Bicycle ride planned Sunday

A bicycle ride to raise funds for the Lancaster County Easter Seal Society is planned this Sunday at 1 p.m.

The ride, sponsored by the Arnold Air Society and Angel Flight of the University of Nebraska, is to help provide speech and hearing therapy for children through a University based clinic.

Funds will also go to aid in the purchase of hearing aids and help provide day camp experiences for handicapped children next summer.

Open to all members of the community, the ride will begin at the Student Union, travel to Greenwood and return to the University, a distance of 38 miles. Return transportation from Greenwood will be available.

Interested University students should obtain registration forms from any dorm switch-board office or at the second floor of the Military and Naval Sciences Building.

Riders then enlist friends, neighbors or businesses to sign as sponsors, promising a certain amount of money per mile. Bike riders should be at the Union by 12:30 p.m. Sunday.

The Arnold Air Society, one of the sponsoring groups, is a nation-wide professional Air

Force ROTC organization. Angel Flight is a community service organization designed to promote Air Force ROTC.

Committee looks into policies

At a retreat last weekend, ASUN's Human Rights Committee decided to look into the University's hiring policies to determine if they discriminate against minority groups, gay people and women, said chairman Ann Pederson.

Other committee projects include attempts to obtain more University married student housing to free housing for Lincoln's low-income families, she said, and the expansion of the PACE low-income scholarship program.

The committee will attempt to gain a larger commitment from the state for scholarship for low-income students, Pederson added.
