Huskers blow 6-0 lead

Nightmare time again

by JIM JOHNSTON
Sports Editor

Nightmares from the entire season flashed through Tony Sharpe's mind Saturday as he watched his Cornhuskers drop an 11-7 decision to Missouri.

A season which started with high optimism about the pitching staff and a worry about inexperienced positions in the infield again worked in the opposite direction.

It was, in fact, the bats and gloves of those inexperienced infielders that gave the Huskers a 6-0 lead Saturday after five innings. But it was also the experienced arms of Nebraska's pitching staff that failed in the end and gave the Tigers 11 runs in the last four frames.

MISSOURI, bidding for second place, won the three-game series from Nebraska after the two teams split a doubleheader on Friday. The Huskers, who finished third last season, are now headed for a second division finish in the Big Eight.

"I can't say I'm disappointed about the entire season," said head coach Sharpe. "I've been disappointed in a few kids, but some of the others have been quite pleasing."

Included in the list of disappointments would have to be pitchers Bruce Cramer and Glen Gilmore who were the backbone of Nebraska's third-place drive last season but who couldn't hold their own this year.

"GILMORE (the losing pitcher Friday) has himself mentally whipped," said Sharpe. "It was just a year when sore arms hurt and our pitching didn't come through."

But the list of pleasing players would have to include shortstop Jim Smith, third baseman Steve Achelpohl, pitcher Ryan Kurosaki and Sharpe's son Sam at second.

Achelpohl, a junior, is the only member of the "pleasing" group that is not a freshman. He is a two-year letterman, but was still a question this season in the infield after playing in the outfield last year.

BUT OH THE WAY the infield came through. Sam Sharpe, who moved into Achelpohl's leadoff position, took over with authority and laced three singles Saturday. Smith is yet to prove himself at the plate, but has proved himself with his glove until recently sidelined by a leg injury.

And Achelpohl... well he's just been doing it all. Saturday the 5-10 third baseman from Omaha collected a double and homerun while driving in two runs.

But shaky pitching can quickly wash away a six-run lead. And that's what happened to the Huskers Saturday.

Sophomore John Husman, who wasn't moved back into the starting pitching rotation until last week against Oklahoma, ran into problems in the sixth and seventh

innings as Missouri put together back to back two-run innings.

SO SHARPE went to Cramer, the Huskers top reliever last season. Cramer appeared in 12 Big Eight games last year in recording a 5-1 record and 2.38 ERA.

But he just hasn't had it this year. And Saturday was no exception.

Trailing 7-5 going into the ninth inning, Missouri erupted for six runs off Gilmore including a grand slam homer by Chip Land.

WHY DID SHARPE stay with Cramer for so long? Why didn't he bring in Kurosaki who had pitched Friday, but who before has been used in a relief role the day after he was pitching.

"One game doesn't mean that much," said Sharpe. "Ryan's arm was bothering him and I didn't want to take a chance. I had to go with Cramer. There was nobody else."

That's been the story all season. There's been nobody on the mound in the clutch.

Nebraska sweeps Iowa State meet

Nebraska swept all three places in the 880 and won the 440 and mile relays to record an 86-59 dual track win over Iowa State at Ames Saturday. It was the final dual meet for the Huskers who head into the Big Eight outdoor meet at Stillwater, Okla. this weekend.

Police to ticket unlocked doors

OMAHA—Students and staff at the NU Medical Center had better lock doors in their area of the buildings—or they'll get a ticket from a campus security officer.

"This is in order to bolster our security program at the school," Michael Loftus, chief of security, said. He said when officers find a door unlocked, they will fill out a ticket, leave it on the door and make a note of the incident on the daily activities report.

Legislature shelves stadium expansion

Despite State Sen. Terry Carpenter's call for an immediate showdown on a resolution which would have suggested additional seating at Memorial Stadium, the resolution was shelved temporarily when it was referred to committee.

Sen. Richard Proud of Omaha, the leading opponent to the cigaret tax, made the motion to refer Carpenter's resolution to committee. Resolution 75 calls on the Board of Regents to plan for as many additional seats in the 66,000 seat stadium "as may be physically and structurally placed in the new addition."

None of the new seats would be subject to season ticket selling.
