

Huskers Cribbed!

By James Pearse
Like the weather of late, Missouri's Tigers came roaring out in the second half of play Tuesday night and stormed on to a convincing 84-66 win over the Cornhuskers.

Mizzou quickly shattered the pattern of what had been a close contest by rushing to a 58-35 lead in the first six minutes of the second half after leading only 37-32 at the intermission.

Nebraska played well enough in the opening period to merit a half-time lead, but the 46% shooting of Missouri kept the Huskers cribbed. With Bob Gates handling the team in the absence of ailing Coach Cipriano, Nebraska started without their press.

Good board work by Nate Branch and Jerry Spears, plus the early scoring punch of Coley Webb enabled the visitors to hold leads on four occasions during the first half.

Webb finished the night as high scorer for the Huskers

cause, as well as top rebounder. He collected twenty points and ten rebounds.

Along with Webb, Branch was a bright spot on a dark night. Nate has never been more effective on the boards, and he contributed eight points to the team's total.

Last Friday night was an unusual night at the Nebraska coliseum. Besides referees getting knocked down and Nebraska blowing a big first half lead to pull it out in the end, the Husker-Oklahoma game attracted the wildest group of fans in a long time.

Fans, sixty-two hundred strong, packed the "old barn" (as it is affectionately known to other Big Eight Schools) to hoot and holler. This is great, but the times and the way in which the fans hooted and hollered in my opinion left a lot to be desired.

These so-called Nebraska boosters booed their own team! I see no reason to pull punches, so for those who weren't in attendance, here is what happened.

First, there were many cries of "Put in Hare! We want Hare!" and so forth. As one might know if he reads this column regularly, this writer fully agreed with the people who were yelling things to this effect—what I object to is any display by the home crowd that reflects badly on our home team or our coaching staff.

The "Put in Hare!" yells were in no way the worst offense by the crowd, for when Coach Cipriano substituted Joel Kortus into the game, Kortus was roundly booed by the home crowd. How anyone could have played after a greeting like that, I'm sure I don't know. Kortus looked to be visibly shaken at the time, but he recovered to play one of the finest games of his varsity career. Cipriano's move of putting in Kortus, however illogical it may have seemed to the crowd at the time, proved to be one of the bright spots of an otherwise ragged game. Without Kortus, Nebraska might not have won.

In addition, there was a big round of applause when Jerry Spears went out of the lineup late in the second half. It is not unusual to applaud a fine effort, but one had vague suspicions that the majority of the fans were not applauding Spears for his game effort, but for the fact that he was making his exit. This was grossly unfair to Spears, because he had played the game at close to maximum effort. That's about all one can expect from any player—regardless of his ability.

IMFormation

In a game played last week the Dents beat the Ed Psychs by one point. A dispute, however, arose in the scoring of the game as the individual scoring totals showed the Ed Psychs the winners by one point.

The game was replayed Friday afternoon to resolve the differences. The Dents came out on top in the second game 49-43. This game was as close as the first one through three quarters, when the Dents then put four points additional cushion on their lead for the final margin.

Allen Olsen scored 22 points for the Ed Psychs high point production. Dave Theisen backed him up with 12 points in the losing cause.

John Hines potted 24 points for the Dents to take game honors.

In another game replayed Friday the Gunners downed Durham 55-38.
