# 'Outstanding' Nominees...

Continued from page 1

Crowe "considers teaching along with other student activities, his most important responsibility. He uses the latest techniques of presentation, and constantly updates his courses, adding new subject matter obtained from recent research."

In 1958 Crowe received the Distinguished Teaching Award in recognition for his outstanding ability in the field of teaching, according to the letter.

He has also maintained an interest in helping foreign students, the letter said. He served as chairman of the University delegation in 1959-61, "which was instrumental in the development of Ataturk University in Turkey."

Crowe has been an active member and officer of Gamma Sigma Delta, honor society of agriculture and has been advisor to Alpha Zeta, Alpha Phi Omega, Alpha Gamma Sigma, Ag Exec. Board and YMCA, the letter said.

"Although actively interested in many campus organizations and groups, Dr. Crowe's special interest for many years has been the Varsity Dairy Club. He has served as advisor for more than a quarter of a century

and has been instrumental in the function and growth of the organization," the letter said.

"As an adviser he is outstanding because his encouragement and enthusiasm instills in the members the desire to put forth extra effort in support of the organization's activities."

The letter concluded that "perhaps his greatest value as an adviser is the inspiration he gives his students. He has maintained a hearty laugh and a sense of humor, but at no time has he been willing to sacrifice principle for the sake of the widespread popularity he has gained."

## Mrs. Cavett

Mrs. Dorcas Cavett of the Elementary Education Department has been nominated for Outstanding Nebraskan.

The letter of nomination commends Mrs. Cavett for her work with educational television as a modern math teacher. "She has made hundreds of follow-up trips for her programs, mostly on her own time to schools who receive telecasts. On these trips she has conferred with teachers to learn how she can revise and improve her programs."

"Mrs. Cavett is not only outstanding for her teaching ability but also for the desire she instills in her

students to be excellent teachers.

## Dr. Manley

The letter nominating Dr. Robert Manley cites him as "interesting many students to reconsider their future and remain in Nebraska as a teacher. He enhances the last day of class with his guitar and his stories of Nebraska."

"Dr. Manley truly deserves this award. He recently received the Builders

Outstanding Professor Award. He is an advisor to Korean Foreign students and to the Unicorns on the University campus.

"Dr. Manley is always willing to give time to any student or group in or out of the classroom. An example of this was the tour he conducted through Eastern Nebraska. Interested Nebraskans were offered an enjoyable day visiting historic sites, beautiful parks and recreational areas."

Dr. William B. Morgan, Director of the University Theatre, has announced that the theatre's final production of the season, "Anthony and Cleopatra," will be held over for one extra night, Monday, May 24, at the Howell Theatre.

## Joyce Meyer Named Recording Secretary

The new recording secretary of the Association of Students of the University of Nebraska (ASUN) is Joyce Meyer.

Miss Meyer was selected Saturday from among nine applicants.

A sophomore in Teachers College, Miss Meyer is an English major and has an average of 8.076. She is a member of Alpha Xi Delta sorority, and participates in honors English and history programs.

She is active in Angel Flight Builders and Young Republicans.

Last summer Miss Meyer served as secretary in the county attorney's office in York.

## Residency Requirement Shortened

In an attempt to soften the proposed tuition hike, the Legislature passed a law shortening the resident requirement for becoming resident students and thus qualifying for lower tuition rates.

LB 113, approved by a 33 to 12 margin, reduces the requirement from six months to four months of continuous residence in the state.

It also grants resident status to dependents of new staff members of the University.

Sen. Peter Claussen, the chief sponsor of the bill, said it has the effect of reducing from one year to one semester the period during which families moving into Nebraska must pay nonresidence tuition for their children to attend college.
