

# Accounts of my death exaggerated—Chaloup

by FURD BURFEL  
Yellow Rag Greek Runner

Bill Chaloupker, former president of ANUS died today after a party that was held at Casey's Bar. According to informed sources, the death was triggered by a chain of events that took place after today's much-publicized ANUS Senate meeting.

According to Second President of Vice Blunt Skummer, who witnessed the ordeal, the chain of events began when Chaloupker arrived at Casey's and suddenly realized that the entire

membership of the ANUS Senate was present.

Shocked by the idea of having all of the Senators at the same place at the same time, Chaloupker collapsed, causing panic on the parts of several patrons who then proceeded to trample over Chaloupker's body.

Working in an unprecedented burst of speed, ANUS first President of Vice Diane Thighson then grabbed what she thought was a glass of water and throwing it in Chaloupker's face. Unfortunately, the glass was in fact full of scotch and water,

which tended only to complicate the matter.

Several of the ANUS Senators then grabbed Chaloupker's body and stuffed it into the trunk of a 1948 Volkswagen. The Senators proceeded to run into a tree in the Zeta Zeta Zeta parking lot.

Upon arrival at student health, Chaloupker was incorrectly diagnosed as having a kidney infection, was given two birth control pills and

shoved into an iron lung. Upon removal Chaloupker was found to be dead.

"Sorry about that," exclaimed head nurse Frieda Farkel.

Chaloupker's body was removed from Student Health and was taken to Hank's Taxidermy Shop. After being stuffed, Chaloupker's body will be displayed in a glass case in the ANUS office, where it will serve as an inspiration to future senators.

**Parody Parody**  
This, the final issue of the Rag, is mostly a pimp. Except for the front page. The rest of the issue is for your enjoyment, rites of spring and all that.

## ZFT top honor top honors

Zigma Felta Thi, national journalism fraternity, has awarded the Rag night news department top honors for inserting 89 stories on the honorary since Jan. 1.

"Tom Lansworth, my assistant, and I have been glad to publicize that great organization. ZFT has been a real mover on this campus," said Dave Filipi, retiring night news editor.

## Sorry sad Steve

ASUN President Steve Tiwald said Sunday that he was extremely disappointed at not being chosen for the Innocents Society.

Tiwald was in Washington, D.C., consulting with officials of the National Student Association, and could not be tackled Saturday.

"There are so many im-

portant issues facing students today —Nixon's expanding an already immoral war into Cambodia, racism, poverty, hunger, pollution, the draft," Tiwald said. "But by far the most important thing students should be concerned about is the Innocents," he continued. "That's definitely where it's at!"

Answer to CSL and Greek racial hassle: the transparent student. Student affairs plans to grant numerous tuition waivers for 1970-71 for see-through students.
