

Come and see my etchings?

A special two-day presentation of original lithographs and etchings will be held at the Sheldon Print Gallery on December 9 and 10 from 10 a.m. to 5 p.m.

The collection, containing several hundred original prints, is being sponsored by the Lakeside Studios of Lakeside, Michigan.

"This collection contains original prints by Picasso, Roualt, Braque, Buffet, Calder, Giacometti, Goya, Kandinsky, Daumier, Dali, Arp, Lichtenstein, and Lautrec," said John Wilson, Lakeside's director. It will also include prints by younger American and European artists, said Wilson.

All prints on display will be for sale at prices ranging from \$5 to \$3,000.

Lakeside Studios was founded by Wilson to provide a place for printmakers to work and to encourage young collectors of graphic arts.

During the academic year Wilson travels with the collection and annually makes two trips to Europe to add to the collections.

When not traveling, Wilson invites professional artists from around the country to live and work at Lakeside while producing editions of lithographs and etchings.

"Long Beak Bird" . . . a two-color lithograph by Misch Kohn, is among the hundreds of prints to be shown by John Wilson at Sheldon Art Gallery.

Introducing the fastest ladies' shaver in the whole wide world.

You know those timid little ladylike shavers? Well, forget them. Because this big, all-new Lady Norelco 20L is here. And it's the world's fastest ladies' shaver.

It has the biggest shaving head of all the ladies' shavers. The largest active cutting area. And an extra-thin shaving head to shave extra close and smooth. Which means you can shave your legs and underarms 40 to 50% faster than with any other ladies' shaver in the world.

The new Lady Norelco is a beautiful poppy red, and it comes in a shiny black case. And that makes it the fastest, prettiest ladies' shaver in the whole wide world.
