MISCELLANEOUS

Zeta Tau Alpha and Phi Kappa Phi present "The Gift of Stocking" A Christmas message Tuesday, October 24th at 9 p.m. Gift ideas, Christmas decorations, listed below.

The Encyclopedia of Philosophy

Now a complete new edition that brings the original eight volumes down to a compact four—without omitting a single word

Discussions, often controversial, span the theories of those who have an impact on philosophy—mathematicians, physicists, biologists, psychologists, sociologists, historians, and religious thinkers.

Longer articles on major topics or philosophers are frequently the equivalent of small books, e.g., a 65,000 word article on the "History of Logic".

The Encyclopedia does justice to every period of Eastern and Western philosophy, from ancient and medieval times to the twentieth century.

Recognized as the most lucid and comprehensive work on the subject, it provides general readers, students, and teachers of philosophy with a highly useful reference not easily available through other sources.

Open 8-5, Monday - Saturday

There are many good reasons for enrolling in Aerospace Studies 186 (Air Force ROTC) next semester or considering the Air Force ROTC two-year program. Some are listed below.

- SCHOLARSHIPS:** You can compete for a scholarship which provides all tuition, textbooks, lab fees, and \$100 a month, tax free.
- INTERESTING COURSES:** Aerospace Studies courses are interesting and informative. You can use them to meet elective credit hour requirements.
- TRAVEL:** Last year students in Air Force ROTC took field trips to places like Washington D.C. and Las Vegas.
- FLYING:** By enrolling in Aerospace Studies, (Air Force ROTC) courses you can, if qualified, receive free flying lessons and get a private pilot's license paid for by the Air Force before you graduate from the University.
