

# Some exceptional stereo buys to celebrate autumn (if you're looking for an excuse)

We could just say that we have some exceptionally low prices on selected special-buy components and some discontinued items, but these days you must have a reason for everything you do. So, having spotted the falling leaf at the right, we decided to celebrate autumn. So much for the excuse. Now for the good part.

You can get the complete music package shown to the right of the falling leaf for just \$219.90! The 3305 Eight-track Stereo recorder/AM-FM Stereo Radio offers continuous or repeat play for cartridges, automatic stop at end of recording, fast wind for program search, stereo headphone jack, phono and microphone inputs.

The accompanying 8401 Automatic Full-Size Record changer offers automatic or manual play and shut-off at 4 speeds, with plastic dust cover.

The speakers, by Westek, come in your choice of Sunset Orange, Monaco Brown, Tahitian Blue or Midnight.

You can buy the system with or without the stereo cart and headphones. If you buy it with, you get the cart and headphones, which list at \$30.90, for \$19.95.

Now, browse below through some of our other autumn specials.
