

'Legislature Should Appropriate Money'

A special session of the Legislature is the answer to the University's instructional and money problems for next fall, according to Val Peterson.

Peterson, candidate for the Republican gubernatorial nomination, spoke in favor of a special session this week-end during the Republican Founder's Day celebration in Lincoln.

He said that the best way to solve the \$500,000 problem is with an appropriation from a special session.

"The governor should call a special session where the issue can be debated and faced squarely and an appropriation made," he said.

Peterson was the president of the University's Board of Regents before entering the governor's race on the Republican ticket.

He stated that if the University's programs in research must be cut back so that the money can be channeled into instruction, "the governor and the Legislature should say where the cuts should come from."

The very worst approach to the problem, in his opinion, would be overspending by the

University, which would count upon a deficit appropriation by the 1967 Legislature.

Peterson said that he would favor an enrollment limitation before going to deficit spending. "Increasing tuition is an approach which can be carried out, although personally I think it is inadvisable."

The candidate said one reason why the University should not internally divert funds is because programs were funded as the 1965 Legislature directed. To change them now, in the interim, would be a violation of legislative intent.

5,000 Vets May Use New Bill

There are 34,000 post-Korean conflict veterans in Nebraska and nearly 5,000 are expected to take advantage of the educational provisions of the new GI Bill in its first year, according to Veterans Administration officials.

Charles Chubb, manager of the Lincoln regional VA office, said the program will not begin until June 1, and application blanks and information will be ready at the VA regional offices at most colleges and education centers in Nebraska by mid-April.

The estimate of the first-year cost of direct benefits in Nebraska will total \$2,700,000.

In general, the educational program will be open to all veterans with more than 180 days active duty service, any part of which occurred on or after Feb. 1, 1955.

Veterans will be eligible for one month of education for each month or fraction of a month that they were on active duty.

Chubb said servicemen with at least two years of duty may participate in the educational program even though they remain in the service, will cover the institutional

tentative, presented vital statistics on income and education in the three socio-economic levels of Lincoln.

Mrs. Shanks also raised questions about the effectiveness of project Alpha. This is a plan to bring some of the worst areas in Lincoln up to reasonable standards within five years by urban redevelopment.

According to Mrs. Shanks, because the project does not provide temporary dwellings for the people in a redevelopment area, the project is not being conducted with slum dwellers in mind.

She also feels that the cost of living in one of the dwellings called for in the project

would be prohibitive for most of the present slum dwellers.

Education
Frank Burden, Lincoln Public School's consultant for adult basic education, stated the educational problems of slum children.

Burden said that a Negro will end up with the same job, whether he has a high school education or not. He also

questioned whether or not the school system is aimed only at the middle class.

According to Rev. Bruce McSpadden of the Wesley Foundation, the workshop was intended merely as a "one-time thing."

"Hopefully, something can come out of it," said Rev. McSpadden.

No specific proposals were made during the discussion period at the workshop, but Rev. McSpadden noted that the Wesley Foundation's Missions Commission will be talking about slum problems Wednesday and will discuss concrete programs.

"I hope people will become more involved in this area," Rev. McSpadden added.

Reagan

Cont. from Page 1, Col. 4
for presidential candidate Barry Goldwater in 1964.

Reagan said he believes in "team play" and has always supported the Republican ticket "from top to bottom."

Commenting on a report published in a national weekly news magazine, Reagan said "There is no basis to the idea that I wear make-up when I make speeches. He contended that "a lot of the things found in the article I consider a fictional nature."

3,000 Attend Dinner
At the Founder's Day Dinner Reagan told an audience of 3,000, who paid \$5 a plate, that California Governor Edmund (Pat) Brown has been watching old reruns of "Death Valley Days."

"He doesn't understand why I don't just go to Sacramento, stand in the middle of the street and say 'Pat, one of us has to be out of town by sundown,'" Reagan quipped.

Reagan also attacked the Johnson administration's general policy charging that "we are moving toward a welfare state."

He stated that the "great issue" of the 1966 elections is the "continuation of the party system. Reagan said the country's system of checks and balances is virtually at stake in the elections. "We still have plenty of checks, but someplace along the line we've lost our balance," he said.

3rd year (1965) REPORT. Like the first 2 years. No one made inquiry for methods of approach for the solution or analysis of a case of alley rubbish or filth.

Sent a letter to 20 lay treasurers of churches in an effort to form an organization to collect public records on a continuous basis. RECEIVED no replies.

Had a business phone installed in my home but could not buy, paid adv. in Yellow Pages of phone book.

Set 2 signs on our city's terrace of my taxed property to match the contempt of others already doing it. My signs were removed by the street & alley dept. on orders of the police dept. There is no record of the acts in either dept. Only verbal assurances. My signs were remade and reset (with more public information) in my yards. Received a letter from City Attorney Frank Curran on his action if sign was not changed. Later Frank Curran resigned as City Attorney. Sent a letter to attorney Frank Curran asking information on who ordered or complained for his letter. Received no reply. Sent a letter to County Association for the Advancement of Colored People (after several misleading guesses of address by sub-officials of the body NAACP) asking if Alderman Jose Franks discussed his warning to me and the problem with them. RECEIVED no reply. Before and after my signs were removed from our city's terrace, real estate dealers (Washer, Greger, Martin & Spivy etc.) and Lang Buick used our city's terrace.

If a person made the decision to pull a Wagner (famous Korean Marine killer) or a Buddhist torch (burn in Christian hell) instead of a Jesus Christ (teach and preach).
