Program To Laud Caribbean

The Nebraska International Association will present "Caribbean Night" on Saturday, April 3, at 8:30 p.m. The program will present a flare of the Jamaican mood with music and dancing featuring the Calypso, Cha Cha, and Jamaican Ska.

No admission will be charged for the presentation which is scheduled to take place in the South Party room of the Nebraska Union.

Since the birth of Jamaica as the first nation in the British West Indies in August of 1962, the islands of the Caribbean have sought to make their impression on the rest of the world. The popularity of Jamaican music and dances has accomplished this task.

Their dances typify the various aspects of their culture, such as fishing, rowing, and donkey riding. The dances that have found acceptance around the world in recent years which come from the West Indies were originated nearly as far back as the beginning of their culture.

The N. I. A. program will provide an opportunity to see and learn these dances from the Caribbean.

A dance contest will be held, and prizes given to the winners.

Union Will Sponsor Trip To Indian Hills

The Nebraska Union Trips and Tours Committee will sponsor a bus trip to "Greatest Story Ever Told" at the Indian Hills Cinerama April Fourth.

The price of the trip will be \$4.90. This will include bus buffet supper in Omaha. Interested parties must sign up in the Union Program Office with Rich Scott by March 30.

The bus will leave at 12:15 Sunday afternoon from the south door of the Nebraska Union.

## —Skirting Other Campuses— Boys To Get Off Free For K-State Late Dates

Usually the boy gets stuck with paying for the extra minutes on Late Date Night. However, at Kansas State University this is not the case.

Penny-A-Minute night will be tonight with closing hours extended to 1:30 p.m.

Coeds will pay one cent for herself and one cent for her date for each minute they are out past 1 a.m.

Maximum charge is 50 cents per person. The money will go toward the Associated Women Students scholarship and the Books for Asian Students drive.

From the Colorado Daily at Boulder comes this "Clarification": Phi Kappa Tau President Gary Miller said last night he was misquoted in a Daily article on Monday, Greeks Deny Discrimination.

Miller said he was asked the specific question, "What would be the reaction of your national and your alumni if your pledged a Negro? He answered this question by saying, "It doesn't make a hell of a lot of difference what people outside say. Our chapter is just going to do what it wants to do."

The quote was taken out of context.

From The Daily Californian comes two letters to the Editor.

tor, an article on "Obscenity" and one on changing rules.

To the Ice Box:

Attention: Justin A. Roberts. If the Daily Californian is the voice of students on this campus then may I suggest that in place of using the pronoun "we" in your editorials, you use "I".

The number of students for whom you speak when you utilize the aforementioned pronoun is unknown to me. I do, however, know that your "we" does not often apply to me. Lee R. McDaniels, senior, criminology.

To the Ice Box:

I was somewhat amused to read that the "Senate (ASUC) has acted on Selma" in today's Daily Californian. I am wondering how this organization, to which I involuntarily find myself paying dues, has acquired the power to speak for me in political matters. I would be much happier if the ASUC would stay within its constitutionally delegated authority — that of deciding where to put the University's bubble gum machines. Thank you, Bruce V. Cole, senior, civil engineering.

Assemblyman Don Mulford, saying the University doesn't have the authority to "remove students who are sleeping in the buildings" of the campus,

introduced a bill today making it a school official's order to leave the campus.

Mulford said he wanted to give to the University regents and the campus administration, the power "to remove from the campus the professional agitators, the beatniks, the mentally ill, the untouchables, the unwashed, the filthy individuals who have been involved in student demonstrations, including open defiance of law and order."

The Oakland Republican said constituents had complained to him that "barefooted beatniks" were sleeping in the Berkeley student union.

## Twelve Freshmen Chosen For Ag Honors Program

Twelve University freshmen in agriculture have been selected to participate in the College of Agriculture and Home Economics Honors Program. These students, representing the top eight percent of the freshman class, are currently enrolled in the first honors course, "Introduction to Agricultural Science."

The students, chosen on the basis of their high school records or their first semester records, will plan their own graduation requirements and submit them for approval to the Honors Council. For their junior and senior years they

will attend departmental seminars and will be assigned research problems in areas of their special interests.

The purposes of the program, according to Dr. Franklin Eldridge, director of resident instruction, are to permit the student to build a more individualistic educational program, to encourage the participant to move into advanced courses earlier, to give more concentrated individual counseling, to allow for more rapid educational progress and to stimulate the superior student through recognition.

The students are: Charles Albright, Jerry Lee Andersen, Terrance Cacek, Wayne Geyer, Charles Juricek, Lloyd Reeder, Richard Ronnenkamp, Gene Selk, David Shoemaker, Gene Thomas, Gordon Vavrick and Kenneth Volker.

## Newest Fashions a 'Strike' for Campus Bowling Date

A wonderfully young, lean and leggy look themes Karen Dahlgard's newest group of bowling date coordinates for the Spring '65 "Her" Pro-Shop collections of McGregor-Doniger. Created with America's collegiate fun loving bowlers in mind, above-the-knee hemlines and freedom of action dominate throughout.

The collection features an exciting new fifty-fifty blend of avril and cotton that has the fashion-important look of mubby textured linen and just enough stretch to 'give' when action calls for it. The new fabric is known as linspand and Miss Dahlgard teams it with a soft-to-the-hand dacron and cotton broadcloth in a meadow fresh sweet clover print in echoing pastel shades.

Several breezy variations of the pant theme are highlighted in the collection, authorized and approved for bowling by the American Machine & Foundry Company, producers of bowling equipment. Shoes, bowling balls and bags are from the AMF Fashion Line.

VERSATILE SKIRT for casual comfort transforms Bermuda skirt into a solid and print combination that's great for a bowling date. Dacron cotton and lycra skirt features zip-front. About \$14. Shoes by AMF.

GREAT FOR A DATE! Bowling is fun, fashionable and inexpensive, too. With the college girl in mind, fashions are now designed by McGregor-Doniger with AMF Fashion Line accessories to match.

ROLLING IN CLOVER is a reality in McGregor's sweet clover dacron and cotton print shirt. Shirt has roll-up sleeves for comfort and bowling ease. Bermudas are exclusive linspand look linspand with a wee bit of stretch. Bowling shoes by AMF.

BOWLING PLEASURE in Sweet Clover dacron and cotton print Bermudas, about \$11; shirt, about \$7. From the Spring '65 "Her" McGregor Pro Shop Collection of active sports fashions approved for bowling by AMF. Shoes and bowling ball from the AMF Fashion Line.
