

PROPOSED DISPLAY AREA BLOCKADE

Crowning Tops Week's Activity Cowboy-Husker Tilt Tomorrow

By JAN PARKS Junior Staff Writer
The forty-fifth annual Homecoming will be climaxed Saturday as Husker fans throng to Memorial Stadium to watch the Nebraska Cornhuskers play the Oklahoma State Cowboys.

The Homecoming Queen, her two attendants, and the other seven finalists will be presented at the game. Mayor Sam Schwartzkopf will present the queen with a football autographed by the Cornhusker team.

The queen and her two attendants will be announced at Friday's Homecoming Dance. Pam Wragge, last year's Homecoming Queen, will crown the new queen.

DANCE
Members of the Innocents Society will escort the 10 finalists for presentation at the dance.

The Homecoming dance, featuring Tommy James and the Shondells, will be in the Coliseum from 9 p.m. until midnight. Coeds will have 2 a.m. hours.

The winning living units of the homecoming display contest will also be announced during a break of the dance. Tickets for the dance are on sale for \$1.50 in the Nebraska Union and from members of Tassels and Corn Cobs.

The homecoming queen and her two attendants will attend a luncheon Saturday at the Lincoln Hotel.

VETERAN'S DAY
Nov. 11 is also Veteran's Day, and the University band's halftime show will follow an American military band theme, according to Jack Snider, University marching band director.

The opening of the show will be in parade form, said Snider, in which the band will play a fanfare based on the Star Spangled Banner.

Snider explained that the band would drill to the four service songs including Anchors Away, Marines Hymn, Air Force Song, and U.S. Field Artillery.

GLEE CLUB
The Varsity Glee Club will be included in the halftime performance, said Snider, as they sing along with the band in the Battle Hymn of the Republic.

The band director said that the band would move into a crown formation for the presentation of the 1967 Homecoming Queen and the 10 finalists.

Spirit signs on all living units can be seen for the homecoming weekend. These signs welcome alums and encourage a Husker victory over the Oklahoma State Cowboys.

Judges View 20 Displays; Verdict Announced At Dance

Crepe paper, chicken wire, boards, staples and ingenuity are transforming the University campus into a gigantic menage of color, music and lights.

Twenty entries have been made in the display contest. All of the entries are composed of two or more living units, which places them all in the same category for judging.

Judging of the displays will be at 5 p.m. Nov. 10, according to Steph Tinan, president of Tassels. The judges will include a professor from the art department, a Lincoln businessman, and a radio personality. Streets will be closed for display viewing from 5:30-10:30 p.m. Friday.

The displays are to be judged on the following points: originality of theme, correlation to the game, and overall effectiveness.

Trophies for first and second places and plaques for other outstanding displays will be announced at Friday's homecoming dance.

Streets around the displays will be barricaded to facilitate pedestrian traffic flow for display viewing.

According to Lt. Donald Smith of the Lincoln Traffic Division will be closed to traffic: 16th Street from Q to Vine Streets, R Street from 13th to 17th Streets, S Street from 14th to 16th Streets and U Street from 14th to 16th Streets.

Students Approve FM Station By Overwhelming Majority

Students voting in Wednesday's Homecoming election overwhelmingly approved the creation of a FM radio station at the University.

Although election turnout was light, 83 per cent of the voters approved the station, according to figures released by Ed Hilz, ASUN election commissioner.

Voting ran with 2,076 for and 426 against on the FM ballot. A total of 3,012 students voted on either the Homecoming candidates or the FM station.

TURNOUT
"The turnout was considerably less than last year," Hilz said, when approximately 3,700 students

voted. Only 30 ballots were invalidated for failure to follow voting procedure, he indicated.

"It seems a good majority of the students are willing to spend a few cents per semester for a FM station," Bob Wilson, acting chairman of the University Broadcasting Foundation, Inc., said after receiving the figures.

But he warned that the students interest in the station does not guarantee its creation. Ultimately the University's Board of Regents must approve any increase in student fees.

SUGGESTED INCREASE

The suggested increase for the operation of the station would be 15 cents a semester. "Our next big step is forming a board of trustees," Wilson said. "Then we must secure an initial investment of \$6,000, which would cover establishing the station and the first semester of operation."

Wilson listed three possible financial resources: asking foundations for "initial hand-outs," borrowing the funds or organizing a financial drive among the students.

Dump Johnson Group Plans Meeting For Interested People

The "Dump Johnson" movement is trying to "generate support for delegates to the Democratic National Convention not pledged to President Johnson," according to Gene Pokorny, treasurer of the Nebraska Concerned Democrats.

Officially tabbed the National Conference of Concerned Democrats (NCCD), the movement is seeking to insure an "open convention" by securing enough unpledged delegates.

Pokorny is helping in the organization of the University

Concerned Democrats as part of the Nebraska Concerned Democrats.

NATIONWIDE
Such groups have arisen across the nation, Pokorny indicated.

"At this time the University group has no official relation to the Young Democrats," Pokorny said, "but we hope we can work with other Democrats who agree with what we are trying to do."

The University Concerned Democrats have secured the signatures of over 40 students

interested in the movement in less than two days, he said.

RESTRICTED
Signatures are restricted to students who will be eligible to vote in the 1968 election.

Pokorny estimated that the Nebraska organization had already obtained 400 votes.

A meeting scheduled for 10 a.m. Saturday in the Union is planned for people interested in working with the University group, he said. Any interested student who will be 21 by next November, may attend.

Registration Begins For 2nd Semester

With almost nine weeks of the first semester past, University students will submit class schedules for second semester between Nov. 13 and Nov. 30.

Students with 80 or more hours are asked to submit their worksheets from Nov. 13 to 15. Those with 53 or more hours are expected to turn in worksheets between Nov. 16 and 21.

Worksheets from students with less than 43 hours are due from Nov. 27 to Nov. 30. Mrs. Irma Laase, asst. director of registrations and records, pointed out that students may submit their worksheets anytime between Nov. 13 and Nov. 30 as long as they met their individual deadline.

For example, students with less than 43 hours may submit their worksheets before Thanksgiving. They don't have to wait for Nov. 27 to submit their papers, she said.

The worksheets must be accompanied with a \$50 deposit. The deposit is credited toward tuition costs.

Worksheets will be accepted with a \$5 fine until 4 p.m. on Feb. 5.

Deadline for dropping a class is Feb. 23, and deadline for filing degree and certificate applications for June graduation is March 1, 1968.

A special service fee of \$5 will be assessed for each drop-add processed, application for admission or worksheet received after the published deadline and for failure to return properly completed registration forms by the published deadline.

Worksheets are available in all residence halls, the Nebraska Union, 207 Ag Hall on East Campus and counter No. 3 in the Registrar's office.

Pre-dental students will register for their second semester classes in the College of Dentistry building on the East Campus.

Mark Lane To Address Students Kennedy Author To Appear

New York lawyer Mark Lane will address University students Nov. 16 at 3:30 p.m. in the Nebraska Union Ballroom in conjunction with the Speaker-Artist Series.

Lane, author of *Rush to Judgement*, a best-seller concerning the Kennedy assassination, will speak about his investigation of the President's death.

Lane practiced law in New York for fifteen years before entering politics. In 1960, with the support of the last President John F. Kennedy and Senator Hubert Humphrey, he was elected to the New York Legislature where he worked for the abolishment of capital punishment.

Lane was instrumental in forming the Citizens Committee of Inquiry after the death of President Kennedy. He has researched the facts surrounding the assassination and the subsequent murder of Lee Oswald.

Authorities Probe Use Of Marijuana State Patrol Works To Find Violators

By ED ICENOGLE Senior Staff Writer
County attorney Paul Douglas confirmed Thursday that an investigation is being conducted into the use and possession of marijuana at the University.

According to Douglas, William Blue, assistant county attorney, is working with the State Highway Patrol on the investigation.

"The State Patrol is talking to some students in connection with the case that has already made headlines," Blue said.

STUDENT

He was referring to the University student who withdrew from the University last week after reportedly admitting the use of marijuana in a University residence hall.

G. Robert Ross, University dean of student affairs, said Wednesday that authorities were investigating other students in connection with marijuana violations.

Blue said that students involved in the specific case leading to the student's withdrawal last week are being questioned by the police.

Blue would not comment on the nature of involvement of

those students in the case.

INVESTIGATION

Although not commenting on the investigation being conducted at the University, Sergeant Wayne Rowe, head of the Drug Control Division of the State Patrol, outlined the nature of the division's drug investigations in general.

"First we try to determine if there has been a violation of the law," Rowe said. "If we do determine this, only the arrest and gathering evidence remains."

Forms of evidence include eyewitness accounts, statements and actual proofs of a crime, he said.

EVIDENCE

"Evidence is really anything that proves or disproves, charges," he added.

"We rely primarily on conscientious citizens to report violations," he said. "This is a part of their civic responsibility."

Rowe added that "undercover" agents of the police are another form of investigation.

Ross had said Wednesday that, to his knowledge, no such "student spies" have been on the University campus.
