The student can do his part. Tomorrow night is the rally for the Oklahoma game. Yell King F. C. Green urges all students to participate and make this a rally that would show that there is still something called school spirit lurking on the campus. The new school and state yell will be introduced for the first time.

#### One Game At A Time

Each week Coach Rob Devaney warns his players to take only one game at a time, not to look ahead to a future opponent. Students, stop making Miami plans, take one game at a time. Oklahoma could provide as much of a surprise Thursday as they did last year when they stopped Nebraska 17-7 at Norman, a week after the Huskers had accepted the Cotton Bowl invitation.

Let's find out what the real and authentic sprit is all 50 years.

GO TO THE PEP RALLY!

#### **Deserves King-Sized Bouquet**

and he's had to grind it out the hard way.

"Harry has had to face the unfortunate situation of running into the side where the defense has over-loaded in an attempt to stop us," backfield Coach Mike Corgan said. This is not necessarily indicative that defenses are laying for Light Horse Harry, since opponents frequently over-shift the Husker unbalanced line. But from the right halfback spot, Wilson has been aimed at the overload all season.

When you consider the entire season, "Corgan said. "You'll probably find that Wilson has made more yards after contact than any other back - he's gotten a lot of yards on his own."

Another Wilson asset is pass-catching. He's caught six for 45 yards to go with his four TDs.

"We haven't thrown a lot to Harry, but he's done a good job receiving," Corgan said. Corgan and Head Coach Bob Devaney are in unanimous agreement about on e thing required of Nebraska backs - they must block or go home.

"I'm not taking anything away from Ron Kirkland be-
