STUDENT UNION

1. Hitting the books?
No, I was just thinking about what to give Sue. It's our anniversary.

2. You're not even married.
We've known each other three full weeks.

3. You give a gift every week?
We try to remember the important dates.

4. Isn't that overdoing it a bit?
Not when you're in love.

5. You'll be broke before you get to the altar.
Oh, we're very practical. Sue gave me a pocket pepper grinder and I gave her my B+ theme on Parental Attitudes Among the Arakwal Indians.

6. If you really want to be practical, why don't you get a Living Insurance policy from Equitable—and give her security. That way, when you get married, you'll know that she and the kids will always be provided for if something should happen to you.

Swell idea. Now, what do you think she'd like for National Crab Apple Day?
