University to host teaching exams

The University has been designated as a test center for administering the National Teacher Examinations on April 3, according to Lee DeJonge, director of teacher placement.

College seniors preparing to teach and teachers applying for positions in school systems which require scores on the National Teacher Examinations are eligible to take the tests.

At the one-day session, a candidate may take the Common Examinations, which include tests in Professional Education and General Education, and one of the 24 Teaching Area Examinations, which are designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to.

More information is available at the Teacher Placement Office.

Wednesday budget meeting leaves problems unresolved

The controversy over the University's budget appears unresolved after a Wednesday night meeting between University and state officials in Gov. J. J. Exon's office.

NOTING THAT MANY of the details of the budget were discussed Wednesday, Varner said there "were some areas of agreement and some areas of disagreement."

Exon said the meeting had been useful to all participants in "sorting out facts and figures."

The Governor had suggested the informal private conference in an effort to reach some agreement on University needs and to resolve any differences over fiscal facts which have led to wide differences between the University's request and

Exon's budget recommendations.

THE LEGISLATURE'S APPROPRIATIONS Committee is now considering the University's budget for 1971-72.

In addition to the Chancellor and the Governor, Wednesday night's meeting was attended by Sen. Richard Marvel, Appropriations Committee chairman; Gus Lieske, the state's administrative fiscal analyst; Robert Raun of Minden, Board of Regents' president; and Howard Neville, vice chancellor for business and finance.
