

Surf Trip Scheduled For Break

A surfing trip to Daytona Beach, Fla., during spring vacation is being planned by the Nebraska Union Trips and Tours Committee.

Florida surfing is the newest idea of the committee, which also plans a weekend trip to Chicago next month and the annual ski trip to Colorado during semester break, according to Jeannine Hoyard, assistant committee chairman.

"Daytona is 'the place' to go for college kids," Miss Howard said. "There's really great surf, and people our ages are going there."

The seven-day trip will be during spring vacation and will include a plane ride down and back, rooms and meals at the Daytona Plaza and possibly a trip to nearby Cape Kennedy.

"The hotel is right on the beach," Miss Howard said. "There's also lots of night-type entertainment there, too."

The maximum cost of the trip would be \$150, and only one plane load of students could go, she said.

"If the trip costs any more than that, we won't plan to go," Miss Howard said.

The first trip this year will be Nov. 12-14, the weekend of the Oklahoma State game, when a train will take University students on a trip to Chicago.

"The trip is set up by Burlington Railroad, and will include sightseeing and night-clubbing or a party Saturday night," Miss Hoyard said. There will be no limit to the number of students that can go on the tour, which will cost \$40.

The annual ski trip to Winter Park, Col. will feature something new this year: another group of college students visiting at the same time. "We don't know who they are," Miss Howard said, "but we'll find out and begin planning things with them."

The trip will cost \$75 and will begin as soon as finals are over, she said. About 100 students will be able to go.

Dates for signing up for the trips have not been determined. Questions should be directed to the Programs Office at the Nebraska Union.

Parents Day Program Rescheduled For Spring

Plans were unveiled today for changing the date of Parents Day from fall to spring.

The Innocents Society, principal sponsors of Parents Day, said tentative plans for the new program would allow time for each college to arrange programs for the parents. In addition, all parents would be invited to a special convocation.

"This would allow parents a chance to see the academic side of their children's college lives," said Frank Partsch, public relations chairman of the innocents. "This is what most of them are interested in, anyway."

Although Parents Day was originally scheduled for the day of the Kansas football game, Nov. 6, plans for the change started last spring, Partsch said, with the result that Parents Day was elim-

inated from football schedules. The Innocents do not plan any activities for parents in conjunction with the game, he added.

"Many parents are probably planning to visit the campus on that weekend, anyway, and some living units have coffee hours planned for them. These will undoubtedly come off as usual," he said.

The Innocents' announcement means that the parents of freshmen will not receive until spring an official greeting from the University, the innocents and the student government inviting them to visit the campus on a certain day.

It also means that the innocents will no longer assist the parents of freshmen in finding football tickets for the Parents Day game.
