

# Board Of Regents Names Hogan, Schmel To Staff

The University Board of Regents Tuesday named Dr. Willard Hogan chairman of the political science department and Dr. Francis Schmel director of research services.

**Hogan**  
Hogan succeeds Dr. Carl Schneider who resigned to accept a position at Kirklund College in Clinton, N.Y.

Hogan had been on the University faculty since 1963 and served on the political science faculty at New York State College for 14 years.

He is the author of "International Conflict and Collective Security" published in 1955 and co-author of "Toward World Order" published in 1963.

**Degree**  
Hogan holds a baccalaureate degree from Pennsylvania University, a master's from the University of Kentucky and a doctorate from the University of Chicago.

from the University of Chicago.

**Schmel**  
Schmel is an official of the National Institutes of Health in Bethesda, Md. His University appointment will become effective July 1.

Schmel's position will be to assist Dr. James Olson, dean of the graduate college, in coordinating research activities. He fills a vacancy that has existed since last July 1 when Olson moved from that position to his present one.

**Served**  
Since 1962 Schmel has served as chief of the Health Research Facilities Branch, Division of Research Facilities and Resources of the National Institutes of Health.

He holds a B.S. and M.S. degrees from the Catholic University of America and honorary degrees from the University of Michigan and Northeastern University.

The Regents Tuesday also accepted proposals for the purchase of air driven floor units for the college of dentistry building and for a VR 2000 Video Tape Television Recorder.

**Accepted**  
The Board accepted the low proposal of \$46,990, from Midwest American Dental Division American Hospital Supply Corporation of Melrose Park, Illinois for the floor units.

They also accepted the lone proposal of \$101,425 for the recorder from Amplex Corporation of Elk Grove, Illinois.

# LB441 Allowing Confiscation Of M.I.P.'s Cars Unsatisfactory

...Vote Postponed

A Legislative bill that would allow police to impound the vehicles of minors who used the car while illegally possessing alcoholic beverages seemed destined to die in committee Tuesday.

Sen. Sam Klaver, a member of the Judiciary Committee considering (LB441), said the bill doesn't stand much chance of gaining committee approval.

**Dissatisfaction**  
The committee postponed a vote on the measure after a public hearing during which committee members expressed dissatisfaction with the bill's content.

Sponsors of the bill, all but two of them Omaha senators, include Sens. Eugene Mahoney and Henry Pedersen, Jr.

**Impoundment**  
Klaver said the impoundment of the offender's car is not practical when a temporary revocation of the driver's license or the car registration would serve the same purpose.

All of those who appeared in favor of the bill were Omahans. The proponents said, however, that the problem of minors in possession of alcohol while in or driving cars is statewide.

**Fatalities**  
Pedersen said there were 2,454 accidents involving drivers under 24 on Nebraska county roads last year. He said fatalities from these accidents jumped from 46 in 1965 to 80 in 1966. Accidents in the state's cities involving drivers under 24 rose from 12,007 in 1965 to 13,008 in 1966 and fatalities in the same period went from 30 to 39, Pedersen said.

**Effective**  
Mahoney, a 15 year veteran of the Omaha police force, said the measure would be effective because it would impress on the offender the significance of their violation. "The great-

est treasure they have is that automobile of theirs, they're out of business when that vehicle is impounded," Mahoney said.

**LB441** would allow law enforcement agencies to impound an offender's car for 15 to 30 days within 30 days after he is convicted of using the car to transport liquor or using it while driving.

**Punishment**  
The punishment would be over and above the present penalties which include a minimum fine of \$100 for a minor in possession of alcoholic beverages. The bill also provides that the car cannot be impounded if it is loaned to the minor and is necessary for the business or job of the owner.

# Vietnam Veteran Quits University

A student who fired several shots into the Abel Hall elevator Friday night has quit school, according to Capt. Eugene Meyers, of the Campus Police.

A Vietnam war veteran who started school last September, the student had apparently been drinking. The Campus Police were notified immediately after the shots were heard, and the student was taken to the City Jail, where he was confined for the night.

He was taken to Student Health Monday. He decided to quit school at that time, according to Meyers.

# Scholarship Winner List Release Planned For May

Although exact figures are unavailable, it is apparent that more students have applied for some form of financial assistance this year than last year, Edward E. Lundak, director of financial aids, said Monday.

He said his committee is presently working on a list of scholarship winners and he expects the names of entering freshmen scholarship winners to be released around May 1 and the upperclass scholarship winners released sometime during May.

**Ahead**  
He explained the the committee was about a month ahead of last year in processing the applications because a new federal loan and gift program was introduced a year ago which slowed the processing to a point where it wasn't completed until the summer months.

During the 1966-67 academic year, 5,431 of 9,300 applicants received \$3,214,400 from gift scholarships, loan programs or part-time employment.

Lundak said that the amount of money available for gift scholarships presumably will be increased for the upcoming academic year.

"The largest part of the money for the gift scholarships comes from money available from the University of Nebraska Foundation," he said, "and we will know those figures sometime during April."

**Funds**  
Since the money available has been increased in preceding years, it can be assumed that more funds will be available for next year, he added.

Estimating that over 4,000 entering freshmen have asked for some kind of financial assistance, he said the higher figure could be attributed to the additional publicity given federal aid programs.
