

Freshman gymnast Barry Cross turns in his performance on the parallel bars during Saturday's meet with Mankato State. Nebraska won the meet 148 to 142.

Carlberg cracks 4 - minute mark

University of Nebraska athletes didn't win an event at Saturday's United States Track and Field Federation meet at Houston, but coach Frank Sevine was all smiles anyway.

Outstanding performances for the Huskers abounded - led by Greg Carlberg's 3:59.6 mile. Carlberg became the first Nebraska athlete ever to crack the magic 4:00 mark and established himself as the Big Eight's premier miler.

But Carlberg finished third in the competition behind Villanova's Marty Liquori at 3:57.2 and Leonard Hilton of Houston with a 3:59.0.

"I heard 3:03 at three-quarters of a mile," he said, "and I was still with Liquori so I thought there was a chance for sub-four."

Carlberg's best previous effort was 4:02.2 in last year's Central Collegiate championships in Indiana. Liquori's 3:57.2 is the fastest indoor mile run in the last five years.

SPORTS

Pressed for a future goal, Carlberg replied, "it just depends on where I happen to be running. This Spring it will be the mile but during the summer I'll probably move up to three miles. I'm looking forward to the possibility of a summer tour or the Pan American Games in August."

But while Carlberg was lowering his own school record in the mile he was losing another mark in the two mile.

Freshman Bob Unger put his name in the NU record books with a blistering 8:46.8 two mile, a whopping 13.4 seconds lower than Carlberg's previous standard.

Other outstanding performances were also turned in by the mile relay team of Leighton Priestley, Bob Pierce, John Mottley and Garth Case in finishing third with a 3:08.6 clocking.

Nebraska's two-mile relay team finished seventh in 7:25.7, best clocking in Nebraska history.

It was the Nebraska youngsters that starred in the two-mile relay led by Larry Cimato's 1:48.5 half mile. Roger Chadwick (1:53.3), Dan Speck (1:52.5) and Jim Hawkins (1:51.4) joined Cimato in the record setting event.

Nebraska's Wes Leonard was third in the triple jump with a career best of 49-113/4 and Hopeton Gordon, who developed a sore leg, finished fifth with a 48-9 effort.

Horace Levy placed fifth in the 100 with a :09.5 and freshman vaulter Mark Cooper cleared just 14-6 and failed to place.

Husker tankers win two

Nebraska's swimmers finished their dual meet season with wins over Oklahoma State (59-54) and Oklahoma (57-56) this weekend, bringing their record to 3-4.

"It was a good lift for the kids," said coach John Reta. "That's a tough back-to-back test. We had several swimmers turn in their best times of the season."

Individual winners for the Huskers included Dave Backer who won the 50 and 100 meter freestyle against Oklahoma State on Friday and came back Saturday to capture the 100 meter freestyle against

Oklahoma.

Dave Schmidt and Randy Stoike swapped wins in the 200 meter backstroke.

In one- and three-meter diving, Bryan Short came back from two second-place finishes against Oklahoma State to win both events against Oklahoma. Dan Fry was also a double winner, capturing the 200 meter breaststroke both days.

These were the last dual meets for the Husker tanksters who now point for the Big Eight meet March 4-5-6 in Oklahoma. The NCAA meet will follow on Mar. 25-26-27 at Ames, Iowa.

IM leaders remain same in 2nd rating

All three leaders remained the same in the second intramural basketball rating chart, but there was some juggling in the lower ranks.

There are two new faces in the independent and dormitory divisions and one new entry in the fraternity class.

The 747's and G.D.I.'s have replaced Varsity Golf and the Playboys in the independent top five while Avery and Harper V cracked the dormitory top five charts for the first time.

Alpha Gamma Rho moved into the No. 4 spot in the fraternity division for the only change in that class.

Playoffs begin Feb. 17.

Sports Staff Analysis

Fraternities

No 1 Beta Theta Pi

The Betas picked up an important victory over Phi Delta Theta, 48-38. They look like the strongest team in intramural competition.

No 2 Kappa Alpha Psi

They added three more victories to run their record to 5-1.

No 3 Theta Xi

They hang on to third picking up victories over Triangle and a narrow victory over Phi Kappa Psi.

No 4 Alpha Gamma Rho

AGR knocked off previously undefeated Sigma Chi and added another victory over Delta Tau Delta in moving into fourth.

No 5 Phi Delta Theta

They have lost twice, but to the two top teams.

Dormitories

No 1 Schram IV

Retain top spot having picked up two victories. Jerry Tagge may be out for season with injured knee, but Mark Gustafson and Dale Keller have picked up scoring slack.

No 2 Avery

Move all the way to second on basis of perfect record and a victory over tough Gus II.

No 3 Cather Glenn

They are still undefeated including a victory over Thoreau.

No 4 Abel III

They still look like the best team in Abel.

No 5 Harper V

They are still undefeated, but have an important game tonight with Harper IV who are 7-1.

Independents

No 1 Juicers

They are still on top and still undefeated, but are being pressed by the Born Losers.

No 2 Born Losers

They've picked up three more wins to run their record to 6-0.

No 3 747's

They move into top five on two impressive victories and their record.

No. 4 Nads

Having started to move, they beat Frost and a tough (AGR) team.

No 5 GDI

Have 5-1 record including a win over PJ.

PIZZA DELIVERY' Pizza King. 489-6541. 5520 South St.

Matmen split

Nebraska's matmen snapped a six-year losing jinx at Missouri Friday, but couldn't handle the Kansas State Wildcats Saturday in splitting a pair of duals over the weekend.

The Huskers scored a 19-17 win over Missouri and dropped a 21-11 decision to K-State.

Nebraska's Joe George, wrestling at 167, scored two pins over the weekend and now owns a 21-5 record. The Huskers 6-5 on the year, host Northwest Missouri Saturday before entering the Big Eight Tournament.

CHEMICAL ENGINEERS

AGRICULTURAL ENGINEERS

MECHANICAL ENGINEERS

Food processing, important as it is to our society today, nonetheless is a field of the future. ADM is helping shape that future and is searching for engineers who are eager to get involved with its massive mission.

PRODUCTION AND PRODUCTION ENGINEERING - Following a short training period you will be assigned responsibility for supervising a process area in vegetable oil solvent extraction, refining and hydro-generation or high protein food processing. You will also be responsible for production engineering to improve processing operations and assist in engineering plant improvements, additions and new plant construction. Our future plant managers will come from this specially trained group of engineers.

ADM WILL BE INTERVIEWING ON CAMPUS THURSDAY, THURSDAY, FEBRUARY 18, 1971.

If you have an interest in applying modern technology in modern facilities with a company having 71 plants and offices in 23 states and sales in the \$450 million range, we would like to visit with you.
