It is time for us all to work together for our rights. If your landlord is hassling you and you want to do something about it, call the ASUN office 12-4 p.m. daily and help with a telephone survey. The secretary will ask you some of the following questions; amount of rent, landlord name, condition of house or apartment, terms of the lease, and amount of the damage deposit. The results of this survey will help us to investigate the unfair rent practices reported in this community.
