

Board to choose Rag executives

Executives for next fall's Daily Nebraskan staff will be chosen by the Board of Publications Thursday morning.

Any full-time University student with a grade point average of 2.0 or above is eligible to apply for any of the five executive positions — Editor, Business Manager, Managing Editor, News Editor and East Campus Editor.

Application blanks can be obtained in the newspaper office, Room 51, Nebraska Union.

Applications for all other positions on next fall's Daily Nebraskan are also being taken now. Positions include copy readers, photographers, staff writers and business assistants and advertising salesman.

More ASUN election results

Here are other results from Wednesday's ASUN election.

Last chance

The Centennial College is still soliciting applications from upperclassmen for next fall. There is still room in the College for upperclassmen, according to Centennial graduate assistant Nancy Ryan. Interviews for the open positions will be held sometime in May.

Draft Counseling for seniors at UMHE

A damp and musty basement furnace room is the headquarters for an unusual but practical "underground" office — the Lincoln Draft Information Service.

Amid the pipes and bricks, many University students seek draft counseling advice, according to Kathy Cook, the only female draft counselor.

Graduating male seniors are often in need of counseling advice, Miss Cook said, "because they will usually lose their 2-S deferment and be automatically placed in the 1-A pool according to their lottery number."

Miss Cook said that the six draft counselors distribute draft information in a union booth once a week as well as in their United Ministries in Higher Education basement office.

"Last time I worked in the booth, I would guess I talked to about 50 people — five or 10 had specific questions and a few made appointments for more counseling."

Men who have passed their physicals and received their notice of acceptability have several alternatives to the service, Miss Cook remarked.

—Apply for a 1-0 classification. If he receives this conscientious objector status and is drafted, he will serve two years in civilian duty in mental hospitals, veterans hospitals or in other civilian governmental positions working in the interest of national health, safety or welfare, she said.

—Apply for a 1-0 or 1-AO classification," Miss Cook said. "It's never too late to apply and it never hurts to apply, although there is no guarantee."

- Go into the ministry.
- Resist the draft by burning draft card.
- Leave the country.

Miss Cook said the draft counseling office at 333 No. 14th St. is open Mondays from 7 to 9 p.m., on Tuesdays from 1:30 to 4:30 p.m. and on Thursdays from 11:30 a.m. to 1:30 p.m.

Give your contact lenses a bath tonight

In order to keep your contact lenses as comfortable and convenient as they were meant to be, you have to take care of them. But until now you needed two or more separate solutions to properly prepare and maintain your contacts. Not with Lensine. Lensine is the one lens solution for complete contact lens care.

Cleaning your contacts with Lensine retards the buildup of foreign deposits on the lenses. And soaking your contacts in Lensine overnight assures you of proper lens hygiene. You get a free soaking case on the bottom of every bottle of Lensine.

It has been demonstrated that improper storage between wearings may result in the growth of bacteria on the lenses. This is a sure cause of eye irritation and in some cases can endanger your vision. Bacteria cannot grow in Lensine which is sterile, self-sanitizing, and antiseptic.

Just a drop or two of Lensine, before you insert your lens, coats and lubricates it allowing the lens to float more freely in the eye's fluids. That's because Lensine is an "isotonic" solution, which means that it blends with the natural fluids of the eye.

Let your contacts be the convenience they were meant to be. Get some Lensine, from the Murine Company, Inc.
