

# Daily Nebraskan SPORTS

BOB SAMUELSON—Sports Editor

## Webb Top IM Athletic

Jerry Webb, Phi Kappa Psi Junior, has been selected as the Daily Nebraskan Outstanding Intramural Athlete.

Webb narrowly nosed out top-notch contenders Bob Witte, Sigma Nu Junior, Jim Levy, Sigma Alpha Mu fifth year man, and Lynn Allen, Phi Delta Theta senior.

Joel Meier, intramurals chairman, worked closely with the sports staff in the selection of the winner.

The personable Webb has a number of credentials for his honor. He has competed in a wide variety of intramural sports, including softball, volleyball, swimming, track, handball, free-throwing, basketball and flag football.

Webb placed third in the intramural diving, and placed fourth in the intramural high jump.

Webb stands 6'3" tall and weighs in at a solid 210 pounds. His size helped the 'A' championship Phi Psi basketball team garner a good share of the rebounds against their opponents. A consistent scorer all year long, Webb poured in 29 and 31 points respectively in the final two tournament contests. He was a first team All-Intramural pick in basketball.

Because of his size, Webb makes a good target for Phi Psi flag football quarterback, Jamie Amerman. Webb is one of the 'big' reasons for the Phi Psi football success this year.

Sports are not new to the Gering native. While in high school, Webb participated in many sports, and was selected to the All State and All Tournament basketball

Jerry Webb . . . Flanked by intramural trophies he helped Phi Kappa Psi to win.

Through his four years of intramural competition, Lynn won four All-University championships. He won the All-University horseshoe doubles his freshmen and junior years, and is undefeated so far this year. With Jim McGinnis, Allen won two doubles deck tennis championships.

Meier said that "Webb is an outstanding athlete, a hard competitor, and a good sportsman."

We of the Daily Nebraskan second that, and congratulate the Intramural Athlete of the Year, Jerry Webb.

A letter was received from Tom Lewis, nominating Lynn Allen for the Outstanding Intramural Athlete award. Lewis writes:

"He has participated in volleyball, badminton, flag football, handball, softball, tennis, water basketball and basketball during his four years.

"In addition, Allen has served three semesters as intramurals chairman of his fraternity, Phi Delta Theta."

## Goof-Offs' Passing Wins IM Title Whip Phi Psis 32-25...

The Goof-Offs ran and passed their way to the intramural flag football championship by the score of 32-25 over the Phi Psis.

Dale Vachal, Jerry Yeutter, and Darrold Hill played excellent football to lead the Goof-Off offense to its five tallies.

The Phi Psis, led by Jamie Amerman, also displayed a well-balanced offensive attack, but it was on critical interception of an Amerman pass by Hill of the Goof-Offs that halted the Phi Psis final bid to take the title.

On four occasions Vachal of the Goof-Offs leaped high in the air to pull down important passes that lead to scores. It was a Yeutter to Vachal pass that put the cap on the game, spelling the doom of a good Phi Psi team.

Jerry Webb, Jon Jepsen, Marty Plaster, and Bill Marshall scored for the Phi Psis in a well balanced attack that wasn't quite enough to overcome the strength of the Goof-Offs.

The Goof-Offs led off the

see-saw scoring with a 15 yard pass from Yeutter to Vachal. The Phi Psis came right back only 4 plays later on a lateral which passed through the hands of four men. Plaster ended up with the tally, and the Phi Psis took the lead 7-6.

After only 3 plays of the second quarter the Goof-Offs took Yeutter to Vachal to Hill pass covering 50 yards.

The score at half time was 12-7. But there was a lot more to come in the following quarters.

After only two plays of the second half, Marshall of the Phi Psis scored to take back the lead, 14-12.

But on the very next play, Yeutter threw a short pass to Vachal who raced down the field, then lobbed the ball over the defender's head to Hill for the score, making the score 18 to 14 in favor of the Goof-Offs.

Keeping up with the tempo of the game, the Phi Psis scored again to make the score 20-18.

With 3 plays left in the third quarter the combination of Yeutter to Hill gave the lead right back to the Goof-Offs, 25-20.

On the first play of the final quarter the Phi Psi's jumped immediately retaliated with their final tally to end the scoring for the day at 32-25 and to cop the intramural flag football title.

# Larry Kramer Is Chosen University's Top Athlete

By James Pearse

Flanked on one side by a handsome oil of this one year old daughter Kelly and on the other by his quietly attractive wife Sandy, All-America Larry Kramer relaxed in a comfortably stuffed easy chair in the corner of his living room and spoke seriously, humorously, but always congenially about his high school days, college years, family, and future.

"Many things that happen on the practice field are amusing afterwards, but there are a few that are pretty funny as they happen," began Kramer. "I remember one day when Dave Theisen was sprinting down field and all of a sudden his pants dropped down."

Bowl trips, which Kramer has more than contributed to, have provided him with plenty of anxious, thrilling, and comic incidents.

Recalling the Orange Bowl of 1964, Kramer told the story of how he saw Miami.

"After the game the team was to take a bus to the place where the presentation of awards was to be made. Our bus driver apparently did not know Miami any better than we did, and so we spent half the evening hunting for the place. Before the ride was

pounds on his large frame.

The University of Minnesota placed Kramer on their all-state team for recruiting purposes, but Nebraska's call brought the big guy south.

After five years of hard work Kramer graduates in June with a degree in Physical Education from Teachers College. He is rounding out

"Right after graduation I go to Buffalo for the June 26th all-star game, and from there to Minneapolis to join the Minnesota Vikings for training in Bemidji. The camp opens on July 18."

How do you feel about pro-ball?

"I'm going into it with the idea that I'll make it. It's a challenge. VanBrocklin is a tough, outspoken type of coach, but I've played for that type before and I think I can make it."

How does Mrs. Kramer feel about pro-ball?

"I'm glad Larry's going into the pros," says the comely bride of two years. Mrs. Kramer is from Bassett, Nebraska, and met her husband while attending the University. She celebrates her twenty-first birthday Saturday.

When asked if she had any fears about her husband playing the rugged pro-type game, Mrs. Kramer quite frankly responded with, "He's big enough to take care of himself," then quickly looked to see if Mr. Kramer was in agreement. Even if he wasn't there was not much he could do as little Kelly was keeping her fathers' hands full.

The recipient of many honors this season, including all-conference, and everybody's All-America teams, Kramer said that to receive the award as the top athlete at Nebraska was indeed a great honor.

"There is a lot of great talent here and you wonder if you really deserve it when you win an award like this."

Kramer . . . Relaxes in easy chair

over we were all calling the driver Crazy Otto."

Kramer came to Nebraska from Austin, Minnesota, where he attended Austin Central High and participated in basketball, baseball, wrestling, and football.

"Our baseball team was fortunate enough to go to the state tournament three years running." Kramer caught and played outfield in those days when he carried a mere 200

his academic years this semester by student teaching at Lincoln High.

The five years have produced low as well as high points.

"I believe the low point of my career came when was red-shirted after my sophomore season. The high mark has to be this year's team and the way we beat the predictions."

What about the future?

We would like to express our appreciation to the students of the University who have been our fine customers this past year. We have enjoyed serving you and hope that our service has been satisfactory.

To those of you that will be graduating in a few short days, may we wish you good fortune in your chosen careers.

To those of you who will return to the University of Nebraska next fall: have an enjoyable summer; we look forward to serving you again next year.

And to all of you, please accept our thanks for your patronage.

W. E. Goggins  
Robert A. Weber  
The Staff

To go along with his many on field achievements, the modesty this All-America shows establishes him as truly outstanding. He handles whatever situation he is in with poise.

An example comes from his trip to New York for appearances with LOOK All-American team. Preparing to speak to Ella Fitzgerald in hopes of getting her autograph, Kramer was asked by her for his autograph for her son. Following momentary shock, he responded to the situation as he did throughout the week of celebrity meeting and greeting.

Next fall we are confident that Larry Kramer will be competing on the turfs of the National Football League protecting Frank Tarkenton from enemy defenses. He believes quickness is as much a part of the lin duty he will perform as size is. To this end he has been working out on the handball courts this spring, keeping his legs ready and sharpening his reactions. It is this attitude toward his job that will establish Kramer.
