Local projects need help

The Student Volunteer Service (SVS) needs students for summer volunteer projects. Many of the projects require a commitment of only two to four hours a week, according to Lynn Silhasek, SVS public relations coordinator.

Silhasek said they had 184 volunteers during the past year and worked with 49 community projects.

The Volunteer Service can provide transportation for a few volunteers, Silhasek said. The Student Volunteer Service is located in Rm. 200 Union (472-2486).

Some of the summer

programs are:

COUNTY EXTENSION NUTRITION TRAINING Volunteers will learn about nutrition and help teach children nutrition.

MALONE COMMUNITY CENTER Volunteers will transport members of the Senior Citizen Club from Lancaster Manor to Malone Center on Fridays. This also would involve working with crafts and games.

LINCOLN PARKS AND RECREATION DAY CAMP AND SWIMMING PROGRAM Volunteers are needed to teach

mentally retarded

children swimming lessons and work with games and crafts.

LINCOLN REGIONAL CENTER CRAFTS, TALENT GROUP AND GARDENING Volunteers are needed to teach arts and crafts. Music groups or individual performers also are needed to perform in care centers throughout Lincoln. The Regional Center needs people to teach gardening and help clinics care for a garden.

MALONE COMMUNITY CENTER The Malone Center needs volunteers to do typing and painting. Malone youths also are interested in forming a drama group and need a leader.

YOUTH SERVICE The YWCA needs volunteers to help lead group activities for underprivileged teenagers.

'Civilisation' at Sheldon

"Civilisation", Kenneth Clark's award-winning film series on the history of Western civilization will be shown at Sheldon Art Gallery again this summer. The series of 13 one-hour color films traces the development of Western civilization from the Dark Ages to the present day.

The films, which will begin tomorrow, are free. Each week's program will be shown twice, Tuesday at 7:30 p.m. and Sunday at 2:30 p.m. Two

parts of the series will appear in each program in a double feature format with a short intermission between films.

One reviewer says, "Clark shows us not only the men who gave new energy to civilisation and expanded our understanding of the world and ourselves, but also the works of genius, in architecture, sculpture, and painting, and in philosophy, poetry, and music, in science and engineering, which they produced."

THE
NEBRASKA UNION
PRESENTS
SUMMER FILM SERIES
1930's
GARY COOPER
THE VIRGINIAN

1929, 105 minutes. Starring Mary Brian, Walter Huston, Richard Arlen. Directed by Victor Fleming. During the 1930's, the Western was singing cowboys and Grade-B formulas with two major exceptions—THE VIRGINIAN and John Ford's STAGECOACH (1939) (which we are showing on July 16). Fleming's film marked the first great breakthrough of sound in the Western, establishing a mode of mystic realism.

old time newsreels will be shown

7:00 p.m. - 75 - Nebr. Union Auditorium
