(THE PRIZE)

## THE UNABASHED REASONS FOR THE PRIZE....

### System 1

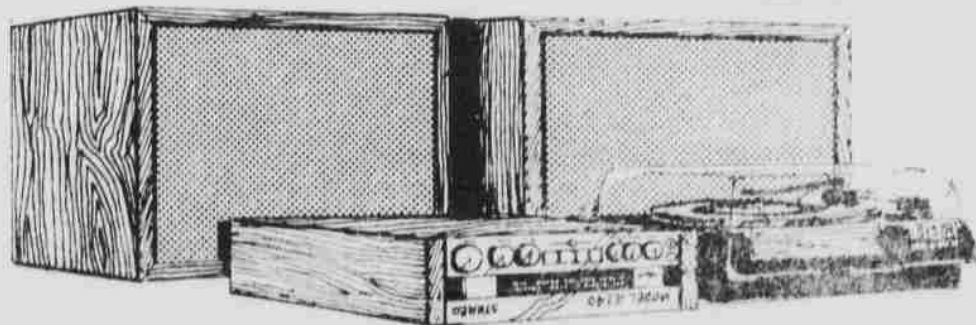

A music system designed for the person just getting into components with a modest budget. The control center is the Superscope R330 Receiver. An AM/FM Stereo receiver, the R330 offers 18 watts RMS (the most conservative, reliable power rating — the only one we use at Stereo Studio). The R330 offers an array of convenience features like precision rectangular pushswitches, balanced flywheel tuning, and a professional-style sliding graphic balance control. Front panel glows in warm magenta.

The turntable is the new BSR/McDonald 260 A/X, complete with bass, dust cover,

and ADC input. Speakers are in Orange, Maroon, or Tahitian blue.

List price 289.90 **SYSTEM PRICE 239.00**

### System 2

For the starter with a bit larger budget, we offer the Superscope R340 AM/FM Stereo Receiver which delivers 24 watts RMS. Built-in Guard circuitry lets you enjoy the experience of processed four-channel sound from your regular components. you can adapt easily to other four channel components.

The turntable is the best-selling BSR/McDonald 310 A/XE, with magnetic cartridge, felt tip stylus, cueing lever, base and dust cover.

The Harman-Kardon HK20 speaker offers a virtually flat response across the audible frequency range.

Our pathetically disguised ulterior motive is to get you to set foot, perhaps for the first time, in our showroom. At Stereo Studio, you will find the top name brands in stereo components, backed by our 10-points protection plan which includes a three-year warranty on parts and labor. (A copy of the plan in detail, is waiting for you at Stereo Studio). Three of our best-buy stereo systems are shown here to give you an idea of what you'll find at Stereo Studio besides free headphones.

### System 3

A medium budget system, this one features the matchless Marantz Model 2010 AM/FM Stereo Receiver, with 20 watts RMS rated with less than 1% total harmonic distortion. The 2010 has signal-strength tuning meter, gyro-tune tuning, stereo indicator light and many additional features.

The BSR/McDonald 510 A/X is a shully a full-sized turntable, with damped cue and pause control, base, dust cover and magnetic cartridge.

The smaller Advent Loudspeaker offers an uncommon value in sound, as *Time* magazine said, "In respect to balance, low frequency solidarity, clarity and definition, the Smaller Advent ranked with some of the best...."
