which has contributed most to community service during the year, went to Sigma Nu for the second year in a row.

The Alpha Tau Omega "Help Week Trophy" was awarded to Beta Theta Pi fraternity.

OOOOHH, MYYYYY — Both contestants in the Spring Day log pillow fight seem to be slipping, bound for a mud bath. The strong winds Friday may have aided their fall.

chairman of the Interfraternity Council's judicial committee, president of the University's Student Education Association, a Nebraska Career Scholar, and pledge trainer of Phi Delta Theta fraternity.

Gary Oye, sergeant-at-arms. He is a junior in Business Administration, treasurer of Corn Cobs, chairman of the Student Council parking committee, holds a J. Kenneth Cozier, Regents' and Donald Walters Miller scholarships, and is president of Sigma Nu fraternity.

Other new members: Dennis Swanstrom. A junior in the College of Agriculture and Home Economics; is Spring Day chairman, vice president of Corn Cobs, chairman of the Student Council Seniors' Program, a Prince Kosmet finalist, and president of Farm House fraternity.

Glen Korff, is a junior in the College of Arts and Sciences, member of Kosmet Klub, member of the Judicial Committee of the Interfraternity Council, chairman of the Student Council Associates program, Outstanding Collegiate Man finalist, and president of Sigma Phi Epsilon fraternity for the second year.

David Kittams, is a junior in the College of Arts and Sciences, president of the Residence Association for Men, president of Theta Nu, member of activities committee of Student Council, and holds an undergraduate assistantship in the department of chemistry and a General Motors honorary stipend.

Thomas Schwenke, a junior in the College of Arts and Sciences, is vice president and past rush chairman of Interfraternity Council, secretary treasurer of the Nebraska Union Program Council was historian of Kosmet Klub, outstanding collegiate man finalist and president of Kappa Sigma fraternity.

Thomas Brewster, a junior in the College of Arts and Sciences, is president of the Interfraternity Council, member of Student Council, past secretary of the Interfraternity Council, a member of University Meds, a Regents' Scholarship winner, and past rush chairman of Sigma Chi fraternity.

Gary Fleck, a junior in the College of Agriculture and Home Economics, is president of Alpha Zeta honorary, president of University 4-H Club, a member of Ag Executive Board, Independent Spring King, holds a National Science Foundation undergraduate research grant, and is receiving a national Alpha Zeta scholarship and a Donald Walters Miller Scholarship.

Tom Kort, a junior in the College of Arts and Sciences, is a member of Kosmet Klub, Student Council executive committee, was a finalist for Most Eligible Bachelor, Outstanding Collegiate Man finalist, holds a Regents' Scholarship and is president of Beta Sigma Psi fraternity.

Robert Kerrey, a junior in the College of Pharmacy, is second vice president and past chair-

man of the Student Council welfare committee, a Prince Kosmet Finalist, member of the Fraternity Management Association, of Interfraternity Council, Kappa Psi, and vice president of Phi Gamma Delta fraternity.

Thirteen other coeds were masked as members of Motar Board. Selection is made on the basis of leadership, scholarship, and service to the University.

The other officers are: Nancy Holmquist, vice president; Lynette Loescher, secretary; Peggy King, treasurer; and Betsy Nore of Genoa, historian.

The new members and their activities are: Miss Skinner is in the College of Agriculture and Home Economics, a member of Alpha Lambda Delta, past secretary of the Home Economics Club, past president of Ag Union, 1962 Varsity Dairy Princess, 1963 Homecoming attendant, page in the 1962 Ivy Day Court and chairman of the University 4-H Club. She is a board member of Associated Women Students and president of her sorority, Alpha Chi Omega.

Nancy Holmquist, a junior in Teachers College, is a member of Alpha Lambda Delta and Pi Lambda Theta, was a member of the 1963 Ivy Day Court and was named 1964 Ideal Nebraska Coed. She is a member of Angel Flight, board of Associated Women Students, and vice president of Builders. She is president of her sorority, Delta Gamma.

Lynette Loescher, is a junior in Teachers College and the College of Arts and Sciences, a member of Alpha Lambda Delta, past member of the varsity debate squad, member of the 1963 Ivy Day Court, vice president of All-University Fund, president of Red Cross and a member of Chi Omega sorority.

Peggy King, is enrolled in Teachers College, and is a member of Alpha Lambda Delta and Pi Lambda Theta and the Nebraska Career Scholars Program in educational psychology. She is past secretary of Unicons and is president of YWCA.

Betsy Nore, a junior in the College of Teachers and Arts and Sciences, is a member of Alpha Lambda Delta and the Nebraska Career Scholars Program in English. She is an assistant chairman in the Nebraska Union, and a member of the 1963 Ivy Day Court. She is a dormitory counselor, a member of People-to-People, was homecoming chairman for Tassels, and vice president of All-University Fund. She is recording secretary of her sorority, Kappa Alpha Theta.

Jo Ann Strateman is enrolled in the College of Arts and Sciences. She is a member of Alpha Lambda Delta and Delta Phi Alpha, she was a chairman in Builders, and was an assistant in All-University Fund, delegate to the 1963 Midwest Model United Nations, a member of the Council on Religion, Associated Women students board secretary, and is the new first vice president of Student

Council. She is standards board chairman of Kappa Alpha Theta sorority.

Jean Probasco a junior in the Colleges of Arts and Sciences and Teachers, transferred from Cottey College where she was a member of Phi Theta Kappa honorary. A past chairman in Builders, and is a present Vice president; she was treasurer of the 1963 Spring Day Committee and is treasurer of Student Council, president of Pi Lambda Theta, and president of Panhellenic. She is a member of Alpha Xi Delta sorority of which she is recording secretary.

Joan McGuire enrolled in the College of Agriculture and Home Economics, is a member of Alpha Lambda Delta and Symphonic Band, past vice president of Ag YWCA, member of the 1963 Ivy Day Court, outstanding sophomore woman of Independent Women's Association, chairman for Hospitality Days, member of Ag Executive Board, Home Economics Club, and president of the University 4-H Club. She is standards board chairman of Love Memorial Hall.

Barbara Pandzik, a junior in the College of Arts and Sciences, is a member of Alpha Lambda Delta and the Nebraska Career Scholars Program in English. She is a past member of Cadence Countesses and the Scrip staff, is secretary of Red Cross and secretary of All-University Fund and chairman of the questions committee of Quiz Bowl. She is a member of Gamma Phi Beta sorority.

Karen Bending is enrolled in Teachers College, a member of Alpha Lambda Delta and Pi Lambda Theta, the Nebraska Career Scholars Program in educational psychology, Teenage Project, secretary of Student Council and president of Builders. She is a member of Pi Beta Phi sorority.

Jane Benda a junior in Teachers College, is a member of Pi Lambda Theta, past president of Women's Athletic Association, now serving as vice president of Tassels and president of Associated Women Students. A finalist for 1963 Homecoming Queen, she is a member of Alpha Omicron Pi sorority.

Robert Kriz is a transfer student from Lindenwood College and is enrolled in Teachers College. She is secretary of the Physical Education Club, a member of Orchestis, Tassels, treasurer of Builders and president of Women's Athletic Association. She is a member of Alpha Phi sorority.

Sandra McDowell is a junior in the College of Agriculture and Home Economics. She is past Ag Union assistant, past member of Student Council, Miss Block and Bride, and a member of the 1963 Ivy Day Court. She is a member of Ag Executive Board, assistant chairman of Hospitality Days, Nebraska Honey Bee Queen, president of the Home Economics Club, and past president of her sorority, Alpha Xi Delta.

Suzie Walburn is a junior in Teachers College. She is the past president of the Big Eight Panhellenic, the 1963 AUP activities Queen, and a member of the 1963 Ivy Day Court. She is the past president of Panhellenic and is currently president of the Nebraska Union Program Council. She is a member of Alpha Chi Omega sorority.

NU's Team Loses At Big Eight Q-Bowl

The University Quiz Bowl team lost to the University of Colorado by 265 to 235 in a first round match at the Big Eight quiz bowl meet.

A University quiz bowl team member said that the procedures and general set up of the Oklahoma meet hindered both teams to a large degree. For one thing there were no electronic devices for scoring or for the purpose of recognizing the players. Instead team members had to raise their hands to be called on to answer the questions and spotters in the audience had to decide who raised their hands first.

He felt that since the questions were so simple and members of both teams raised their hands almost simultaneously, it was difficult to tell who was first.

Although the rules were the same, the people directing the meet weren't as familiar with them as the committee who directed the quiz bowl meets here at the University. An example was given with the "toss-up" questions. The rules plainly state that if the moderator is interrupted before he is finished giving the question and the answer is wrong, that team loses five points and the other team gets the opportunity to hear and answer the question without being pressured by the other team.

However, the University quiz bowl team member said that several times the Oklahoma moderator didn't stop when interrupted before finishing the question and the answer was wrong. He said that all the teams attending were rather disappointed with the proceedings.

This year's committee is hoping that in the near future the University quiz bowl team will be able to attend the nationally televised G.E. College Bowl in New York in addition to the Big Eight Competition according to Cuz Guenzel, quiz bowl committee member.

Interviews for next years committee are being held Wednesday night at 7 p.m. Interview times and applications can be found on the Student Council door in the Student Union. They must be returned to the Student Council office by 5 p.m. Wednesday.

The interviews will be for overall chairman, publicity chairman, questions chair-

man and arrangement chairman. Anyone with at least a 5.0 average may apply for these committee positions.

Law Officers Meet Today

The annual Nebraska Law Enforcement Institute begins today at the Nebraska Center for Continuing Education.

The five-day institute is held each year to update law enforcement officers from state, city and county agencies on the newest developments in the field.

The program has been set up this year to deal specifically with problems of sex crimes, jurisdiction of federal officers, burglaries of safes, auto theft investigation and traffic accidents.

Some of the highlights of the 1965 session:

—8:45 a.m. Tuesday, "Sex Crimes," an address by Rosister C. Mullaney, special agent, Federal Bureau of Investigation;

—8:45 a.m. Wednesday, "The Role of Rumor in Police Work," address by Nelson A. Watson of the International Association of Chiefs of Police, Washington, D.C.

—8:45 a.m. Thursday, "The Jurisdiction of Federal Officers," by Charles H. DeFord, special agent in charge, F.B.I., Omaha;

—10 a.m. Thursday, special panel of newspaper editors will discuss police-press relations. The panel will include Norm Francis, Dr. William Hall, Derral Ludi, Bilbert Savery and Bob Taylor.

—8:45 a.m. Friday, "Burglaries of Safes," a discussion by representatives of the Mosler Safe Co., Chicago.

Expanded Corn Is Tested Enzyme Use Adds To Gains

The use of "expanded" corn—somewhat on the same principle as popcorn—in experimental cattle rations at the University did not significantly increase gains except in conjunction with enzymes.

This was the report on one feeding trial given by Dr. Walter Woods to those attending Feeders Day here Thursday. Expanded corn was used in order to try and take advantage of possible increases in efficiency found when grains are processed, he explained.

Previous laboratory work had revealed that enzymes exhibited a greater effect on processed or gelatinized starch than with raw starch or unprocessed grain, the livestock researcher said.

In initial trials, it was found that cattle would not consume adequate quantities of rations high in expanded corn. When the level of expanded corn in the ration was lowered to not more than 10 per cent, however, increased gains were recorded.

Further feed tests showed that adding one pound of extra finishing ration of corn and alfalfa hay did not increase beef animal performance. However, adding an enzyme preparation appeared to increase daily gains in this case. The over-all increase to enzyme supplementation was 3.8 per cent in an average of seven comparisons, Dr. Woods stated.

On another subject, Dr. Woods reviewed research designed to answer more precisely the relative feeding value of milo and corn. The ratio of milo being 90-95 per cent the value of corn, accepted for several years, has been questioned in many quarters, he pointed out.

He cited the results of a North Platte Experiment Station test which indicated that cattle are more milo than corn, gained essentially the same but required more milo per 100 pounds of gain. Part of the reason for reduced efficiency may be the compact or "hard" nature of milo starch as compared to corn, he reasoned.

Dr. Charles Adams, head of the University meats laboratory, said one of the prime problems of red meat production continues to be that of returning the value of more desirable carcasses at the retail market to the producer.

Through proper breeding, feeding and management, carcasses which are over-finished, "wasty," and less desirable can be eliminated. But under present conditions, all carcasses are averaged out and no difference is reflected back to the producer, he explained.

1. I've decided on the kind of job I want when I graduate.

Knowing you, I'd guess it to be something modest—like Secretary of State or President of GE.

2. I hadn't thought of that specifically. What I had in mind was a job where they give you a lot of assistants. I think that would be nice.

Very nice. Maybe they could start you off at a limited grade?

3. Well, I did run an extremely successful Nickel-and-Pickle sale.

Don't forget to demand plenty of stock options!

4. You think maybe I should limit my sights a little.

I'm afraid to tell you what I think!

5. I'd be willing to settle for a vice-presidency.

Look—why don't you see if you can qualify for one of Equitable's executive training programs. The work is interesting, the pay is good. And if you prove you have the ability, you may very well end up with a title and a couple of assistants!

6. You really have a way of seeing through a problem.

Rooming with you has taught me a lot!

Make an appointment through your Placement Office to see Equitable's employment representative on March 5, or write to William E. Blevins, Employment Manager for further information.
