

# 'Panel Program' Planned By SDS

One of the first university affiliated teach-ins on Black Power will be held Oct. 30 at the University, sponsored by Students for a Democratic Society (SDS).

In a meeting of SDS Wednesday night, speakers for the two-panel program to be held at 7 p.m. in the Love Library auditorium were named.

Charlie Cobb, from the Student Non-Violent Coordinating Committee (SNCC) national office in Atlanta, is scheduled to speak at the teach-in. He will articulate SNCC's position on black power and probably give its relation to electoral politics, according to Al Spangler, president of SDS.

Cobb is former campaign manager for Julian Bond, a candidate who won election to the Georgia State Legislature and was unseated because of his position on the Vietnam war. A court case is pending for Bond because of his re-election after his unseating. Bond is no longer affiliated with SNCC, according to Spangler.

The Reverend Rudolph McNair is tentatively planning to speak at the teach-in. McNair is the new president of the Congress of Racial Equality (CORE) in Omaha. Spangler stated that McNair will speak mainly about the Omaha northside slum district

and CORE's organization for social change.

Hughes Shanks an ex-CORE organizer in Kansas City who supports the concept of Black Power and recently spoke to a group at the University will also speak at the SDS teach-in.

The Southern Christian Leadership Council (SCLC) will be represented at the program by Stoney Cooks, an organizer in Selma, Alabama.

Mrs. Lucy Nevels, from Lincoln, who has worked with such welfare groups as the Lincoln Human Relations Council, will be on hand to explain how Black power relates to local action for social change.

National SDS is sending its secretary, Greg Calvert, to speak at the teach-in and discuss the effect of black power on the national level of SDS.

Ernie Chambers from Omaha will also be present at the program.

Spangler stated that each of the panelists will give a short speech concerning his organizational and personal position on the Black Power concept. Cross-comments and questions from the audience will follow.

The teach-in is expected to draw people throughout the Great Plains region as well as local inhabitants.

# Columnist To Speak On 'Love' To Coeds

Psychologist and syndicated columnist, Dr. Joyce Brothers, will speak to University women Oct. 27 in the Nebraska Union ballroom in connection with the AWS "Focus on Coeds"

"Are You a Real Expert on Love?" will be the subject of Dr. Brother's lecture, according to Ann Boyles, AWS Standards Week chairman.

For four years Dr. Brothers has written a column on the meanings behind the news which appears as a regular feature in over 200 newspapers throughout the country. She also writes a daily advice column for Bell McClure Syndicate which appears in over 300 newspapers.

"Focus on Coeds" will span almost two weeks and include various programs and seminars, for University women Miss Boyles said. A kick-off desert for AWS workers, representatives and advisers Oct. 20 will begin the activities.

Displays corresponding with feminine interests will be viewed in the Nebraska Union Oct. 25. Cosmetics, fashions and knitting techniques are some of the subjects which will be featured in the displays, Miss Boyles said.

Winners of the Ten-Best-

Dressed Coeds contest will be featured as models in the Holiday Fashion Show Oct. 25 in the Nebraska Union ballroom. The style show will be sponsored by Gold's Department store, Miss Boyles said.

A Graduate Seminar presented by members of the Mortar Board Society Oct. 26 and a Vocational Seminar Nov. 1 are other programs included in the "Focus on Coeds" schedule.

# Priest: Use Of 'Pill' Is Matter Of Conscience

By Nancy Hendricksman Senior Staff Writer

Whether inhibition of ovulation by the birth control pill is immoral was the question put to students at a coffee hour discussion at the Newman Center Wednesday.

"The birth control pill cannot be called direct sterilization," said the Rev. Raymond C. Haine, Newman Center priest. "The pill is not sterilization because it doesn't destroy or harm the reproductive act."

A student asked the difference between voluntary and artificial contraception. Dr. William P. Heidrick, Lincoln obstetrician and gynecologist, explained that the pill causes a hormone change which sets the ovary at rest and makes a woman unable to conceive.

The pill does not allow the egg to ovulate and contraceptive devices do not allow the egg and sperm to unite.

"Once the egg is there, it is part of God's design that you shouldn't interfere with it," Father Haine said.

The church is very conscious of the problem, the priest stated. Pope Pius XII condemned contraceptives and abortion, but his decision doesn't apply to cases

in favor of abortion, Father Haine said.

"We must rethink our moral approach for a deeper understanding of marriage," he stated. "Pope Paul has given the birth control problem to a committee for study."

The responsibility of whether or not to use the pill must lie ultimately in a woman's own conscience, Father Haine said.

"Biologically, the sex organs were designed ultimately for reproduction. If this objective were God's design, interference would be wrong," Father Haine said.

Theologians today raise questions about whether men should judge the biological dimensions of man.

"The whole problem of birth control is a medical problem as well as moral problem," Heidrick said. "People who say that there is no population growth problem are ignoring the facts."

In part, modern medicine has created population growth through prevention of infectious diseases and promotion of better nutrition and over-all health. He noted that infertility is one of the first results of malnutrition.

The pill is not a solution to the world population problem because it takes a certain amount of knowledge and intelligence to take it effectively, he said.

The "morning-after" pill, in effect, causes an abortion and has not yet been released for use, Heidrick said.

The church does not stand

in favor of abortion, Father Haine said. From a disciplinary view of the church, a fertilized ovum is a human being.

Heidrick explained that an intrauterine device causes a foreign body reaction in the uterus and doesn't inhibit ovulation.

"The IUD would be like a morning, after pill. Serious reservations are held against it at this time and it is forbidden to Catholics," Father Haine said. "It is far different from the pill and its effects."

A male student asked if there is a pill out for men.

Heidrick said that there is a pill being worked on now. "Personally I think it is fruitless research, because a man will not voluntarily sterilize himself as a woman will."

You can hear Woody Allen on subjects other than shirts on his latest Colpix album, Woody Allen Volume 2.

His shirt, incidentally, is one of Hathaway's new Club Ocean Stripes—with alternating blue and green stripes on a solid Weathered Blue Oxford cloth. About \$8.00.

Hathaway is a division of The Warner Brothers Co.

## Hathaway Hallmarks (Or what we hoped Woody Allen would mention)

1. A tag for your name: Sewn on the shirt tail of every Hathaway Club. Helps keep your Hathaway shirts out of envious hands.

2. Traditional button-down collar: Hand-turned for a soft roll, comfortable fit and casual flare. Result: Every Hathaway Club button-down looks equally well with or without a tie.

3. Three-hole button: Used exclusively by Hathaway. It is much stronger than the four-hole kind. (Euclid and your Math professor know why.)

4. Tapered body: Hathaway trimly tapers each and every Hathaway Club. This means that the body won't bag, billow or bulge over your waistline.

5. Lap seams: All seams on a Hathaway Club Shirt are "lapped"—much like the seams on a traditional jacket. This makes the seams extraordinarily strong and flat and neat.

6. The Red "H": Found on every Hathaway Club where the tails meet—but only when the shirt has passed 18 inspections.

Omaha: BRANDEIS • NEBRASKA CLOTHING CO.

"Never wear a white shirt before sundown!" says Hathaway.

### Mellow moods of love

**Los Indios Tabajaras**

In this new album, Los Indios Tabajaras once again display their remarkable talents as they set a mellow mood for romance with their tender renditions of "As Time Goes By," "La Mer," "Who Can I Turn To," "Make Believe," "The Song Is Ended," "Time Was" and 6 more favorites. The mood is mellow, the setting is romantic, the listening is great.
