

"YOU TOO?" ... is a question being raised more and more often every day as coeds view the influx of Centennial-inspired beards.

## Centennial 'Beards' Grow Handlebars, Muttchops!

It's "big beard bonanza" time on campus to help celebrate the state's Centennial, and several groups are planning beard-growing contests.

Bob Taylor, Master Barber's Association member and chairman of the Lancaster County Centennial Beard-Growing contest, said that judging for the county contest will be June 14. Seven categories will be judged, including handlebar, muttchops, goatee and Abe Lincoln styles.

Three winners will be named in each category, and one grand champion will be chosen to represent

Lancaster County in the state contest to be judged during State Fair week according to Taylor.

Taylor urged all students with beards to keep them for their county contests, rather than shave them off.

The Circle K, an organization working in conjunction with the ASUN Centennial Committee, is sponsoring a beard-growing contest with the motto "Be a brother of the brush." They will have the same seven categories as the Lancaster County contest.

Those interested in the Circle K contest can sign up in the Union or in residence halls.

There will be a 25-cent entry fee. Judging will be in May, probably on Ivy Day during University centennial activities according to John Schmidt, vice president of Circle K.

A group of local barbers will judge beards on neatness, uniformity, color and general appearance, Schmidt said.

What do different "growers" and interested parties think about beard growing?

"I'm growing mine because of the Centennial. It is a good excuse for growing one," said one freshman.

Terry Schaaf, president of ASUN, said he "is growing very attached" to his beard.

One junior began growing his after returning from Christmas vacation and will shave it off before going home in June. "I can't let my mother see it!" he explained.

Typical coed reaction was expressed by a sophomore whose pinmate is beardless. "As long as he's not my guy, then I'm all for it," she said of beard-growers.

There was one junior girl who said about her boyfriend's beard: "He wears it neatly, it's very soft, and besides, it tickles."

Throughout history, wearing beards has been an established custom, especially during biblical times. The first group to shave is thought to have been Alexander the Great's army. This was done to prevent the opponents from getting a good grip on Alexander's boys.

## Proposed Radio Station Needs Regent Approval

Spokesmen for the proposed University FM radio station will appear before the Board of Regents at the end of February to seek final approval of the station.

The Regents gave "no indication they would approve the station" during a meeting with station representatives in December, according to Bob Wilson, chairman of the University Student Broadcasting Corporation.

If the Regents approve the station, the UNSBC will immediately apply for an FCC license and begin a fund raising drive, Wilson said. And "hopefully the station could be in operation next September."

UNSBC representatives also met with the board of Directors of the Nebraska Broadcasting Association to explain the non-commercial status of the proposed FM station and the group's articles of incorporation.

Wilson said the board, which had previously expressed disapproval of a University radio station, "took no formal action on the matter."

UNSBC hopes to finance the radio station with contributions from alumni or other interested persons collecting a Nebraska Foundation fund.

"Since we want to buy equipment which will be used for at least 10 years, UNSBC has set a tentative initial budget at \$18,000," Wilson said.

The radio station will have annual operating bud-

get of "approximately \$9,000, Wilson said, and all finances would be dependent on donations.

Wilson stressed the importance of University students and organizations' support to insure the station's success.

The FM station will be programmed "entirely for the University student," Wilson said. Since the station is non-commercial, free advertising spots will be offered to University organizations, the administration and individual students.

Wilson added the station will broadcast live, important campus meetings, faculty or student recitals or discussions on current events. Sports events and regular campus news reports will also be programmed.

## Pin Turnover . . .

# Scattered Snow Slides Into Avalanche

Things have been idling around Room 51, Nebraska Union, for the past seven weeks, but finals apparently didn't smother 61 campus romances.

Among those caught up in Nebraska's record snowfall was Romney Reutzel, Daily Nebraskan copy editor, who must have found something to do during vacation.

### PINNINGS

Romney Reutzel, Chi Omega junior in Teachers from Norfolk, to Bill Olson, Delta Upsilon senior in Arts and Sciences from Omaha.

Judy Windle, Pi Beta Phi Beta Phi junior in speech therapy from Salem, to Jim Schatz, Sigma Chi junior in Business Administration from Falls City.

Martha Laing, Pi Beta Phi sophomore in Home Economics from Alliance, to Tony Myers, Phi Kappa Psi junior in Business Administration from Lincoln.

Donna Andrews, Pi Beta Phi sophomore in English, from Omaha, to Dave Manary, Phi Delta Theta junior in pre-dentistry from North Platte.

Lanny Hoppe, Kappa Kappa Gamma senior in Teachers from Lincoln, to Lowell Stratton, Phi Gamma Delta senior in Arts and Sciences from Bayard.

Hall junior in Teachers from Omaha, to Jim Campbell, Phi Delta Theta junior in pre-medicine from Omaha.

Jean Weinert, Gamma Phi Beta junior in Teachers from Falls City, to John Metzger, Sigma Alpha Epsilon junior in zoology from Falls City.

Ellen Miller, freshman in Teachers from Beatrice, to Kit Cooper, Delta Upsilon junior in political science from Grand Forks, N.D.

Jane Klimes, Chi Omega junior in chemistry from Clarkson, to Mike Klingner, Phi Delta Theta senior in political science from McCook.

Jeanne Hesse of Lincoln, to Rick McManaman, Sigma Phi Epsilon freshmen in Dental School from Lincoln.

Jane Klosterman, Sandoz junior in Arts and Sciences from David City, to Gary Mantin, Beta Theta Pi junior in Law from Minden.

Julie Schainost, sophomore at Concordia College from Bloomfield, to David Kohzt, Delta Upsilon sophomore in Pharmacy from Bloomfield.

Mary Kay Haffner, sophomore in Arts and Sciences at Creighton University from Omaha, to Ted Williams, Delta Upsilon sophomore in Business Administration from Omaha.

Dee Ravert, Pound Hall sophomore in Business Administration from Hastings, to Ron Kent, Cather Hall sophomore in Business Administration from Grant.

Beth Brown, senior at Hastings College from Nebraska City, to Ronald Jay, Ag Men senior in Agriculture from Nebraska City.

Kathy Kearn, Alpha Chi Omega junior in speech therapy from Omaha to Pat Murphy, Delta Upsilon junior in philosophy and political science from Cedar Bluffs.

Donna Axthelm, Towne Club junior in speech therapy from Lincoln, to Rick DeVries, Tau Kappa Epsilon junior in Arts and Sciences from Sioux Falls, S.D.

Linda Foster, Delta Zeta alumna from Lincoln, to Terry Wray, Beta Sigma Psi junior in Engineering from Indianola.

Ellen Buke, Fedde Hall sophomore in Home Economics from Lexington, to Drue Sander, FarmHouse sophomore in Agriculture from Columbus.

Sharon Sowder, Alpha Omicron Pi sophomore in Home Economics from Columbus, to Mark Nyffeler, Sigma Phi Epsilon sophomore from Columbus.

Gayle Hugelman, freshman in Nursing from Lincoln, to John George, Pi Kappa Phi junior in psychology from Lincoln.

Kathy Barber, Delta Gamma sophomore in Teachers from Omaha, to Jim Morley, Kappa Sigma junior in Engineering from Omaha.

Bev Beers, Alpha Delta Delta sophomore in Teachers college from Syracuse to Lynn Wilhelm, Alpha Gamma Rho from Syracuse in Agriculture.

### ENGAGEMENTS

Diane Berger, Alpha Xi Delta junior in math from Seward to Bill Blankenship, Kappa Sigma junior from Beatrice in philosophy.

Cheryl Uden, Alpha Omicron Pi senior in Home Economics from Bruning, to Ron Tribble, graduate student in Agriculture from Moscow, Idaho.

Sandy Shawver, Gamma Phi Beta junior in dental hygiene from Payola, Kan., to Gary Cook, Sigma Alpha Epsilon senior in Teachers from Omaha.

Judea Lusir, Sandoz Hall freshman in Business Administration from Grand Island, to Norm Mattson, Abei Hall junior in Business Administration from Grand Island.

Roxie Glover, Alpha Omicron Pi junior in social work from Nebraska City, to Harlan Fenske, Peru State College sophomore in physical education from Nebraska City.

Linda Spikermann, Pound Hall senior in Teachers from Tilden, to Corwin Jones, University alumnus from Los Angeles.

Donnie Jones, Chi Omega senior in Teachers from Omaha, to Bob Wilburn, Sigma Alpha Epsilon freshman in medicine from Beaver City.

Suzi Peterson, Alpha Omicron Pi junior in music from Fremont, to Mike Bradrick, sophomore in Business Administration from Fremont.

Sandi Decker, Chi Omega senior in medical technology from Beatrice, to Chuck Goetowski, Phi Gamma Delta senior in Engineering from Lincoln.

Patricia Specht from Alliance, to Cork Taylor, Sigma Chi junior in Agriculture.

Susan Johnson, Pound Hall sophomore in medical technology from McCook, to James Fischer, civil engineering graduate from Lincoln.

Joan Bredthauer, Alpha Omicron Pi senior in Teachers from Grand Island, to Loy Marotz, Beta Sigma Psi senior in Teachers from Norfolk.

Lynn Field, Gamma Phi Beta junior in sociology from Lincoln, to Kerm Mortensen, senior in zoology and physical education from Albion.

Marilyn Liwch, junior in Teachers from Lincoln to Bob Louder, senior in Business Administration from Bellevue.

Karen Anderson, junior in social welfare from Bristow, to Michael Smallfield, junior in chemistry from Bellevue.

Glenice Barrow, Alpha Omicron Pi junior in Teachers from Hastings, to Mike Bosley, junior in Engineering from Grand Island.

Elaine Dinnel, senior in Business Administration from Imperial, to Bob Colson, Arizona State University from Imperial.

Kay Moberg, Fedde Hall junior in Home Economics from Ames, to Loren Amelang, junior in Arts and Sciences from Louisville.

Diana Black, Gamma Phi Beta senior in Teachers from Fullerton, to Richard Crites, Delta Upsilon senior in Teachers from South Sioux City.

Carol Schreiner, Phi Mu senior in Arts and Sciences at Nebraska Wesleyan University from Plattsmouth, to Thomas Holyoke, Delta Upsilon senior in Arts and Sciences from Omaha.

Patti Arnold, Alpha Omicron Pi junior in Teachers from Minden, to Larry Nippert, Alpha Gamma Sigma alumnus from Nehawka.

Helen Rippe, senior in Home Economics from Ohio to Larry Dearing, junior in pre-vet from Ohio.

Carol Smith, Phi Mu senior at Nebraska Wesleyan University from Murray to Ted Wehrlein, Alpha Gamma Rho senior in Agriculture from Plattsmouth.

Kathy Dunning, sophomore in Arts and Sciences from Omaha, to George Buckler, junior in Teachers from Omaha.

Pixie Linnerson, Pound Hall senior in Teachers from Genoa to Charles West junior in Teachers from Grand Island.

Jo Ann Vanis, Fedde Hall junior in Home Economics from David City, to Gerald Bartek, Brown Palace junior in Architecture and Engineering from Dorchester.

Carol Stevens, Fedde Hall sophomore in Home Economics from Sutton to Jerome Southworth, Purdue University and University alumnus from Aurora, Ind.

Karen Olson, Fedde Hall sophomore in Home Economics from Ralston, to Jeff Skinner, Alpha Gamma Rho alumnus in Agriculture from Omaha, presently stationed at Fort Benning, Ga.

Mary Detmer, Fedde Hall senior in Home Economics from Omaha, to Terrell Young, Burr Hall junior in Agriculture from Kimball.

Sara Edgington, Pound Hall senior in Home Economics from Omaha, to Loren Young, Michigan State University junior in economics from Omaha.

Cheryl Dunlap, Delta Delta Delta sophomore in Journalism from North Platte,

to Jim Falchld, Triangle junior in forestry at the University of Missouri from North Platte.

Leeta Hurich, senior in journalism from Ames to Sp. 4 Ron Mackey stationed at Ft. Campbell Ky.

Nancy Bantz, Alpha Xi Delta junior in math from Lincoln to Bob Caster, junior in history from Lincoln.

Laura Ott, Alpha Xi Delta senior in English from Nebraska City to John Howlett, Sigma Nu alum from Lincoln.

Gene Wilkins, Alpha Xi Delta freshman in Home Economics from Syracuse to Don Beason, freshman in Business Administration from Syracuse.

Vicki Winslow, Alpha Xi Delta senior in journalism from Schreveport, La. to Doug Ferris, graduate of Virginia Polytechnic Institute from Washington D.C.

Sharon Schulz, junior from Paxton in Speech Therapy to Clarke Steckley, Chi Phi alum from Lincoln.

Carol Oberlin, Alpha Xi Delta alum from Omaha to Don gartner, Theta Chi in Medical Technology from Lincoln.

Kathy Dunis, Alpha Xi Delta senior in music from Lincoln to Tim Fisher, senior in music from Lincoln.

## Fellini Movie Is Tuesday Feature

An Italian film, "I Vitelloni," by Federico Fellini, will be shown in the University of Nebraska Sheldon Memorial Art Gallery Auditorium Tuesday at 8 p.m.

The film, produced in 1953, is a study of a group of young men who drift around the street and beaches of a seaside resort during the winter months.

Only one of the young men has the courage to escape his melancholy surroundings. Although such idlers as these may not actually exist, they represent a condition or state of mind.

"I Vitelloni" presents a microcosm of Italian society. The characters, played by Alberto Sordi and Franco Fabrizi among others, are subtle, and the scenes are sharply-etched.

Admission is \$1.50.

# One thing you won't get at Armstrong is bored.

If you're looking for just a job, don't look at us. We need young people who want more than a job, who want to be involved meaningfully with today's social and business problems and the emerging problems of tomorrow. We want capable, imaginative college graduates who are looking for a place where they can grow. The people who build our business help bring benefits to others by engaging in a productive, profitable, creative enterprise. We make more

than 400 products, from multifunctional building components to innovations in packaging. What does this mean to you? It means you can get a lot at Armstrong. A lot of responsibility, a lot of satisfaction. The one thing you won't get is bored. See your Armstrong representative when he is on campus soon. For more information about Armstrong now, see your placement officer or write the College Relations Department, Armstrong, Lancaster, Pa. 17604.

**Armstrong** / Manufacturer of resilient floors, ceilings and other building products, packaging materials, industrial products, and home maintenance specialties.

An Equal Opportunity Employer

A progressive, diversified organization offering rewarding careers in accounting • advertising • employee relations • engineering • industrial engineering • marketing • production planning • public relations • research and development.

## Get off the ground with International Harvester...

**of all people** All military transport helicopters in Viet Nam are equipped with International Solar Titan® gas turbines—auxiliary power for takeoff, landing and hydraulic operations. Gas turbines are one more part of our growing world of power at IH. While our farm equipment business is booming, there are many different kinds of opportunities for you at IH. With us, the name of the game is POWER. We apply mechanical power to do an endless number of jobs. We're a leader in construction equipment, a marine engine builder, steelmaker, and the world's leading producer of heavy duty trucks.

IH offers more areas for you to grow in than you can imagine. We need graduates not only in engineering, but in accounting, business administration, liberal arts and the basic sciences. We seek people with many diverse backgrounds and interests. We offer you an ideal combination of opportunity, responsibility and individual treatment. How fast and high you climb will be pretty much up to you.

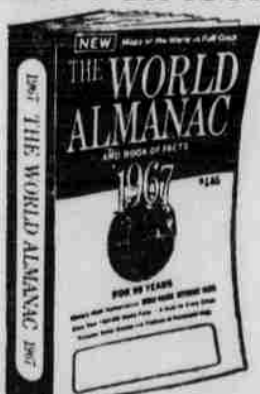

## International Harvester puts power in your hands

Interested? Contact your Placement Officer to see an IH representative when he visits your campus. Or write directly to the Supervisor of College Relations, International Harvester, 401 North Michigan Avenue, Chicago, Illinois 60611.
