

College advisory sessions scheduled

UNL colleges are sponsoring information and question-and-answer meetings today and Thursday for students undeclared in majors or colleges, according to Academic Services Advisor Mar Cunningham.

Cunningham said the meetings would give an undeclared student a chance to obtain information on college requirements and on what job opportunities are available for certain majors.

She said about 850 information cards have been sent to undeclared students. The College of Arts and Sciences will have its only session on Wednesday, she added.
