NU Championships Fall Short Of Sooners'

By Bob Flasnck
Sports Editor

Did you know that in the nearly five seasons that coach Bob Devaney and staff have been at Nebraska, the Huskers have so far compiled an overall record of 47 wins and six losses, including four bowl games, and four straight conference championships? This phenomenal record is even more startling when compared with the five seasons before Nebraska hired coach Devaney. The teams coached by former Husker mentor Bill Jennings in the years 1957 through 1961 had a 15-34-1 record. In the five seasons before Jennings took the reins at Nebraska, coaches Bill Glassford and Pete Elliot drove the Huskers to a 23-16-2 record.

Never since the Big Six Conference was formed in 1928 have the Huskers, with the exception of Devaney coached teams, won four straight conference championships. The closest any coach has come since 1928 was D.X. Bible, who had conference winners in 1921, '32 and '33. However, Bible teams won more championships than those of any other Husker coach so far, having also posted conference titles in 1929, 1935 and 1936.

A quick glance at the record book shows that Devaney does not hold the conference record for consecutive championships. Bud Wilkinson, believe it or not, had a string of 13 title holders in a row at Oklahoma. In 1947, the final year of the Big Six, Wilkinson's Sooners shared the title with Kansas. Colorado joined the conference in 1948 to make it the Big Seven, but the Buffaloes didn't bother Oklahoma. In fact they might have been a good luck omen as the Sooners never lost to a conference team while the Big Seven was in existence. That covered a span of 10 years to 1957.

Oklahoma State gained admittance to the conference in 1958 and the Sooners under Wilkinson won their first Big Eight championship. Wilkinson's final conference championship in his string of 13 came in 1959 and it was in that year that Nebraska snapped Oklahoma's 74-game winning string against conference foes, 25-21 in Lincoln in a game that will never be forgotten as long as there is a Husker football team. Oklahoma turned the tables on Nebraska in 1964 in a year similar to this one. Nebraska was the probable Big Eight champ,

was undefeated, had accepted a Cotton Bowl bid, and was riding a 13-game winning streak in Big Eight games when they traveled to the "Snake Pit" in Norman and were beaten 17-7. The Huskers this year have already clinched the Big Eight title before traveling to Norman on Thanksgiving. There has been no bowl announcement yet, but could be by next Monday. Nebraska is once again undefeated and riding a 13-game winning streak in conference play. Who was it that said history repeats itself?

Theta Xi Edges Sig Eps For IM Football Crown

Theta Xi fraternity is the 1966 intramural B-team football champion. The Theta Xi's beat Sigma Phi Epsilon 18-12 Monday to take the B-team crown.

In other "down to the wire" tournament action Monday, Glenn beat Abel X, 20-14; Kiesselbach edged Seaton II 7-6; Phi Delta Theta A nipped Sigma Chi A 20-19, and Triangle A was a winner on yardage over Pioneer A, 1-0.

In games today, Triangle will face Phi Delta Theta for the fraternity A-team championship, and Kiesselbach will meet Glenn for the dorm championship. Both

games will be played at east campus.

The Mousers, a 14-0 winner over the Burners last Friday, will play the winner of the Kiesselbach-Glenn game Friday for the independent title.

The winner of that game will meet the fraternity A-team winner next Monday to determine the All-University intramural champion.

Intramural Tournament Football Results Friday, Nov. 11
Mousers 14, Burners 0
Glenn 35, Penn 12
Theta Xi B 13, Phi Delta Theta B 6
Sigma Phi Epsilon B 26, Sigma Alpha Epsilon B 0

Frosh, Varsity To Scrimmage Saturday In Unofficial Opener

Just in case you thought otherwise, the annual Freshman - Varsity basketball scrimmage, set for this Saturday, Nov. 19 at 7:30 p.m., promises to be a top-flight attraction.

The varsity will feature four of the starters from last year's record-setting Husker team: Nate Branch, Stuart Lantz, Tom Baack and Willie Campbell.

This year's freshman team will feature some of Nebraska's finest high school talent, teamed with some of the nation's best.

The two teams will unofficially open the 1966-67 basketball season, which has thus far, looked encouraging (at least on paper) for Nebraska.

The purpose of the scrimmage, according to head coach Joe Cipriano, is to enable the coaches, and the players, to alleviate some of the problems that have worked their way into the Nebraska attack.

"We've been making some basic mistakes early in practice this year," said

the Husker coach, "and we've got to iron them out before the regular season begins."

And Cipriano stressed that the varsity Huskers won't have a push-over in their initial test.

"These freshmen are a good group of boys and they will give the Varsity a good test Saturday night," he said. "They are possibly the greatest group of freshmen basketball players we have ever assembled at the University of Nebraska."

Freshman coach Glenn Potter, who reexpressed a desire to pull off one of the year's biggest upsets ("UCLA's Freshmen beat their Varsity last year, didn't they?"), has not yet picked the starting five. But the fact that he has narrowed the choice "down to nine" reflects the abundance of talent that the freshmen have this year.

Potter has tabbed Sam Martin (6-2, Pawnee City), Tom Line (6-3, Los Angeles) and Tom Scantebury possible starters for the two

guard positions. Ken Couble (6-5, Midland, Tex.), Larry Collins (6-5, Englewood, Calif.) and Bob Gratopp (Grafton) are mentioned for the forward spots. And battling it out for the starting center position are Ken Peden (6-7, Aliquippa, Pa.), Ed McPherron, (Ten Sleep, Wyo.) and Brian Berger (Long Beach, Calif.)

Other yearlings hoping to see action are Nebraskans Doug Anderson (6-0, Superior), Mike Aspen (6-5, Hastings) and Lee Torrens (6-4, Bellevue). Craig Jones, Waymart, Pa., gives the Huskers added strength for center.

Cipriano might do some experimenting himself on Saturday.

He mentioned that he might start Charles Stone (6-9 junior from Oakland, Calif.) as center and move Campbell to forward with Baack. This would allow Branch and Lantz to team as guards.
