

Rap line begins service

The University of Nebraska Gay Action Group has begun staffing a Gay Rap Line for students and members of the Lincoln community.

According to Doug Weiss, a group spokesman, the telephone will be staffed Monday thru Saturday from 6-12 p.m. in the group's office in UMHE.

Telephone number for the service is: 475-5710.

"We want to provide a means for a person to make a totally anonymous call to a person who is gay, to rap about gayness," Weiss said.

A similar telephone service was provided last year and Weiss called it "quite successful."

Weiss felt the rap line served as a "safety valve" for individuals who are emotionally troubled about homosexual tendencies.
