**KENWOOD STEREO SYSTEM AT BETTER THAN SUPERMARKET PRICES**

Supermarket prices are nothing to cheer about... in Lincoln or anywhere else for that matter. But the price on this particular Kenwood system is something to cheer about. The Kenwood 2200 AM/FM Receiver won't blow the walls off a palace but it is the perfect receiver for a dorm room or apartment. It has 30 Watts of (IHF) power and comes complete with all inputs and outputs plus a loudness switch, which allows you to enjoy two pairs of stereo speaker systems, individually or simultaneously. It also has a "mike mixing" feature which permits you to blend your own voice or instrumental accompaniment with sound from any other program source.

Comes equipped with base, dustcover (not shown in photo) and Shure M75 cartridge.

The OMEGA I speaker system is a well designed hi-efficiency two-way speaker system. It'll remake that dorm or apartment into a theatre. See a Newfangler for a demonstration of this particular system and other Kenwood systems on special. He's better known as the "Stoned Ranger".
