

"When you carry your new stereo system out of the shop, it can be the loneliest walk in the world"

The long walk of the new stereo buyer. He's withstood all the fancy claims, threaded through the confusing specifications, and fended off the offers of great "deals." He's made his choice. Somebody's got his money, and he's got components ... for better or worse. If he changes his mind, or something goes wrong, all the claims, specifications and deals can't help. It all comes down to whom he bought the system from, and how well they'll back it up.

Stereo Studio's 10-point protection plan is designed to take the loneliness and doubts out of that last walk. You don't leave Stereo Studio with just components ... we put our 13-plus years of experience squarely behind what you buy.

- 1 3 YEAR GUARANTEE**
Stereo Studio warrants for three years from the date of purchase of any new stereo component, that the original purchaser in possession of our warranty certificate, will pay not one cent for either parts or labor in repair. (This warranty does not cover the diamond needle in a record player, except for 90 days, and does not cover equipment that has suffered damage due to misuse or mistreatment).
- 2 SATISFACTION GUARANTEED**
If, within seven days for any reason you become dissatisfied with the stereo components you have purchased from us, you can return them to Stereo Studio for a refund of the full purchase price. (Returned equipment must be in original condition with all packing material, accessories, instruction books, and with warranty cards not filled in or defaced).
- 3 PRICE PROTECTION**
If, within thirty days of purchase, you find any authorized dealer offering the same equipment with the same services for a lower published price, Stereo Studio will refund the difference. (This does not apply to differences in State or Federal taxes, and is void where prohibited by law).
- 4 EXCHANGE**
If, within thirty days of purchase, any stereo component should prove to be defective and cannot be repaired by Stereo Studio within four working days, we will give you a new unit in exchange for the defective one. (The defective unit must be returned in original condition with all packing material, accessories, instruction books. Stereo Studio must reserve the right to make adjustments where an item is not stocked at the time of exchange).
- 5 100% TRADE-IN**
If, within thirty days of purchase, you decide you like other components we stock better than those you bought at Stereo Studio, we will accept for trade-in credit any components in

- 6**
 - 7**
 - 8**
 - 9**
 - 10**
- your original purchase at 100% of the purchase price. This credit may then be applied to the list price of any unit or combination of units we stock. (Returned equipment must be in original condition with all packing material, accessories and instruction books).
- SPEAKER TRADE-IN**
If, within one year, you decide to purchase more expensive speakers, Stereo Studio will allow your full purchase price towards any more expensive speaker we carry. (Your speakers must be in new condition and must be returned with the original packing material. Reductions will be made for cabinet damage. Limited to original purchaser).
- NO HIDDEN EXTRAS**
All necessary wires and cables to make your stereo component system purchased from Stereo Studio function, are provided free of charge.
- CONVENIENT CREDIT**
Stereo Studio accepts BankAmericard and Master Charge. We can probably obtain long term (six months to three years) bank financing for you. If you decide on a system costing slightly more than you originally budgeted, we'll let you owe us the balance over a period of 90 days -- at no interest.
- LIBERAL TRADE-IN**
Any time you feel like improving your system, whether you bought it from us or not, you'll find that we offer substantial trade-in credit toward a new system.
- USED EQUIPMENT GUARANTEE**
When you buy used equipment at Stereo Studio, no matter what it is, you receive our 90 day warranty covering both parts and labor (provided that, after purchase from us, the equipment has not suffered misuse or mistreatment).

TWO OF OUR BEST BUY SYSTEMS...

System 3

LIST PRICE: 543.90
SYSTEM PRICE -
399.00

The matchless Marantz Model 2010 AM/FM Stereo Receiver is the center of the system. Its 20 watts RMS is rated with less than 1% total harmonic distortion. (As you enter the realm of state-of-the-art components like Marantz, greater expenditures purchase lower and lower distortion figures. The lower the distortion, the "cleaner" and more natural the sound). The Model 2010 has signal-strength tuning meter, gyro-touch tuning, stereo indicator light and many additional features.

The BSR/McDonald 510 A/X is actually a full-sized turntable. Damped cue and pause control make finding your favorite record selections simple, and the synchronous motor is built to keep its speed and last. The BSR 510 A/X comes complete with base, dust cover, and magnetic cartridge.

The smaller Advent Loudspeaker offers an uncommon value in sound. It has been compared favorably with speakers twice its size and price.

BSR McDONALD
ADVENT

System 4

LIST PRICE: 605.70
SYSTEM PRICE -
499.00

This medium-budget system offers greater power than System 3, and, as you would expect, even lower distortion figures and some additional convenience features.

The control center is the Marantz Model 2220 AM/FM Stereo Receiver. With utmost reliability, it offers 40 watts continuous RMS into 8 ohm speakers, from 40 Hz to 20 kHz with total harmonic and intermodulation distortion less than 0.9% (typically far below that). The professional preamp control section includes provisions for record changer, tape decks, headphones, etc. And, the 2220 includes a walnut grain cabinet.

The BSR 510 A/X automatic turntable and Smaller Advent speakers are included as in system 3. Since the Smaller Advent speakers are capable of handling the much greater power of the 2220, System 4 is capable of easily filling a medium-size room with smooth, clean sound.
