

Homecoming — Carson, KU, Crow and Love

The Cornhusker Marching Band will be playing the Blues Saturday.

Even though the Cornhusker football team is No. 1 in the nation, the band is still going to be playing the Blues—"The Birth of the Blues", "St. Louis Blues", "Swinging Shepherd Blues", "Basin Street Blues", "Rhapsody in Blue" and "Bye, Bye Blues".

This week the band will be sharing the halftime spotlight with the marching Jayhawks of the University of Kansas and with the 1971 Homecoming

Queen, who will be crowned at the intermission.

Television star Johnny Carson, an alumnus of the University of Nebraska-Lincoln, will present a football autographed by the Cornhusker football team to the queen.

Carson, formerly of Norfolk, graduated from NU in 1949 and currently is the star of the "Tonight" show on the National Broadcasting Company. His parents, Mr. and Mrs. Homer Carson of Columbus, also will attend the game.

The Homecoming Queen will be announced Friday night at the Homecoming Dance featuring Jim Webb and Crow in the Coliseum. The queen

will be selected by a student body vote Wednesday.

Members of Corn Cobs and Tassels are planning a pep rally at 6 p.m. Friday on the south side of the Nebraska Union. Those attending will march to Love Library for presentation of the trophy to the living unit which contributes the most money per member to the "Make Love Number One" fund drive.

Special arrangements are being made to permit young people 18 years of age and under to see the Nebraska-Kansas football game Saturday via closed-circuit black and white television in the Coliseum at UNL.

Tickets for the closed-circuit telecast for youth will be \$1 including tax. The tickets will go on sale at 12:15 p.m. Saturday only at the Coliseum.

The Board of Regents last Friday directed NU to provide a closed circuit telecast of the Kansas game for young people 18 years of age and under.

Dr. Miles Tommeraaen, director of business and finance, said the telecast of this game will be restricted to young people 18 years of age and under. University station KUON-TV will provide the telecast to the Coliseum. Proceeds from the sale of tickets will finance the cost of the special telecast.

The halftime performance by the K.U. band will feature a number of modern popular tunes.

The homecoming activities are sponsored by the campus spirit organizations, Corn Cobs and Tassels, who are also planning a pep rally at 6 p.m. Friday on the south side of the Nebraska Union. A special prize will be presented to the living unit raising the most money per member for the "Make Love No. 1" fund drive. The drive to benefit Love

Library has been substituted for traditional homecoming displays.

A public open house will be held in Love Library before and after the Kansas-Nebraska football game Saturday at the University of Nebraska-Lincoln.

The event is being held in conjunction with the student effort to "Make Love Number 1" in connection with the 1971 Homecoming festivities on the campus.

Staff members in Love Library decided to hold an open house to permit interested persons to tour the facility between 11 a.m. and noon Saturday and following the football game, according to Carolyn Snyder, assistant director of libraries for reader service.

Members of the library staff have developed several displays for the open house and will wear special lapel ribbons entitled "Make Love Number 1."

Kaminski criticizes Time-Out report

by Bill Smitherman

A special Time-Out Conference report by Executive Vice President for Academic Affairs Merk Hobson was criticized this week by Patti Kaminski, Time-Out coordinator.

The report, which was presented to the Board of Regents at its Friday meeting in Omaha, indicates that students who planned the conference were not in adequate contact with the University staff concerning speakers and topics at the conference.

KAMINSKI SAID this contention is not true.

"Our concern is that the committee went through a lot of procedure," she said. "We were sincerely interested in opening lines of communication. The image of non-communication that the letter gives is erroneous."

Kaminski said she feels this year's committee was involved in more communication with the University's staff than committees in past years.

It should be clear that a great deal of communication occurred in advance of the conference, she said. One of the first contacts the planning committee made was with Dean of Student Development Russell H. Brown last spring she said.

KAMINSKI SAID she and other committee members continued to meet with Brown and discuss ideas and formats for the conference. Brown left the NU staff in mid-September to take a job as vice-president for student affairs at the University of North Dakota.

Hobson's summary states that no member of the staff was advised of the specific list of speakers until Aug. 12. However, Kaminski contended that staff members had full knowledge of the committee's continuing planning.

"At no time were any speakers brought in that Peter Wirtz from the office of student activities and Gail

Dunning from the Counseling Center didn't know about," Kaminski said.

She added there were no secret dealings with any of the speakers. All of the speakers considered by the committee were mentioned in one or more meetings with staff members present, she said.

HOBSON'S REPORT says after the staff became aware of the speakers who had been scheduled the staff members attempted to assure a broader spectrum of speakers.

"Dr. Harold Grant's role as keynoter and the participation of a number of University faculty and staff members as respondents with views differing from the speakers resulted from this effort," the report says.

Calling this statement inaccurate, Kaminski said there was no kind of confrontation over the question of Grant.

Kaminski said Wirtz had met Grant at a meeting in Denver and was impressed by him. When Wirtz returned, he recommended to the committee that Grant be included in the conference, she said.

"WE LOOKED into Dr. Grant's background and decided he would be a good keynote speaker," she said. "There was no opposition to Grant and he was not a last minute addition as the report implies."

Homecoming display remains, announces community donations

A 9 ft. x 42 ft. sign on the Delta Upsilon fraternity house at 16th and Vine Streets proclaims a homecoming spirit different from the traditional one, Bruce Skinner, DU Homecoming chairman, said Wednesday.

Delta Upsilon fraternity and Delta Gamma sorority are attempting to raise money this week for the Nebraska Human Resources Foundation and the Nebraska Easter Seal Society.

"We are going to businesses in the Lincoln area and asking for \$20 contributions," Skinner said. Contributors' names will be added to the sign daily, he said.

This way everyone "can see that they support us and what we're doing," Skinner added.

Both organizations are now raising money to lease a lake on which to build camp facilities for the physically handicapped, according to Skinner.

The Easter Seal Society is raffling off Memorial Stadium.

Skinner said. The winner will receive two tickets to the Nebraska-Colorado game, a one-day lease to Memorial Stadium signed by Bob Devaney, and an autographed football, he said.

The Human Resources Foundation is selling sportswear, Skinner said.

"Saturday will be our biggest day," he said. "We will be selling \$1 raffle tickets and

sportswear in our yard and in downtown locations.

"We are open to contributions until 4 p.m. Friday and all names will be up by Saturday morning."

Skinner said that \$150 had been collected on Tuesday and Wednesday.

"We are trying to set a tradition of this type of homecoming instead of the traditional fun and games," Skinner said.
