## Braeman challenges Thone for congressional seat

Kathy Braeman announced Wednesday that she is committed to run for the Republican nomination for the House of Representatives from the First District.

Braeman, wife of UNL history teacher John Braeman, charged that incumbent Charles Thone has a “zero per cent record on the issues that the women of this district (it includes Lincoln) feel are vital for the future of the nation and the state.”

“Thone failed to vote for an Equal Rights Amendment, he voted against a child care bill which he co-sponsored and he voted against strengthening the job discrimination provisions of the Equal Employment Opportunity Commission and to end sex discrimination in higher education,” Braeman said.

Braeman has a B.A. from Northwestern University and an M.S.A. from the University of Kansas.

# SAVE THE STUART

So they think the Stuart should be remodeled ... Then, go ahead and do it!!

First, chisel off the stone passageways from the sides. Cover the stone detail and the marble, too. Don't forget those elegant 2 1/2 ton, 16" chandeliers. Change the ceilings in the lobby, and the carpet too. Seal off the stage with a concrete wall. Close off the upper balcony seating and shield that fantastic ceiling and proscenium arch from view. Keep away the symphonies, the Broadway productions. Ask the elementary school children to watch “The Nutcracker Suite” somewhere else. When this is done, call it “The Stuart”?

No doubt they have economic reasons for this and certainly air conditioning costs have closed marginal businesses in the past. But, does all this make economic sense? Can Lincoln's Central Business District afford to lose a cultural center which would cost \$2.5 million to duplicate?

Does it make social sense when Lincoln's citizens call it “our” theatre and identify with it as they do? Maybe these men have never enjoyed the movies, the plays, the style shows, the symphonies. Maybe ... but how can they ignore those who have? We don't think they can.

To say that we can have it back at a future date is not enough. We believe it is time to say that The Stuart is worth Keeping!!

If you believe as we do, sign one of the petitions being circulated on campus, by the University Friends of the Arts, 1040 Oldfather, 472-2428.
